Youth and play provision in Clapham

Lambeth is a "young" borough with more than 57,000 children and young people. There are already 30 youth clubs and 12 adventure playgrounds, as well as a wide range of activities run by voluntary groups, supported by the council. This leaflet lists the services that are based in the Clapham town centre. A directory of all the youth services in Lambeth will be available in the coming months.

In the Clapham town centre, we have a mix of culture and diversity, where young people and their families live and work in harmony. At present we have one adventure playground, one youth centre, one detached team, all run by the council.

There is other youth and play provision available as you will see from this leaflet - some of these are fee paying while other are free to young people and their families. The fee paying activities are usually managed by the voluntary groups made up from housing tenants' associations, churches, schools, and so on, all working in partnership with Lambeth Council to achieve the same goal - a better and safer place for all to work and play.
