

## Short CPD Course

Course Title	Using data and research to drive school improvement
Brief Description	<p>This session looks into what the data tells us about attainment in your school including good practice in driving school improvement. It looks to answer, in detail, a number of questions that are useful for school leaders and governors including:</p> <ol style="list-style-type: none"> <li>1. What does the attainment data tell us about your school?</li> <li>2. What does the contextual data tell us about the achievement gap for disadvantaged, EAL and BAME pupils?</li> <li>3. What are the overall strengths and areas of development?</li> <li>4. What does research tell us about effective interventions and strategies to drive improvement?</li> <li>5. What can be done to improve and close the gap in your school?</li> </ol>
Target Audience	School Leaders, Teachers and Governors
The Format of the Session:	<p>The session is interactive and includes presentations, a practical exercise, question and answer times and open discussion. At the end of the sessions, participants will:</p> <ul style="list-style-type: none"> <li>• Know what the data tells us about attainment in your school and the achievement gap</li> <li>• Know the factors that contribute to driving school improvement</li> <li>• Know proven targeted interventions and strategies.</li> </ul>
Course materials	<p>The session covers in detail evidence from your school data including your school profile, contextual data and value-added data.</p> <p>It also uses the following research evidence to share good practice:</p> <ul style="list-style-type: none"> <li>• Demie, F. and Mclean C. (2019). Tackling Educational Disadvantage: What works in schools</li> <li>• Demie, F. (2020). What works in driving school improvement: Lessons from London schools</li> <li>• EEF (2019). Toolkit: Teaching and Learning, Education Endowment Fund.</li> </ul>
Venue	Your school or venue tbc
