

Proposed Controlled Parking Zone

Zone G – Streatham Hill West

Implementation

Lambeth

Issue Date: 8 August 2018

Dear Resident/Business

The purpose of this leaflet is to let you know the outcome of the statutory consultation carried out in February/ March 2018, and to inform you of the Council's decision on the proposed 'G' Controlled Parking Zone (CPZ). All representations received along with officers' recommendations were presented in a report to be considered by the Council. After careful consideration a decision has been made to proceed with the implementation of the proposed 'G' CPZ. The report, the Council's decision and plans detailing the proposals can be viewed online at www.lambeth.gov.uk/shcpz.

What Happens Next

The final Traffic Management Orders (TMOs), which allows the restrictions to be implemented and administered, will be published in the London Gazette and the local newspaper (Lambeth Weekender) shortly. Notices will also be placed on lamp columns in the affected area.

Finally, we would like to thank everyone for their participation and feedback during the consultation process.

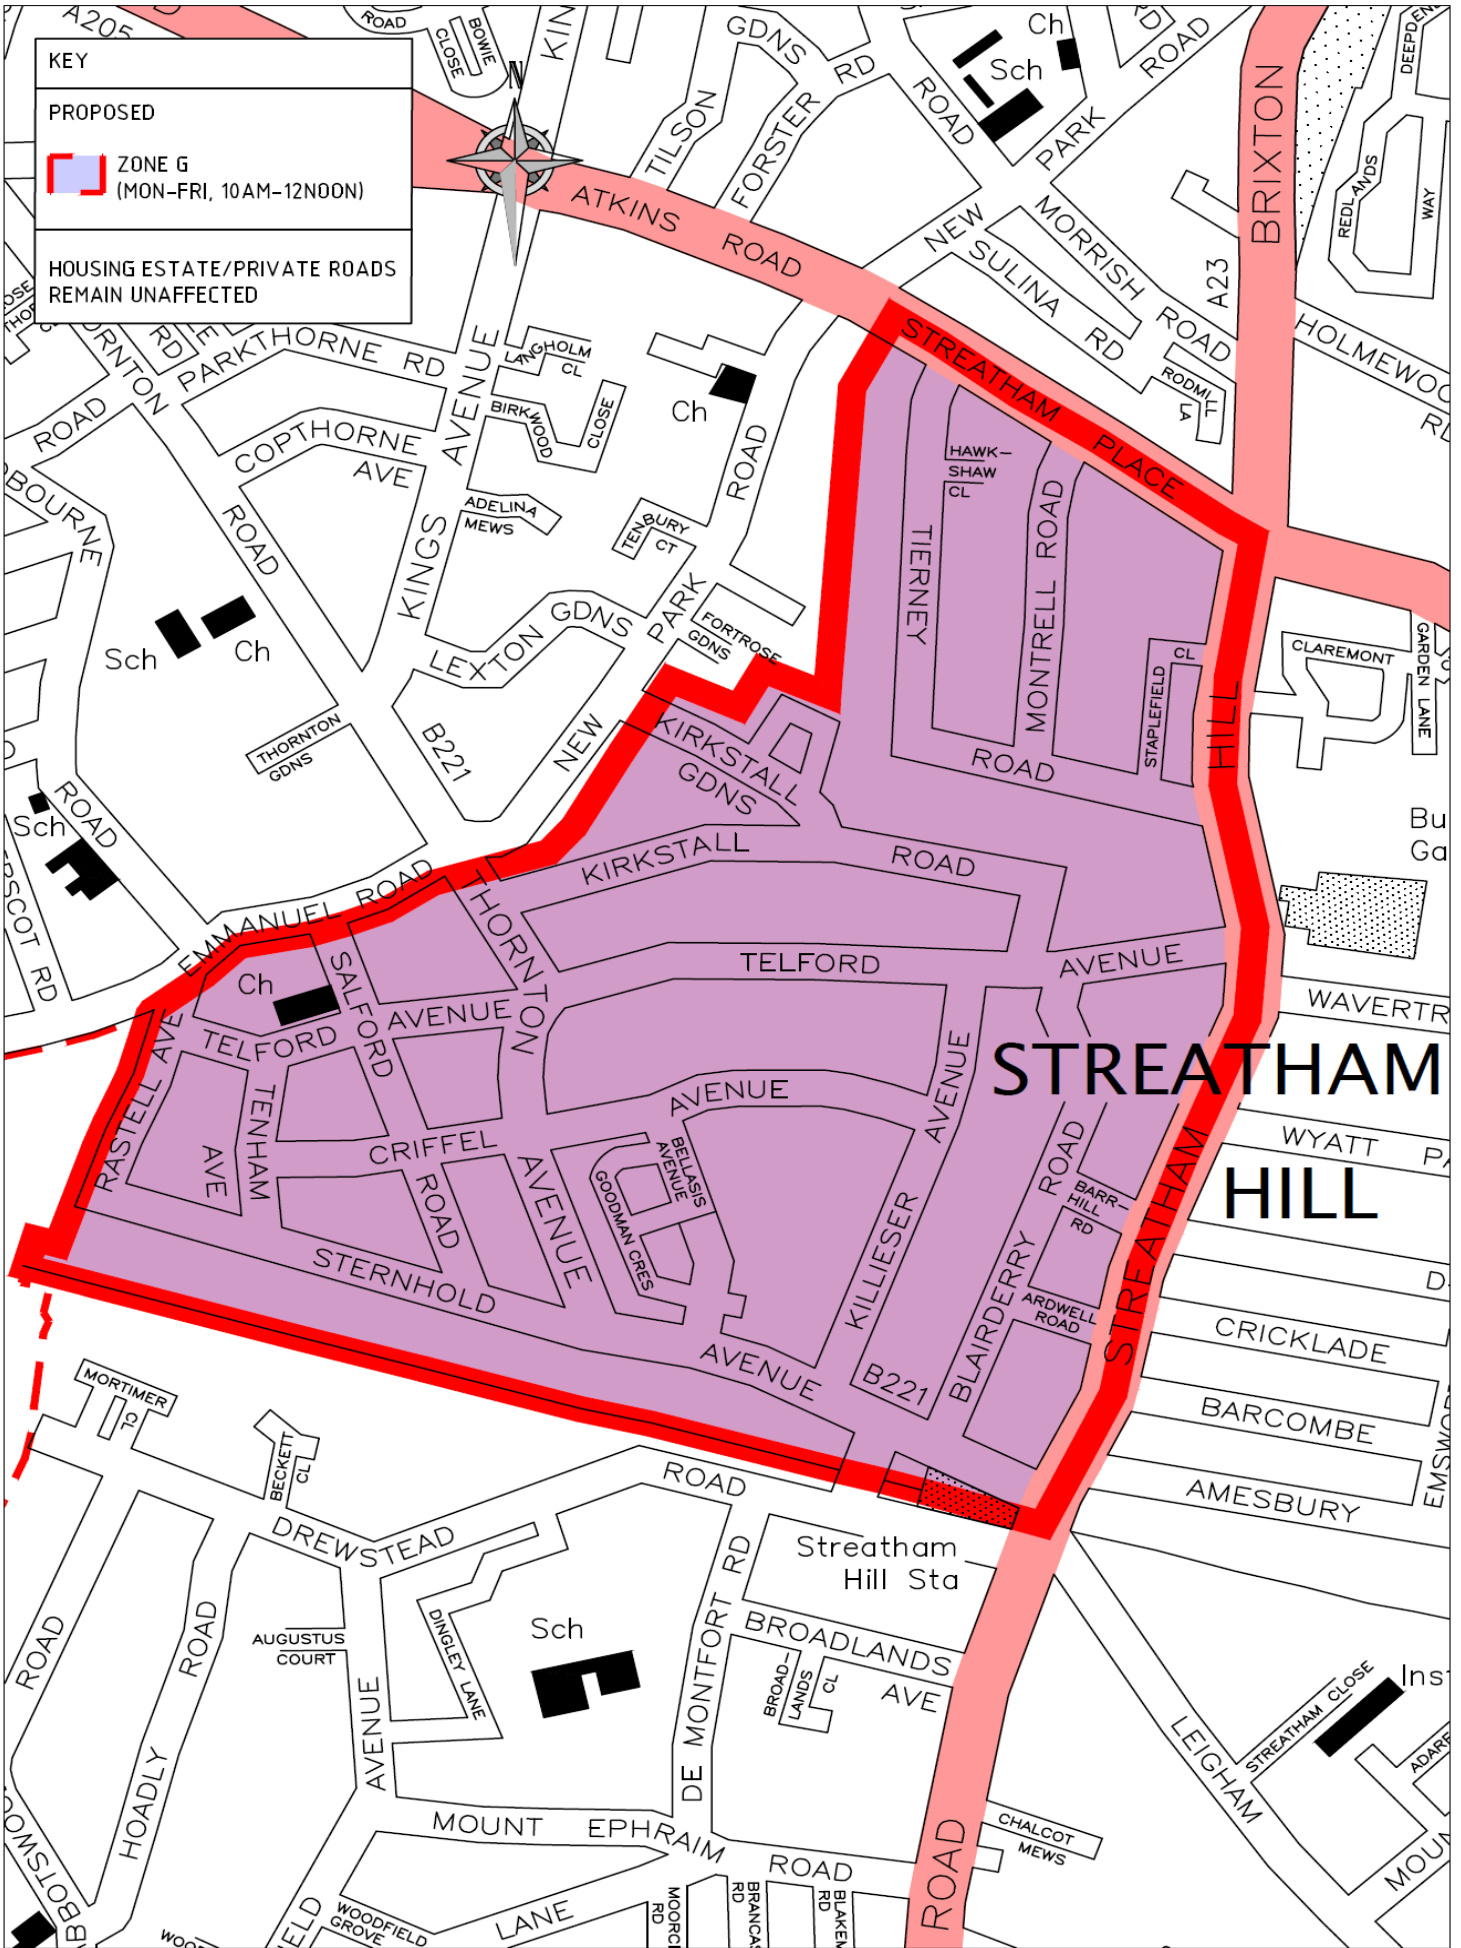

Implementation Works

The lining and signing works to introduce the new Streatham Hill West Zone 'G', the Thornton Zone 'R' extension and the waiting restrictions on the east side of Streatham Hill will be carried out by our contractor **CVU** (Colas VolkerHighways URS) on behalf of the Council. It is anticipated that the first phase of works which consists of installing post and signing will commence on **13 August 2018**, with the more invasive lining works commencing on **28 August 2018** for a period of 4 weeks. The works for your (Zone G) area should take 10 - 15 working days to complete, weather permitting.

Works will generally be carried out Monday to Friday between 8am and 4.30pm, some weekend works may take place if necessary. Warning notices and 'No Parking' cones will be placed in your road 12 – 48hrs prior to work being undertaken to indicate the areas/roads where parking will be prohibited. We are intending to carry out lining works on 2/3 roads per day, and therefore will require all vehicles to be removed from the carriageway, with the exception of existing disabled bay users who may still use their bays in the normal way. This will allow for the lining works to proceed efficiently allowing a smooth transition of the works without delays. In order for the works to be carried out as quickly as possible, temporary parking restrictions will be introduced to prevent vehicles from obstructing the work. Offending vehicles run the risk of receiving a penalty charge and possible relocation.

Vehicles are allowed back onto the road once the lining work is complete or after the working day. Warning Notices will be put in place in the area to notify all road users when the zone becomes operational, which is envisaged to be **01 October 2018**, subject to change.

The Council is conscious of the inconvenience and the disruption that this work may cause and will endeavour to keep the impact to a minimum. We apologise in advance for any inconvenience that may be caused by these works.

Any resident living in or business located in a CPZ who owns a car and wants to park on the public highway during the hours of control will need to purchase a parking permit.

Residents will also be able to buy visitor vouchers for their guests to be able to park in designated bays.

Any persons visiting the neighbourhood to access shops or services can make use of short term parking provisions, which means they pay only for the time they're parked in the area.

If you intend to park your vehicle off street on your driveway/private property you would not require a parking permit.

Where can I park?

Vehicles with a valid Zone 'G' permit will be able to park in marked bays on the public highway within the entire Zone 'G' as shown in the plan opposite. Check signs before parking.

How do I apply for a parking permit/vouchers?

All information relating to parking permits/vouchers, such as the pricing structure and the application process are on the Council website at the following link www.lambeth.gov.uk/parking-permit.

The quickest and easiest method to apply for a permit is to complete an online application. However, if you prefer to complete a permit application by post or in person, please call the Lambeth Contact Centre on 020 7926 9000 for further information or to book an appointment. Please note that permit applications cannot be submitted until **01 September 2018**.

Pay by Phone

The Council is introducing this zone without any pay and display machines. The alternative to pay and display will be to Pay by Phone. Pay by Phone allows users to pay to park in a certain location by calling, texting or using the mobile phone application.

Further details on Pay by Phone can be found using the following link, www.paybyphone.co.uk

Who can I contact regarding the implementation of the CPZ

Lambeth Council's Parking Design Team will be able to assist with any query relating to the design of the zone. Please email cpzconsultation@lambeth.gov.uk.

For all queries relating to Parking Permits and Enforcement please call Lambeth Contact Centre on 020 7926 9000.

Our contractor, CVU will be able to assist with any queries relating to the contracting staff on site doing the lining or signing works by contacting their Control Centre on 0845 266 8880.
