

## Emission Price Plan

### Emissions (CO<sub>2</sub> g/km)/Engine size (CC) charging rules

**CO<sub>2</sub> (g/km)** can be found at section V7 under vehicle details on your V5/C (vehicle registration document).

**Cylinder Capacity (CC)** (engine size) can be found at section P1 on your V5/C

**Petrol/diesel (heavy oil) and bio-diesel** - If your vehicle was registered before 1st of March 2001 then the band that your vehicle falls into will be determined by engine size i.e. the CC

**Petrol/diesel (heavy oil) and bio-diesel** – If your vehicle was registered after 1st of March 2001 then the band that your vehicle falls into will be determined by emissions i.e. CO<sub>2</sub>

**Alternative fuels including hybrids** – If your vehicle was registered before 1st of March 2001 then the bands that your vehicle falls into will be determined by engine size. Due to the fact that it is considered to be cleaner than its petrol/diesel equivalents it will fall discounted to one band lower e.g. a vehicle with a CC greater than 3000 would fall into band 5 rather than band 6. Alternative fuels including hybrids – If your vehicle was registered after 1st of March 2001 then the band that your vehicle falls into will be determined by emissions i.e. CO<sub>2</sub>. If your V5/C does not list any emissions please call 020 7926 9000 to determine the price band.

**Electric cars (not hybrids)** – If your vehicle was registered before 1st of March 2001 then the bands that your vehicle falls into will be determined by engine size. Due to the fact that it is considered to be cleaner than its petrol/diesel equivalents it will fall discounted to one band lower e.g. a vehicle with a CC greater than 3000 would fall into band 5 rather than band 6. If your V5/C does not list a CC please call 020 7926 9000 to determine the price band.

**Electric cars (not hybrids)** – If your vehicle was registered after 1st of March 2001 then the band that your vehicle falls into will be determined by emissions i.e. CO<sub>2</sub>. If your V5/C does not list any emissions please call 020 7926 9000 to determine the price band.

**Foreign registered vehicles** – These will always be priced in band 4. Please also note that foreign registered vehicles will only be issued with a maximum of 6 months worth of permits, after this no other permits will be issued until the car is registered and taxed in the UK.

**Other vehicles** – we are aware that there are some exceptions to the above e.g. LGVs, Euro 4 LGVs and certain alternate fuels and if your vehicle does not fall neatly into the above categories then please either contact us on 020 7926 9000 or call into the Lambeth Contact Centre or one of our parking shops which are listed in the FAQ section of the application form. Please note - if your engine has been converted since manufacture this conversion must be updated and reflected on your V5/C (vehicle registration document).

## **Index**

<b>Band</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>
<b>CO2</b>	Up to 100	101 – 120	121 - 165	166 - 185	186 – 225	+ 225
<b>CC</b>	n/a	n/a	Less than 1550cc	1550-3000cc	n/a	Over 3000cc

<b>Band</b>	<b>12 month permit</b>	<b>6 month permit</b>	<b>3 month permit</b>
1	£36.59	N/A	N/A
