

EDUCATION STATISTICS

2011-12

INTRODUCTION

This is the fifteenth edition of the Lambeth "Education Statistics", providing statistical data on the Education Service within the borough.

Everyone now realises how important it is to measure performance by objective means. Statistical measurements can never tell us everything about the effectiveness of a service. However, they can help us to judge progress, to question our use of resources and to compare what we are doing with the achievement of others in our quest for constant improvement. Better statistics lead to better performance management. It is at the heart of what local authorities can do to support educational achievement.

In Lambeth, we are committed to making ourselves a questioning and a learning local authority. We hope this document will enable those in schools and other services to make better judgements about their own performance and to set targets for improvement. We intend that this data will also inform every aspect of our work and the decisions that the Council makes.

This data will help the service to manage performance better and to make best use of resources in addressing issues of pupil achievement.

CONTENTS

	Page
1. Lambeth Population	
Population trends and projections	1
Population projections by age group	1
Population projections by ethnic group	2
2. School Population	
Numbers of Pupils & Establishments	3
Pupil Rolls	3
School Rolls: by School Type	4-6
School Rolls: by Year Group and School Type	7-9
School Rolls: by Year Group, Gender and School Type	10-12
3. Resources in the Education Service	
Primary and Secondary Schools Budget Share	13 & 14
Qualified teaching staff	15
Class Size	15
4. Attendance and Exclusions	
Pupil Absence & Attendance: Primary & Secondary Schools	16-19
Exclusions by type of school	19
5. Social Characteristics of Pupils	
Socio-Economic Factors: By School	20-22
Ethnic Background of Pupils	23-25
Stages of Fluency in English	26
Main Languages spoken	27-29
Free School Meals Eligibility	30
Special Educational Needs	31 & 32
6. Pupil Achievement	
National Curriculum Terms	33
Achievement at the Early Years Foundation Stage	34-36
Achievement at Key Stage 1	37-45
Achievement at Key Stage 2	46-68
Achievement at Key Stage 3	69-73
Achievement at Key Stage 4 (GCSE)	74-86
Achievement at A/AS Level and Equivalent	87-89
Level 2 and Level 3 Achievement by age 19	90
Key Stage 1-4 Performance Trends	91-93

LAMBETH POPULATION

Lambeth Population Trends and Projections 1901 - 2021

Year	Population 000s
1901	384
1911	408
1921	419
1931	421
1939	391
1951	347
1961	342
1971	308
1981	244
1991	245
2001	273
2011	303
2021	332

Sources: 1901 to 2001 data is from ONS Census Collections, 2011 and 2021 data are GLA (Greater London Authority) Population Projections produced in 2010

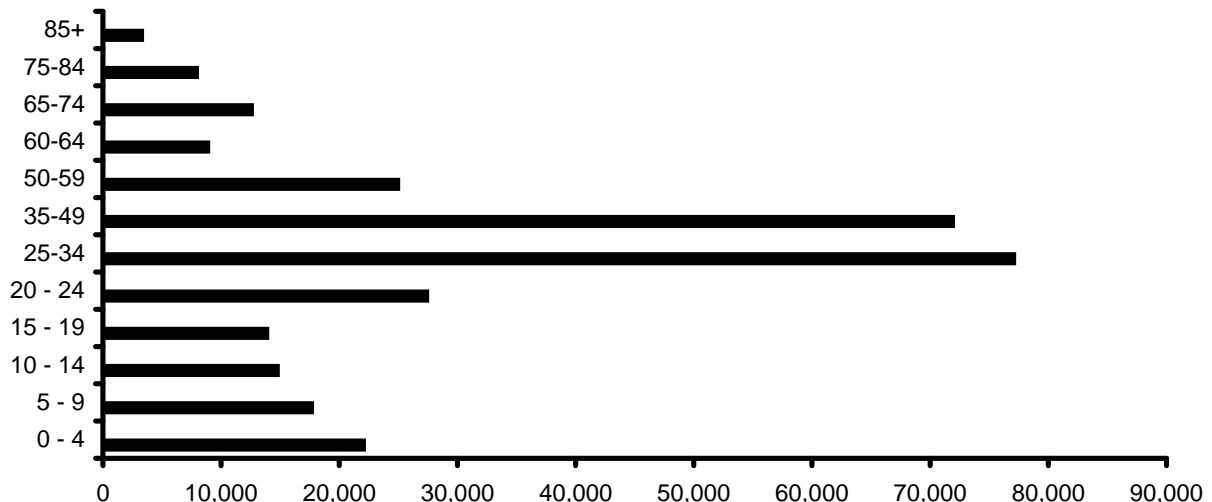

Borough Population by Age (GLA projections for 2011)

Age	Total Persons
Total	303,460
0 - 4	22,147
5 - 9	17,763
10 - 14	14,860
15 - 19	13,963
20 - 24	27,495
25-34	77,172
35-49	71,996
50-59	25,048
60-64	8,969
65-74	12,659
75-84	8,024
85+	3,367

The Lambeth estimated resident population for 2011 uses projections produced in 2010 by the GLA Data Management and Analysis Group (DMAG).

The aggregate of the age bandings does not equal the total due to rounding

Borough Population (GLA Projections for 2011)

SCHOOL BUDGET SHARE

Primary Schools Budget Share, 2012-13

The following information must be taken into account when interpreting this data:

-The primary roll figures are FTEs (Full Time Equivalent) with part-time pupils counted as 0.5 of a pupil, and do not include pupils in special units within certain schools.

-The total budget figures shown **do not** include the following payments: funding for special unit pupils; or National Non-Domestic Rates (NNDR) costs.

-Funding is dependent on a range of factors, such as the number of pupils on roll, the proportion of the school roll who are classified with SEN (special educational need), and the prior attainment profile of a school's pupils.

School	2012/13		
	Pupil Roll (FTE)	Total Budget	Budget per Pupil
Allen Edwards	388.0	£2,221,123	£5,725
Archbishop Sumners CofE	226.0	£1,402,671	£6,207
Ashmole	202.0	£1,180,854	£5,846

Secondary School Budget Share, 2012-13

The following information must be taken into account when interpreting this data:

-All figures shown relate to pupils of compulsory school age only. Post-16 provision is funded separately by the Education Funding Agency (EFA) and is not included here.

-The total LA budget figures shown **do not** include payments for National Non-Domestic Rates (NNDR) costs.

-Funding is dependent on a range of factors, such as the number of pupils on roll, the proportion of the school roll who are classified with SEN (special educational need), and the prior attainment profile of a school's pupils.

School	2012/13		
	Pupil Roll (excluding 6th Forms)	Total Budget (LA funding only)	Budget per Pupil
Archbishop Tenison's	466	£3,435,177	£7,372
Bishop Thomas Grant	905	£6,191,636	£6,842

Source: DfE Primary School Performance Tables.

Overall absence includes authorised and unauthorised due to reasons such as: sickness, religious observance, work experience, fixed exclusion, authorised annual holidays or other good reason e.g family bereavement.

Figures here relate to the attendance records for day pupils of compulsory school age (Autumn term 2010 and Spring term 2011 combined)

Persistent absence - The DfE recently reduced the threshold at which a pupil is classified as a persistent absentee. It is now defined in terms of those missing around 15% overall attendance, down from around 20% of overall attendance. For this year, they have published the old definition alongside data for the new one. The persistent absence threshold for Autumn and Spring 2010/2011 equates to 38 or more half-day sessions, and 52 or more half-day sessions under the old definition.

Permanent Exclusions from School, 2006-2011

Type of School	2005-06	2006-07	2007-08	2008-09	2009-10	2010-11
Primary	18	8	11	10	19	9
Secondary	9	26	43	45	43	11
Special	2	3	2	1	1	0
Total	29	37	56	56	63	20

Source: DfE PLASC 2005-2006 & Schools Census 2007 onwards

The mechanism for reporting permanent exclusions for the previous academic year changed in 2008, from an annual to a termly report. This, to some extent, explains the differences between the 2005-06 and 2006-07 figures.

The lower figures in 2010-11 for primaries and secondaries are in part due to academies data not being included.

Total SEN figures may not equate to their constituent parts due to rounding.

NATIONAL CURRICULUM TERMS AND DEFINITIONS

1. The National Curriculum

Pupils aged 5 - 16 in state schools must be taught the National Curriculum. This is divided into four "key stages", which depend on children's ages.

Year Group	Foundation	1	2	3	4	5	6	7	8	9	10	11
Age of pupils at end of year	5	6	7	8	9	10	11	12	13	14	15	16
KEY STAGE	EYFS	KEY STAGE 1		KEY STAGE 2				KEY STAGE 3			KEY STAGE 4 (GCSE)	

EYFS = Early Years Foundation Stage

Levels of Achievement

The National Curriculum sets standards of achievement in each subject for pupils aged 5-14. For most subjects, the levels range from 1-8. Pupils climb the levels as they get older and learn more.

Most 5 year olds are expected to achieve 78 points or more across all 13 scales, with 6+ in both the CLL and PSE scales.

Most 7 year olds are expected to achieve Level 2B

Most 11 year olds are expected to achieve Level 4

Most 14 year olds are expected to achieve Levels 5 or 6

Pupils must take national tests at the end of each key stage. These show a pupil's performance in selected parts of a subject on a particular day. At Key Stage 1 prior to 2005, pupils were tested in reading, writing and mathematics. In 2005 this changed so that teacher assessments in these subjects were reported, underpinned by the tests. At Key Stage 2 pupils are tested in English and mathematics (the science tests were discontinued in 2010) and Key Stage 3 are now wholly teacher assessments. These tests and assessments give a measure of how pupils and schools are doing, compared with national standards in these subjects.

2. Social Factors Influencing Performance

Research conducted over many years has shown that a pupil's background and circumstances can have an effect on performance. The tables and graphs on the following pages show the performance of pupils in Lambeth schools for each of the key stages. Some of the factors that Lambeth considers when looking at performance include:

Gender

Girls tend to do better than boys in all the key stages. This is especially noticeable in English.

Free School Meals

Previous research has shown a link between social deprivation and performance. Lambeth, in common with many other LAs, uses eligibility for free school meals as a proxy indicator for deprivation.

Fluency in English

Lambeth uses a London wide scale to describe the fluency levels of pupils whose first language is not English. "Stage 1" pupils are beginners, "Stage 2" pupils are becoming familiar with English, "Stage 3" pupils still need some support with English and "Stage 4" pupils are fully fluent in English. "Stage 5" refers to pupils who only speak English.

Ethnicity

Both National and Lambeth research has shown differences in educational achievement when ethnic background is examined. Lambeth collects ethnic background information using 21 categories, which best cover the diverse background of the borough.

Note of Caution

The tables on the following pages show the number of pupils in each category. Care should be taken when interpreting categories where the numbers are small, as the results can be distorted dramatically by the effects of very few pupils.

The percentages shown use the 'Pupils Eligible for KS2' as the denominator.

Key Stage 1 attainment refers to pupils' prior attainment in the previous key stage. Low attainers were pupils below level 2; middle attainers were at level 2; and high attainers were above level 2.

"~" denotes schools who boycotted the KS2 tests in 2010.

n/a = data not available

Two levels progress from KS1 to KS2 e.g. level 2 to 4, is the typical expectation for all pupils nationally.

The Lambeth and national figures use a different methodology to the school-level calculations. Please refer to the DfE - http://www.education.gov.uk/schools/performance/primary_11/p4.html - for further information.

The government assesses maintained mainstream primary schools' performance against defined floor standards. Considered against these, a school would be seen as underperforming if:

- fewer than 60% of pupils at the end of Key Stage 2 (KS2) achieved level 4 or above in both English and maths; and
- their performance was below the national median in English (the 2011 figure being 87%); and
- their performance was below the national median in maths (the 2011 figure being 86%).

Schools are only included in these calculations if they have 11 or more pupils and if they have published results for all three measures above.

"<" denotes a school had 10, or fewer, pupils eligible for KS2 assessment at the time of the tests.

"~" denotes schools who boycotted the KS2 tests in 2010.

n/a = data not available

Average point scores shown here are calculated using the individual point scores achieved by pupils in English and maths e.g. where a pupil gained 27 and 33 points in the two subjects, their APS is 30 - where the aggregate (60 total points) is divided by the number of subjects (2). School APS figures are the aggregate of pupil point scores, divided by the total number of subjects taken.

Source: DfE Primary School Performance Tables

The following notes have been taken directly from DfE performance tables guidance - http://www.education.gov.uk/schools/performance/primary_11/index.html

Raising the attainment of children with the most deprived circumstances is a Government priority. The pupil premium guarantees additional funding for schools with children eligible for free school meals (FSM), children looked after (CLA) and children of service personnel.

These measures show how the performance of deprived (or disadvantaged) pupils (defined as FSM and CLA) compares against other pupils in a school. Readers will be able to see whether there is any gap in performance and, in due course, whether any gap has closed over time.

SUPP (suppressed) = if the number of pupils who are either FSM eligible or continuously looked after for 6 months totals fewer than 6 then any indicator relating to FSM/CLA or non-FSM/CLA will be suppressed. In his 2011 report on Key Stage 2 assessment, testing and accountability, Lord Bew took account of feedback from schools in relation to the use of small numbers in accountability.

SUPP is shown where the KS1-2 matched cohort is only composed of 5 or fewer pupils.

Terms used and their definitions

KS1-2 value added measures. Each pupil's value added score is based on comparing their KS2 performance with the median - or middle - performance of other pupils with the same or similar results at KS1. The individual scores are averaged for the school to give a score that is represented as a number based around 100. This indicates the value the school has added, on average, for their pupils. Three VA measures are published, one combines English and maths (the Overall measure), with English and maths measures also published separately.

Confidence Limits. These denote a range of scores within which we are statistically confident that a school's true VA score will fall, and are always centred around the school's VA score. For example, for a VA score of 101, if the difference between the upper and lower limits is 2 points, the range (or interval) goes from 99 to 103. The size of the interval is determined by the number of pupils in the KS2 cohort. Smaller schools have wider intervals as fewer pupils means there is less evidence on which to judge the school's overall effectiveness.

Coverage indicator. This shows the proportion of pupils eligible for KS2 assessment that were included in the value added calculation. A low indicator means information was not available to calculate the value added for a large proportion of a school's pupils, and so these pupils could not be included in the value added calculation.

How to interpret a school's value added measure

Scores above 100 represent schools where, on average, pupils made more progress than similar pupils nationally, whilst scores below 100 represent schools where pupils made less progress. For example, a measure of 101 means that, on average, each of a school's pupils made one term's more progress between KS1 and KS2 than the median for pupils with similar attainment at KS1. Conversely, a score of 99 means a school's pupils made a term's less progress.

To judge a school's effectiveness, both the VA score and the confidence limits need to be taken into account. If the whole range of the confidence interval is above 100 i.e. the lower limit is above 100, we can say the school score is *significantly above* the national average. In this instance we can be confident the school is helping its pupils make better than average progress. Conversely, when the entire range of the confidence interval is below 100 i.e. the upper limit is less than 100, we can say the school score is *significantly below* the national average. The third scenario is where the confidence interval straddles the national average of 100 i.e. the school is not significantly different from the national average. In other words, we cannot confidently say the school's VA score is definitely above or below the national average.

The table below shows percentiles for the KS1-2 Overall VA measure. They illustrate the distribution of scores and show where schools can be placed nationally compared to others.

101.8 and above	100.2 to 100.6	99.7 to 100.1	99.3 to 99.6	98.3 to 99.2	Below 98.3
Top 5% of schools nationally	Next 15% of schools nationally	Middle 20% of schools nationally	Next 15% of schools nationally	Next 20% of schools nationally	Bottom 5% of schools nationally

Terms used and their definitions

Pupil progress - The Government expects the majority of pupils to make at least expected progress in English and, separately, in maths between the end of KS2 and the end of KS4. Expected progress is defined as pupils achieving a level 4 in English or in maths by the end of KS2 achieving at least a C grade GCSE in that subject.

VA score - this is based on a pupil's "best eight" results, with bonuses awarded for achievements in English and maths. The resulting score is a number based around 1000, with the national outcome being 1000.

Confidence Intervals - This refers to the range of scores (defined by an upper and lower limit) within which we can be statistically confident the CVA measure represents the overall effectiveness of a school. This relates to the size of the cohort i.e. the smaller the cohort, the larger the range will be and the less confidence can be placed on the CVA measure as an indicator of whether a school's effectiveness is significantly above or below average.

The coverage indicator - This shows the proportion of pupils at the end of KS4 (irrespective of their age) who were included in the value added calculation. It also gives some indication of schools where the value added measures may be unrepresentative. A low indicator means information was not available to calculate the value added for a large proportion of a school's pupils, and so these pupils could not be included in the calculation.

How to interpret a school's value added measure

Scores above 1000 represent schools where students made more progress, on average, than pupils nationally. Scores below 1000 represent schools where students made less progress.

For each of the KS4 VA measures, a measure of 1006 means that on average each of the school's pupils achieved the equivalent of one GCSE grade higher in one subject than the average attained by similar pupils. A score of 1048 means that on average each pupil achieved one GCSE grade higher in each of their best eight subjects than the average attained by similar pupils. Conversely, a score of 994 means that the school's pupils achieved one grade lower in one subject on average, while a score of 952 means that pupils achieved on average one grade lower in each of their best eight subjects.

Average grades are based on the average points score, and are seen as a more meaningful indicator to the public than APS. As an example, a C- = 37.0 to 38.9; C = 39.0 to 40.9; C+ = 41.0 to 42.9. For more detailed information and for all the grade thresholds go to http://www.education.gov.uk/schools/performance/secondary_11/documents.html

National (all schools & FE)	-	-	745.9	216.2	82.1%	94.0%	99.9%
National (excl independants)	-	-	728.2	213.1	80.9%	93.6%	99.9%

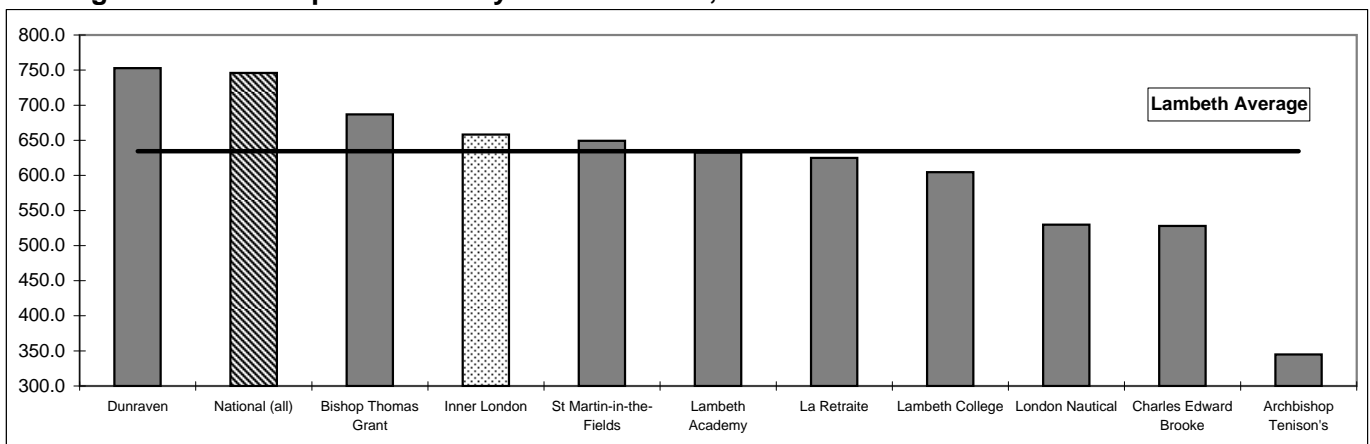

"<" denotes the school or college has 10 or fewer students in a particular performance indicator. Results are not shown because of the risk of an individual student's results being identified.

"-" or "n/a" denotes data is not available.

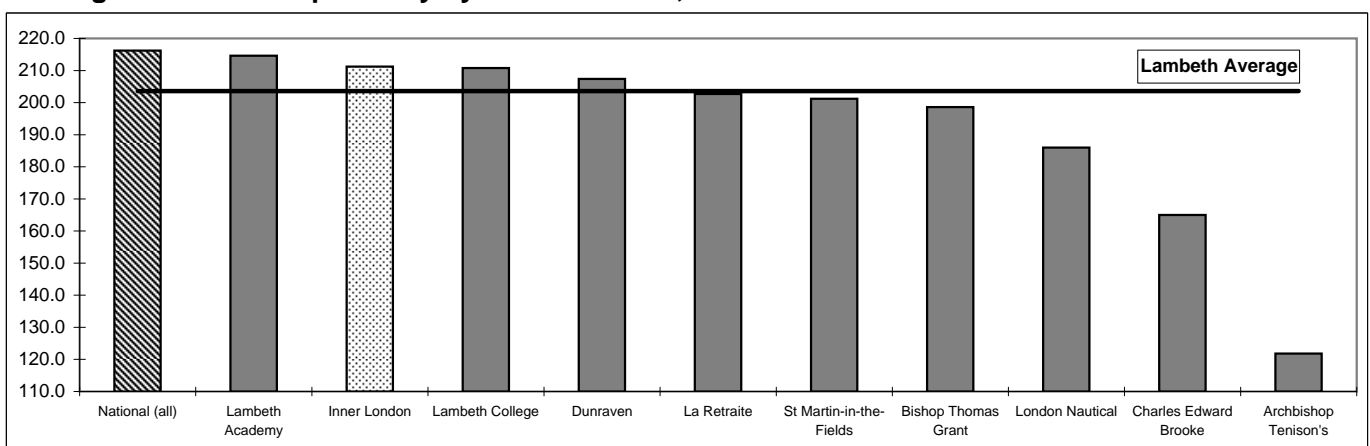

APS = Average Points Score. The DfE method of scoring qualifications was changed in 2006 to enable the inclusion of a wider range of vocational options. Each qualification is allocated an 'equivalence' which relates to the size and challenge a qualification poses compared to an A Level. The UCAS points tariff still exists for entry into the HE sector.

The Lambeth and Inner London figures include all providers. The National data is shown twice, once for all providers (all schools and FE colleges) and secondly excluding independent schools.

"<" denotes the school or college has 10 or fewer students in a particular performance indicator. Results are not shown because of the risk of an individual student's results being identified.

"-" denotes data is not available.

The Lambeth and Inner London figures include all providers. The National data is shown twice, once for all providers (all schools and FE colleges) and secondly excluding independent schools.

The points tariff enables all level 3 qualifications to be reported, not just A/AS levels. Each qualification is calculated as an equivalence to an A-level and allocated a comparable point score. The table below illustrates the equivalence concept, and shows the point score for each grade.

A-level Grade	Points	BTEC National Cert (equivalent to 2 A-levels)	Points
A*	300	n/a	n/a
A	270	DD	540
B	240	DM	480
C	210	MM	420
D	180	MP	360
E	150	PP	300

Students included were entered for a GCE or VCE A level or other Level 3 qualification equivalent in size to an A-level.

Croydon, Merton, Kingston and Richmond are included in these tables for information, as collectively they educate a large proportion of Lambeth residents post-16.

PUPIL ACHIEVEMENT - A/AS LEVEL AND EQUIVALENT

	2006/07	2007/08	2008/09	2009/10	2010/11
Lambeth	42.9%	45.3%	48.1%	49.1%	53.3%
National	46.4%	47.5%	49.5%	52.0%	54.5%
LA to National Gap	-3.5%	-2.2%	-1.4%	-2.9%	-1.2%

Figures shown here are based on the matched administrative dataset for 2010/11. The dataset is made up of DfE Schools Census data, ILR (individual learner record) data from the Data Service and awarding body data.

Level 2 threshold = 5 GCSEs at grades A*-C or equivalent. Level 3 threshold = 4 AS or 2 A-levels or equivalent.

LA figures are calculated with the numerator being those young people studying at a school in the LA at academic age 15 (i.e. in year 11) who reach Level 2/3 at 19 as appropriate (regardless of where they eventually gain the L2/3). The denominator is based on the Annual School Census figure for number attending schools in the given LA at academic age 14. These denominators were revised this year to include the dual registered pupils in their main institution (whereas before they were not counted).

The methodology for the LA figures differs from the national figures in the main SFR, in that achievements for young people entering the data after year 11 are not counted towards the LA numerators.
