

Draft Lambeth Local Plan Proposed Submission Version 2020

ERRATUM NOTICE

19 February 2020

The supporting text in Annex 11 of the Draft Lambeth Local Plan Proposed Submission Version 2020 contains a typographical error.

On page 506 the Annex 11 Waterloo Map supporting text relating to the Waterloo Roundabout reading '**30m** AOD point block' should read '**130m** AOD point block'.

Evidence that this is an error can be found in two supporting documents published with the Draft Lambeth Local Plan Proposed Submission Version 2020:

- **Topic Paper 8 'Tall Buildings'**, which explains the Council's approach to tall buildings, contains a copy of Annex 11 showing the correct height - 130m.
- **Consultation Report 2018 (part one)**, which outlines the Council's response to the various representations to the previous (Regulation 18) iteration of the plan, maintains the 130m height that was consulted on at that time.

Signed Rob Bristow Dated 19/2/20
