Brief guide to commonly used terms in this booklet

Academies are publicly funded schools that provide free education to pupils of all abilities. They are established by sponsors from business, faith or voluntary groups. They receive funding directly from the Department for Education. Each academy has its own admissions policy.

Community schools are run by the local council. It employs the school's staff, and runs the admission procedure. Their running costs are met from public funds which come through the local council (mainly council tax and grants from central government). They provide free education. Community schools in the same borough share an admissions policy.

Department for Education (DfE) is responsible for education and children's services.

Education, Health and Care Plan (EHCP) An Education, Health and Care Plan (often referred to as an EHCP) is for children and young people aged up to 25 who need more support than is available through normal school based special educational needs support. EHC Plans identify education, health and social needs a child or young person has and sets out the additional support required to meet these needs.

Education, Learning and Skills a group of services in Lambeth Council that brings together all services for education under one banner.

Foundation schools have their running costs met from public funds which come through the local council. They provide free education. Each foundation school has its own admissions policy.

Free Schools are all-ability state-funded schools. They are non-selective and free to attend, and not controlled by a local authority. Each free school has its own admissions policy.

Local Authority (LA) The borough/ local council.

Ofsted The national Office for Standards in Education (Ofsted), is the government department responsible for inspecting schools and reporting on standards of achievement and the quality of education provided.

Parents/carers refers to all carers and legal guardians.

Special schools cater for children who have an Education, Health and Care Plan and whose special needs are such that they cannot be met in a mainstream school. All children attending a special school must have an Education, Health and Care Plan.

Voluntary-aided schools are set up by voluntary bodies, usually churches, but have their running costs met from public funds which come through the local council. They provide free education. The voluntary-aided schools in Lambeth have very close links to their church, and are often referred to as church schools. Each voluntary-aided school has its own admissions policy.

Introduction

Starting secondary school is an exciting time for your child and choosing the right secondary school with your child is an important step in their academic career. In Lambeth, we have many excellent secondary schools that offer high quality learning opportunities, very good facilities and highly professional staff dedicated to meeting pupils' needs. In all our schools great attention is devoted to developing well-rounded, successful and confident young people. Each school is slightly different and you should use every opportunity to visit the schools, hear what others have to say about them and read any websites and external reports that you can. What is right for one child may not be right for another and it is most important that you and your child choose the school that will best meet their needs.

Quality of education

In recent Ofsted inspections, the majority of secondary schools in Lambeth are judged 'good' or 'outstanding'. All schools in Lambeth are improving year on year. Ofsted reports are easily available to read online. Visit [ofsted.gov.uk/reports](https://www.ofsted.gov.uk/reports) or contact the school directly for a hard copy. Another measure of the quality of education are vocational, A Level and GCSE results.

In addition to enabling young people to do well academically at the end of Key Stage 4 and sixth form,

Cathy Twist

Director,
Education and Learning

schools also provide a wide range of extracurricular activities which support the development of young people's sporting achievement, musical and creative ability as well as making a contribution to society.

There are a wide range of opportunities for young people to progress to post 16 courses of study at local secondary schools, sixth forms and Lambeth College. A wide range of academic and vocational courses are offered to meet every need.

Education provision

Lambeth schools have benefited from a huge range of investment in buildings over the last decade. These buildings are designed to enable staff and pupils to work in ways that reflect the demands of the curriculum whilst ensuring young people have access to state-of-the-art IT, sporting and creative facilities.

Lambeth secondary schools are continuing to increase the amount provision on offer. In September 2020 Woodmansterne School secondary department will take its fourth cohort of Year 7 pupils and

Cllr Edward Davie

Cabinet Member for Children and Young People

another secondary school, Harris Academy Clapham, will open in September 2020.

Specialist subject provision

All Lambeth mainstream secondary schools have at least one subject specialism. This means that they offer a particular expert focus on a subject whilst also ensuring that the curriculum overall is well taught and resourced. Schools have listed their specialisms in their admissions information (see pages 24-77) and you will find a wide range of subjects covered across the borough. If your child has a specific interest in an area of the curriculum, you can identify a school with a specialism that may suit your child as one of your preferences.

Lambeth Council remains committed to continuously improving and delivering the best educational opportunities for children and young people so that they can achieve their full potential and play an active and positive role in society.

Secondary transfer and the Pan-London co-ordinated admissions procedure

This booklet guides parents/carers and their children through the admission process for secondary school for September 2021 entry. It contains general information and highlights 11 stages of the process that parents/carers must follow to submit their application.

Please read this information **carefully** as it is important you use it to make the best choices for your child.

If you are unsure about any aspect of the transfer process please contact Lambeth School Admissions Team on 020 7926 9503 and/or attend one of the secondary transfer meetings organised to provide information and support. Please see the inside cover for a guide to terms used in this booklet.

If your child has an Education, Health and Care Plan, do not complete a Common Application Form (CAF). Please contact your home borough's SEND Team for details about applications for secondary school.

If you would like any additional assistance or advice on the secondary transfer process you may:

- Telephone the Lambeth School Admissions Team on 020 7926 9503
- Talk with your child's teacher or support staff in their current school
- Visit the website at **[lambeth.gov.uk/eadmissions](https://www.lambeth.gov.uk/eadmissions)**
- Email Lambeth School Admissions Team at schooladmissions@lambeth.gov.uk

- Visit the Lambeth Customer Service Centre, 6 Brixton Hill, London SW2 1EG. The nearest London Underground station is Brixton on the Victoria Line. Lambeth Civic Centre is open at the following times:
Monday to Friday 9am-5pm.

General information

Legislation and purpose

The Education Act 2002 and the School Admissions Code 2014 provides a framework that seeks to ensure that on National Offer Day as many children as possible (whose parents/carers have applied for a school place 'on time') receive an offer (if an offer can be made) at a school they have expressed a preference for.

Basics of the procedure

- The aim is that every child will receive the single highest preference offer possible.

- To make it easy to apply and fair for parents/carers.
- Well organised with good communication between schools and boroughs.

What the procedure cannot do

- It cannot guarantee every child a school place. This is because some schools receive many more applications than places available, and this may be the case for all schools applied for. In this instance, allocations of offers for schools not applied for will be made where possible.
- It cannot guarantee your child will get a place at your first preference school.
- It cannot limit some multiple offers being made **after 1 March 2021**, (but Lambeth School Admissions Team will be aware of them and able to ensure that parents/carers reject one of these offers quickly).

How to apply – essential information

- Parents/carers only need to complete one Common Application Form (CAF) to apply for up to six schools anywhere in London excluding fee-paying.

Secondary transfer meetings for parents/carers

A meeting for parents/carers has been organised to explain the secondary transfer co-ordinated admission arrangements and give you the opportunity to ask questions about the procedure on the following date:

**Thursday 10 September 2020
6.30-7.30pm**

**Julian's Primary School
(Streatham site)**

**226 Leigham Court Road,
SW16 2RB**

This meeting is open to all parents/carers of children transferring to secondary school in 2021, even if they do not attend the venue school. Please ensure that if you bring any children to the above meeting they remain with you at all times. Lambeth Council and school staff cannot be held liable for unaccompanied children in the building, nor can they take any responsibility for children brought to meetings.

- The deadline for applications is **Saturday 31 October 2020** via **lambeth.gov.uk/eadmissions**
- All parents/carers who apply on time will know what school their child has been offered (if any) on **1 March 2021** This offer will be the highest preference offer that can be made.
- The procedure provides an easier to understand and fairer admissions process for both parents/carers and schools.

Lambeth School Admissions Team do not decide which school a child is offered. There is a process undertaken together with School Admissions Teams in other boroughs. Decisions about how a child's application for a school is ranked are made by the schools admissions in accordance with their admissions/oversubscription criteria.

If your child is being taught in a year group different to their chronological age (out of cohort) you need to apply using a paper Common Application Form and provide documentation from their current school to confirm this placement. Applications will be considered on a child-by-child basis by the admissions authority for the schools applied for as they have to consider, but do not have to accept, your child to continue out of cohort.

What is an admissions authority?

A schools admissions authority – the body of people who make decisions about admissions – will determine which children can be offered a place at a school in accordance with the admissions/oversubscription criteria for that school.

For community schools the admissions authority is the LA itself and for an Academy, Voluntary-Aided (religious), Foundation or Free school it is the governing body of that school.

Where the school is over-subscribed, the school's admissions authority will use their admission criteria to determine the order (rank) in which applicants will be offered places.

An admissions authority may require parents/carers to complete a **Supplementary Information Form (SIF)** requesting information which is not contained on the CAF, e.g. church attendance. This form is obtained from the school or if in Lambeth via **lambeth.gov.uk/eadmissions** and needs to be sent back to the school and not the borough by the **school's deadline**.

School staff will not know what number preference their school has been listed on the CAF, all are considered the same at the same time.

11 stages parents/carers must follow

Stage 1 Research

It is important to consider as much information as possible about the schools you wish to apply to. Check whether your child is likely to be offered a place based on the school's published admissions criteria which, for Lambeth schools, can be found on the individual school's pages in this booklet. You can find out information about schools by doing the following:

- **Read this booklet carefully and look at the admissions criteria for each school.** Then for each school consider 'does my child meet these criteria'. If they do it may increase your child's chances of gaining a place at the school.
- Check how offers were made for National Offer Day for 2019/20 and 2020/21 entry. Details for Lambeth schools can be viewed via the secondary transfer 2021/2022 page from **lambeth.gov.uk/eadmissions** These details only relate to the 2019/20 and 2020/21 intakes and children applying, which will vary each year. Therefore this information cannot be used to guarantee how offers will be made for 2021/22 intake and is only made available to give an indication of how the admissions process impacted on Lambeth schools last year.

- Contact the school directly for a copy of their prospectus or visit their website.
- Go to the school's open days or evenings. Details of open days are listed in full on page 23 and on the school's pages in this booklet
- Talk to your child's primary school headteacher, learning mentor or class teacher.
- Read the latest Ofsted report for the schools you are interested in. These are available for viewing or downloading from **ofsted.gov.uk**
- If the school you want is in a different borough, contact that borough for their booklet or visit their websites (details on page 78).

Tick to confirm that you have completed the actions stated in this stage.

Stage 2 Apply on time and apply online!

The deadline for applications is Saturday 31 October 2020. If you apply after this date the likelihood of gaining a place at your preferred school may be significantly reduced.

You must complete the CAF for your home borough regardless of whether you are applying for schools in or outside of that borough. The home borough is the borough where you and your child are residing at the time of application, even if you have been placed in temporary accommodation. Please check that your child's address is in Lambeth borough before completing the Lambeth CAF. Residents of boroughs other than Lambeth who wish to apply for a Lambeth school must complete the CAF provided by the home borough in which they

live. The details of your application will then be passed on to Lambeth Council by your home borough. If you are not a Lambeth resident please contact your home borough for advice.

Using your research, list up to six schools in the order you prefer them, whether they are Lambeth schools or schools in another borough, on your child's CAF. Do not include private (fee-paying) schools, as applications for these are made directly to the schools on their own form. The more schools you list on the form, the greater the chances your child has of being offered a school of your choice. However, please do not list schools you do not want your child to attend 'just to fill up the form'.

The preferred way for Lambeth residents to apply for a secondary school place is online. This can be done via **[lambeth.gov.uk/eadmissions](https://www.lambeth.gov.uk/eadmissions)** from **1 September 2020**. Please view pages 18 and 19 which provide a step-by-step guide of how to apply online.

For parents/carers who do not have internet access or cannot apply online, a limited amount of paper CAFs will be available after 1 September 2020 at Lambeth Customer Service Centre, Lambeth Civic Centre, 6 Brixton Hill, London SW2 1EG. There are facilities available at Lambeth Civic Centre for families to apply online.

Whether you are completing an online or paper CAF we are encouraging parents/carers to

submit their application no later than **23 October 2020**, to allow sufficient time for processing and checking. The completed paper CAFs can be handed in to Lambeth Civic Centre (an appointment to do this is required and can be booked online at **[lambeth.gov.uk](https://www.lambeth.gov.uk)**) or alternatively sent by post to:

Lambeth School Admissions Team
PO Box 734
Winchester
SO23 5DG

Please ensure that you use the correct postal charge to make sure your application reaches Lambeth School Admissions Team.

We recommend that you use recorded delivery to ensure you have proof of postage.

Any CAFs received after **31 October 2020** will be deemed late and will not be processed until **after 1 March 2021**, when offers have been generated for 'on time' applications.

If your child has an Education, Health and Care Plan do not complete a CAF: please see pages 79-81 for further information.

Please note that any false or deliberately misleading information given on this form and/or supporting information may render your child's application invalid and lead to any offer of a place being withdrawn.

Tick to confirm that you have completed the actions stated in this stage

Completed Common Application Forms should be returned by Saturday 31 October 2020.

However, we are encouraging applicants who are submitting a paper CAF to do so no later than **23 October 2020**, to allow sufficient time for processing and checking.

Online
[lambeth.gov.uk/eadmissions](https://www.lambeth.gov.uk/eadmissions)
by 12 midnight on Thursday Saturday 31 October 2020.

By post
Lambeth School Admissions Team
PO Box 734
Winchester
SO23 5DG

By hand
Lambeth Civic Centre
6 Brixton Hill
London
SW2 1EG
Monday to Friday 9am-5pm

An appointment is required and can be booked online at **[lambeth.gov.uk](https://www.lambeth.gov.uk)**

11 stages parents/carers must follow

Stage 3 Proof of address

The application address stated on your child's CAF must be the address which you and your child currently live at, even if you have been placed in temporary accommodation.

Applications received without all the required proof of address documents for the parents/carers and the child may result in the child's application being withdrawn if the address cannot be verified. This means that your child will not receive an offer of a school place on 1 March 2021.

If your child lives between two homes, ie. split custody between parents, just one of the parental addresses can be used for the

application and for distance purposes. The address must be agreed between both parents/carers and is the address where the child is registered. This is normally the address to which the child benefit is paid.* If proof of address is not received, then this may delay the processing of your application.

All applications must be submitted (whether online or on a paper form) with all the required documents by **31 October 2020**. Addresses of parent/carers and children may also be checked against Lambeth Council Tax and benefits records to aid verification.

At least one of the following documents to confirm your name and address as the applicant.

- Current financial year's Council Tax letter or statement. This

must be supplied if you are the council tax payer.

- Copy of the tenancy agreement.
- Copy of a benefit letter no more than 12 months old or a current financial year's Universal Credit letter/print-out which includes the child's name.

Then at least one of the following as well:

- Copy of a benefit letter no more than 12 months old or a current financial year's Universal Credit letter/print-out which includes the child's name – if not already provided from above list.
- Current TV licence.
- Copy of current utility bill (excluding mobile phone) no more than 3 months old.
- Driving licence.

Applications must include one of the following documents to confirm your child's name and address

- *Child Benefit letter for the current financial year (please copy all pages of the letter to include the home address on the first page and child's name on the second or a current financial year's Universal Credit letter/ print-out which includes the child's name.
- Child's National Health Service registration card or a medical letter or prescription that is no more than 12 months old (this can also be used to confirm your child's date of birth).
- Child Tax Credit Award notice for the current financial year

(please copy all pages of the letter to include the home address, parents name and child's details).

- Immigration documents that show address – if applicable.

*If you or your partner are affected by the High Income Child Benefit charge and have decided to stop Child Benefit payments, HM Revenue and Customs have confirmed that you can still request a copy of your entitlement award letter despite the fact that your payments have stopped.

If you are unable to submit any or only some of the documents listed above for you and/or your child, you will need to obtain a sworn affidavit or affirmation through a solicitor. This affidavit or affirmation must be signed by a Solicitor holding a current practising certificate issued by the Solicitors Regulation Authority and stamped with the company stamp. It must include parent and child(ren)'s full names and address, the date you started living at that address and the child(ren)'s date(s) of birth.

Please note that Lambeth Council cannot contribute towards the cost of obtaining this.

Proof of address documents requested by Lambeth School Admissions at the time of application are required for application processing purposes only. Schools may request additional proof of address documents for their own registration purposes. The documents they request may vary from the list used by Lambeth School Admissions.

Please be advised that your child's place can still be withdrawn if there are inconsistencies with the documents presented to Lambeth and the school.

Documents can either be scanned or a clear image taken on a smart phone or tablet, and then attached to your online application once the application has been initially submitted. This must be done before the on time application deadline, **31 October 2020**. (This is in addition to any other documents you wish to include as stated in stage 4).

Alternatively all the documents (copies not originals) can be posted to Lambeth School Admissions Team at PO Box 734, Winchester SO23 5DG or taken to the Lambeth Civic Centre, 6 Brixton Hill, London SW2 1EG (by appointment). The documents must have your child's name, date of birth and the online application reference clearly stated on the top and be stapled together.

If you have to submit a paper CAF, all proof of address and supporting documents (where applicable) **must** be attached to the application form.

If you have any problems supplying these documents, please contact us as soon as possible.

Tick to confirm that you have completed the actions stated in this stage

Stage 4
Proof of child's date of birth
The secondary Lambeth CAF is only for children born between 01/09/09 and 31/08/10. Using this form for children outside this age group will result in the form being invalid (and it will not be processed, unless the child is being taught out of cohort).

You must attach proof of your child's date of birth to the CAF – either a copy of their birth certificate, passport or EU National Identity Card. Alternatively this could be a copy of your child's NHS card, medical letter or doctors prescription stating the child's date of birth.

Tick to confirm that you have completed the actions stated in this stage

11 stages parents/carers must follow

Stage 5 Provide additional documentation

In addition to the proof of address documents, you may need to submit additional supporting documentation with your child's CAF by 31 October 2020.

Documents can either be scanned or a clear image taken on a smart phone or tablet, and uploaded to an online application. If you do not have access to a scanner, documents (copies not originals) can be posted to Lambeth School Admissions Team at PO Box 734, Winchester SO23 5DG or taken to Lambeth Civic Centre, 6 Brixton Hill, London SW2 1EG (by appointment).

The documents must have your child's name, date of birth and the

online application reference clearly stated on the top and be stapled together. If you have any problems supplying these documents, please contact us as soon as possible.

Medical/social

If you want your child's application to be considered as a medical/social application (where a school has this criterion) because you believe that a particular school is especially able to meet your child's needs above others in the area, **you must submit professional documentation outlining this with the CAF by 31 October 2020 for consideration.** Submitting this documentation will not automatically guarantee that your child will be prioritised under this criterion.

Children of school staff

If you work at a school that has criteria for prioritising children of staff members, supporting documentation from your workplace must be submitted before the deadline for consideration. Submitting this documentation will not automatically guarantee that your child will be prioritised under this criterion.

Looked After Children (LAC) or Previously Looked After Children (PLAC)

A Looked After Child is a child that is currently in the care of the Local Council (foster or residential care). A Previously Looked After Child is stated as being the following in the 2014 School Admissions Code, paragraph 1.7:

Previously looked after children are children who were looked after, but ceased to be so because they were adopted 17 (or became subject to a child arrangements order 18 or special guardianship order 19). Further references to previously looked after children in this Code means such children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been looked after.

For Looked After Children or Previously Looked After Children a letter from your child's social worker, or a copy of court papers must be submitted with the CAF by the deadline for the correct school's admissions criterion to be given.

Request to be taught outside cohort

If your child is being taught in a year group different to their chronological age (out of cohort) you must provide documentation to confirm this placement from their current school. This will aid the admissions authority's decision whether your child will be accepted to continue to be taught out of cohort.

Tick to confirm that you have completed the actions stated in this stage

Tick if not applicable

Stage 6 Supplementary Information Forms (SIFs)

In addition to the required documentation already stated, some schools require applicants to complete a Supplementary Information Form. Please check the school's information in this booklet, particularly the 'how to apply' section, to check which schools require these and their deadline. For schools in other boroughs, please check their literature or websites.

The SIFs provide additional information needed for the school's admissions criteria to be applied fully. Such information may include religious observance or specialism details. They may also require further documentation to be submitted such as Pupil Premium documentation. For the Lambeth schools sharing a

banding test, the SIFs are used by school staff to invite children to the test. It is very important that the SIFs are completed and sent to the schools by their set deadline otherwise your child may miss out on a preferred place.

Tick to confirm that you have completed the actions stated in this stage

Tick if not applicable

Stage 7 Admissions tests

Some schools require children to sit a test. The scores are used for banding, to ensure children of all abilities are considered.

Full/further details of how the test is used are published with the school's admissions criteria. The date for the test used by some Lambeth schools is Saturday 14 November 2020. Your child will be invited to the test by school staff once a SIF has been received on-time. In addition to this some schools have bursary auditions. Please check which schools use testing and when

it is (if the school is not in Lambeth).

If test dates clash you must inform the person who sent the invite in case there are any additional test dates. It is important that your child sits these tests where used otherwise your child may miss out on a place at preferred school.

If you are applying for more than one school that requires a score from the Lambeth test, your child only needs to sit the test once. You can choose which school you wish your child to sit the test by stating this on the school's SIFs. Test scores will be shared between the schools that require this data.

This does not directly effect any Lambeth schools, but if you are a Lambeth resident applying for out of borough schools which have an ability or aptitude test, the result of which will be known after 31 October, and the result of your child's test means you wish to change your application preference, please email schooladmissions@lambeth.gov.uk by 10 December for these to be accommodated.

11 stages parents/carers must follow

If you have questions about test arrangements, please check relevant school websites, or contact the school(s) directly.

Tick to confirm that you have completed the actions stated in this stage

Tick if not applicable

Stage 8 Change of circumstances

The Lambeth School Admissions Team will consider your application using the details you provide on your form.

If you move address you must inform the School Admissions Team of your new address, the date of the move and provide new proof of address documents as soon as possible after the date of the move so we are able to contact you if we need further information or to communicate the outcome of your application. A change of address

form can be found on our webpage. You also need to inform us in writing if you have a change of medical circumstances or a sibling starts at a preferred school.

Please note that changes to preferences after the deadline for on time applications are not permitted.

If you inform your council of your change of address **before 10 December 2020**, the School Admissions Team will be able to take this into account when preferences are being considered. If you change your address after 10 December 2020 and this means that you wish to change your preferences you will need to contact the council to find out what to do next.

Tick to confirm that you have completed the actions stated in this stage

Tick if not applicable

Stage 9 National Offer Day – Monday 1 March 2021

If you applied online and signed up to text messages you will receive an email and text message on the evening of 1 March 2021 informing you to log in to your admissions account and view the official outcome of the application.

Only if you applied using a paper CAF will an outcome notification letter be posted out first class post on **1 March 2021**. Details of what you can do next if eg. your child was not offered your first preference, will be on the secondary transfer page via **lambeth.gov/eadmissions** and included with any letter sent. Some schools may also send their own offers letters to parents/carers after 1 March 2021. Responses to those letters should be made according to the school's directions.

Your child will be offered the single highest preference possible on the CAF. For the example shown on the next page, the child's third preference was offered as they were not ranked high enough by the school's admissions authority to be offered the first or second preference.

Although the child could have been offered their fourth or fifth, these were not offered as the higher third preference could be offered.

**Preference Status meanings

Offered

This is the school your child has been made an offer to attend.

Declined

Because a higher offer has been made, and the offer made must be a single offer by law, this lower preference became invalid and was declined.

Pending

Child has not been able to be offered a place at this school at present. This is because the school had more applications than places, and offers have been made according to the school's published admissions criteria. Other children had a higher priority than the child under the

school's published admission criteria or lived closer to the school if considered for the same criterion.

Allocated Offers

If your child is not able to be made an offer at one of their preferred schools on **1 March 2021**, Lambeth School Admissions, in line with statutory requirements, will seek to allocate a place at a Lambeth school that has vacancies after all other possible offers have been made. This is for Lambeth residents only, other boroughs will support their own residents in a similar manner.

Decisions on where to allocate places will be made on the basis of distance to the school. (i.e. the nearest school to the child's home

address that identifies a vacancy). Please note that allocations will be made according to the number of vacancies there are in the borough. An allocation will be made to a school that parents/carers did not originally apply for. In instances where an allocated offer has been made, all preferences will be continue to be listed as "pending".

Parents/carers of late applicants will be notified as soon as an offer can be made. This will be after **1 March 2021** however please note that there is no set date for late application outcomes to be notified.

Lambeth School Admissions Team will assist wherever possible if your child has not been offered a school place to ensure that they have one for the start of September 2021.

Stage 10

Accepting the offer

The deadline to accept offers, online or using a reply form sent to paper applicants is Monday 15 March 2021. Failure to meet this deadline may mean that your child could lose their place. We

preference	criteria*	rank	school	status**
1st	religious	300	Lambeth school A	pending
2nd	distance	240	Lambeth school B	pending
3rd	distance	80	Lambeth school C	offered

11 stages parents/carers must follow

strongly advise that you accept the offer made on National Offer Day even if it is not your first preference to ensure your child has a place for September 2021. Offers will continue to be made after National Offer Day.

If an offer for a higher preference is made later on, you can then reject the original offer. Where allocations are made, again we advise that these are accepted until you receive an offer from a school you selected on your application.

Tick to confirm that you have completed the actions stated in this stage

Stage 11 Next steps

If your child was not offered your first preference school, we advise you to follow the steps below.

Waiting lists

Ensure that your child's name is on the waiting list for the school(s) that you applied for and were placed higher than the school offered on your CAF. Lambeth community schools will automatically keep your child's name on their waiting lists until 31 December 2021.

Please check with other schools or boroughs to ensure that your

child's name is on their waiting list as this may not be an automatic process. Parents/carers need to be aware that if their child's name is on a school's waiting list, their name may go up or down depending on how the admissions criteria applies to others on the waiting list. Late applications received after the closing date of **31 October 2020** will be considered after National Offer Day, **1 March 2021**. Please note that **after National Offer Day**, once late applications are considered, waiting lists will be re-ranked in line with the admissions criteria for the school(s). This will continue to be the case if any additional late applications are received.

Apply for other schools

You can apply for further schools whilst your child's name is on the waiting list for other schools or if you have accepted an allocated offer. If requested, Lambeth School Admissions Team can provide you with information about schools that have vacancies after 24 March 2021.

Second (or subsequent) applications can only be made using a paper CAF, which will be available after 1 March 2021 to download from our website or obtained from Lambeth Civic Centre.

Completed forms need to be returned to the Lambeth Civic Centre or posted to the School Admissions Team (address on the form). This is in addition to any necessary Supplementary Information Forms

being completed and sent to the schools (where used).

Parents/carers of these new applicants will be notified as soon as an offer can be made, or receive a letter stating that no offer can be made from the CAF and Stage 10 can be followed again.

Appeals

You can appeal against the refusal of a school place listed on your CAF under the School Standards and Framework Act 1998. If you wish to appeal against the decision not to offer your child a place at a Lambeth community school (see page 2 for definitions), please contact the Clerk to the Independent Appeals Panel, Democratic Services, 1st Floor, Lambeth Town Hall, Brixton Hill, SW2 1RW
Telephone 020 7926 2170,
Email: democracy@lambeth.gov.uk.

A guidance note on appeals and an appeal form can also be downloaded from the council's website via the following link:
lambeth.gov.uk/eadmissions

Please note that Democratic Services can only accept appeals for the following secondary schools:

- The Elmgreen School
- Lambeth Academy
- Lilian Baylis Technology School
- The Norwood School
- Oasis Academy South Bank
- Woodmansterne School

If your application for a school place was submitted on-time, appeals

need to be lodged by Friday 29 March 2021 for them to be heard before the summer holidays.

For late applications, an appeal should be lodged within 20 school days of receipt of application outcome letter. Appeals lodged after these dates will be heard within 40 school days of the appeal deadline or 30 school days of being lodged, whichever is the later date.

Democratic Services will write to you regarding the arrangements for considering your appeal. Your appeal will be heard by an Independent Appeals Panel made up of panellists with knowledge of education issues. You will be invited to attend the appeal hearing and make representations in person to the Independent Appeals Panel.

For the schools listed in column one, you will be informed in writing about

the outcome by the Democratic Services Team. For other Lambeth schools, the clerk for that appeal panel will write to you.

If you wish to appeal against non-admission to any other secondary school, you will need to contact the individual school(s) directly, to obtain information about how to appeal.

Tick to confirm that you have completed the actions stated in this stage

Tick if not applicable

If you are unsure about any aspect of the secondary transfer procedure please contact Lambeth School Admissions Team on 020 7926 9503, or email schooladmissions@lambeth.gov.uk

Secondary transfer key dates

Date	Actions – what you and your child need to do
Summer/ Autumn 2020	Contact schools for prospectuses and details of open days/evenings. Decide which schools to apply for and begin the application process.
1 Sep 2020	<p>How to apply:</p> <p>1 Applications can be made from 1 September online or using a paper Common Application Form (CAF) from your home borough and must be submitted by 31 October 2020.</p> <ul style="list-style-type: none"> • To apply online visit Lambeth Council’s website at lambeth.gov.uk/eadmissions (see pages 17-19 for more information). • A limited amount of paper CAFs will be made available for collection from Lambeth Customer Service Centre, Lambeth Civic Centre, 6 Brixton Hill, London, SW2 1EG. These forms should either be handed in to Lambeth Customer Service Centre (by appointment), or posted to Lambeth School Admissions Team, PO Box 734, Winchester, SO23 5DG with correct postage. • If you are submitting a paper CAF by post then please do so by Friday 23 October 2020. <p>2 In addition to this, Supplementary Information Forms (SIFs) required by particular schools must be completed and returned to these schools by their published deadline(s). Please see schools’ pages 20-21 and 24-77 for details of which Lambeth schools require SIFs and their deadlines.</p>
31 Oct 2020	Closing date for applications to all secondary schools participating in the co-ordinated admissions procedure. CAFs received after 31 October 2020 will be late and will not be processed until after 1 March 2021 when ‘on time’ applications have been processed.
Autumn/ Winter 2020	Ensure that your child sits any admissions tests set by the school or another borough where required. Dates for these will vary, so please check. Lambeth admissions test used by some schools is on 14 November.
1 Mar 2021	National Offer Day. If you applied on time online and signed up to text messages you will receive an email and text message on the evening of 1 Mar 2021 informing you to log in to your admissions account and view the official outcome of the application. Only if you applied using a paper CAF an outcome notification letter will be posted out first class post on 1 Mar 2021.
15 Mar 2021	Parents/carers must respond to an offer on this date either by accepting the place online for those who have applied online or by returning the reply form to Lambeth School Admissions Team if they have received a postal offer.
29 Mar 2021 or 20 school days after notification for late applications	If you wish to appeal against the decision not to offer your child a place at a Lambeth school, please check the details on each of the school’s pages about this process. For schools in other boroughs, please check their information and timescales.
Apr – Jul 2021	Appeals for schools are heard.

eAdmissions

Apply online and apply on time

lambeth.gov.uk/eadmissions

Lambeth Council only have a very limited amount of paper Common Application Forms (CAFs) available and these will normally be made available for parents/carers who do not have or cannot get access to the internet. In light of this, we strongly advise our families to ensure that they submit their application online and on time! Online applications can be made from 1 September 2020. Pages 18 and 19 show a step-by-step guide to making an online application. For 2020 primary school entry 99% of parents/carers who applied on time applied online. The online application process is now compatible with mobile devices so you will be able to submit your CAF via your mobile phone using the App.

The benefits of applying online

- It is free and secure
 - It uses a quick, easy to use step-by-step format
 - Your application won't get lost in the post
 - Drop down school lists help reduce errors and save you time
 - Information can be checked online and changed at any point before the closing date without the need to fill in another form
 - You can attach the required proof of address documentation and copies of any medical or social paperwork you wish to be considered. Just submit the application first then click on the 'attach document' button
 - If you have any questions or problems regarding the online admissions website or log-in, please call the London Grid for Learning supportline on 020 8255 5555 option 1
- You will be issued with a unique reference number similar to this: 208-2021-09-E-001234, which will be your proof that your application has been received
 - The online system is available 24 hours a day, 7 days a week, up until midnight on the closing date of **Saturday 31 October 2020**
 - During the evening of **Monday 1 March 2021** you will be sent an email and/or text with the outcome of your application. Please wait until you have received the email before logging on to the Pan-London eAdmissions website.

The ParentComms:Mobile app is an alternative way to receive notifications from the eAdmissions website and is designed to help parents stay connected with their child's school.

If you don't already use ParentComms through your child's school, you will need to download the ParentComms app from the **Apple AppStore**, **Google Play** or **Windows Phone Store** to a mobile device and register your eAdmissions USO username and

password to receive the following push notifications from the eAdmissions website:

- A reminder to submit any un-submitted applications 1 week before as well as 24hrs before the closing date. (If you register less than 24 hours before the deadline you will not be able to be sent this message).
- Your application reference number of your submitted application
- The outcome of your application.

Record your details

Use this space to record the details used to make your application.

Username:

Password:

Reference number:

It is important to keep this information so that you can look up the school place offered online.

Step-by-step guide to online eadmissions applications

This is just a short step-by-step guide to help you submit an online application. However, please note that there is also a FAQ and an eadmissions tutorial function (which can be accessed before you register onto the online system).

Step 1 – Create an account The child's parent/carer needs to log their details. Only **one** parent/carer can do this as the system only allows one parent to register one application per child. This is so that an identified email address can be linked to a named person. It is important that the person registering has parental responsibility for the child and both child and parent lives at the same address noted on the online form.

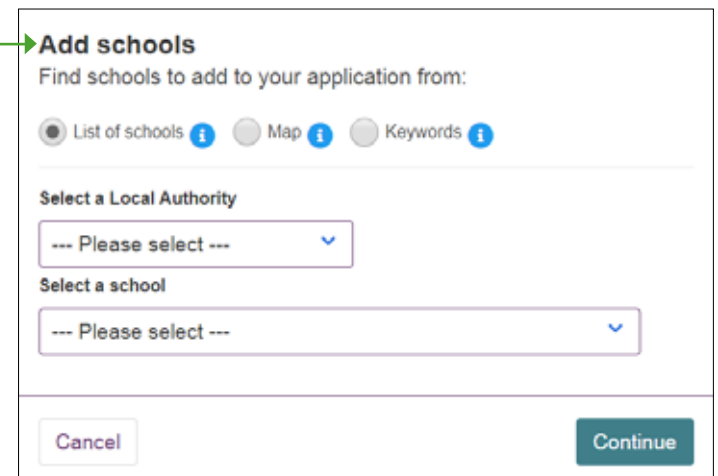

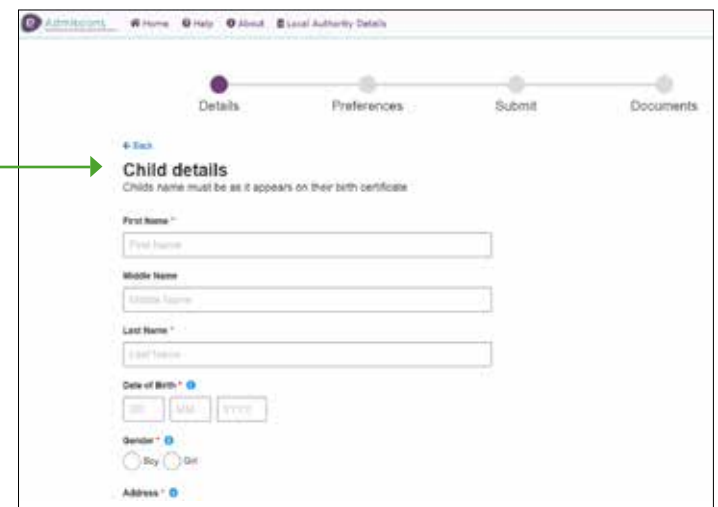

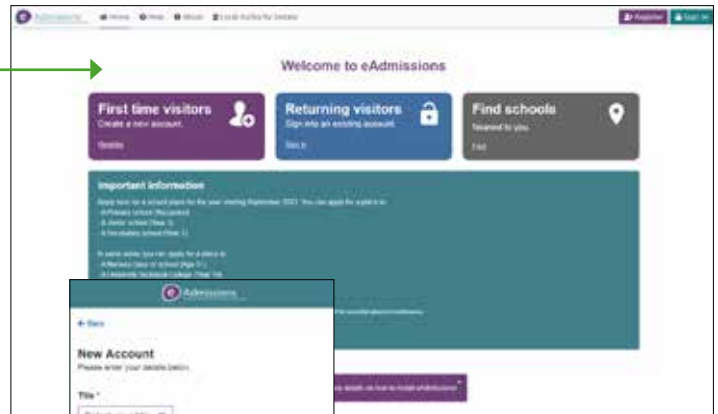

If you already have a London Grid for Learning account use that log in and check your details are still correct before continuing. Otherwise you will need to create an account.

Step 2 – Child's details The parent/carer must input their child's name as listed on their birth certificate or passport in this section. They must also use their (both the parent and the child's) current address. The online secondary school applications are only for children born between 01/09/2009 and 31/08/2010.

Step 3 – Add your school preferences
Using the pre-populated drop-down lists,

1. Select the borough the school is in.
2. Select the school you want for the first preference. You can also choose a school using the 'map' or 'keywords' function. You can apply for up to 6 schools
3. Please ensure that you select the correct school especially when there are schools with similar names in the same borough.
4. Once the school has been added you can also add details about any siblings or relevant medical/social details if applicable.
5. If the school being applied to needs you to also complete a Supplementary Information Form (SIF), this will automatically be flagged up by the system. Please ensure that all SIFs are completed and returned to the school in time.

Schools selected can be moved up or down, added to or deleted up until the 31 October 2020 deadline.

Once the schools have been selected, you must check whether they are correct before moving to the next step.

List the schools you want to apply for. You can list up to SIX schools.

- Make sure you have read the Admissions Policy for each school you have listed.
- The Admissions Policy is the set of rules which will be used to decide the order in which children will be offered the available places.
- Make sure you list the schools in the order you prefer them. If you qualify for more than one school, you will only be offered the one which is higher on your list.
- Once you have selected your schools you will need to select 'Confirm selection'.

Step 4 – Submit application

You will then be required to read and accept the declarations.

Once you have read the declaration, **click on the 'submit application' button.**

Checklist

Before submitting this form, please ensure that you have:

- Read the admissions policy used to decide the order in which places will be offered at each school you have selected.
- Listed the schools in the order that you prefer them.
- Completed all relevant sections of this application.
- Checked whether any of the schools you have selected require a supplementary information form. These must be obtained and retained by the doing date.
- Made a note of any evidence that you may need to provide in support of an exceptional medical or social reason. You should attach evidence to this application after you have submitted it.
- Made a note of any evidence that you may need to provide in support of a child in care of a Local Authority or previously in care of a Local Authority. You should attach evidence to this application after you have submitted it.

Declaration

By submitting this form I agree to the following:

- I have read the admissions guidance issued by the Local Authority for each school I have selected.
- I wish to apply for a place at each of the schools named above and have listed them in my order of preference.
- I will keep the Local Authority informed of any change of circumstances (e.g. change of address) and failure to do so may make this application invalid or lead to the offer of a place being withdrawn.
- I understand that the Local Authority may take steps to verify any information relating to this application.
- I understand that any false or deliberately misleading information given on this form and/or supporting information may make this application invalid or lead to the offer of a place being withdrawn.
- I understand that the Local Authority where I live is under a duty to protect the public funds it administers and may therefore share the information I have provided in this application within the Local Authority and with other bodies administering public funds, for the detection and prevention of fraud.

I have read and accepted the above declaration.

I have read and accepted the London Borough of Lambeth [terms and conditions](#).

[Submit application](#)

Your application has now been submitted!

You have been sent a confirmation email for your records. If you haven't received the email please check your junk/spam folder. Please ensure you read the email carefully for any additional requirements e.g. links to supplementary information forms.

Application reference: 208-2021-09-E-001234

Version: 1

Application date: 19/09/2020 15:13

Closing date: 31/10/2020 23:59

Outcome date: 01/03/2021

Please click the **Home** button to go to the home page.

If you wish to attach the documents requested by your home Local Authority, please click the **Upload Documents** button now. Alternatively, you can attach them before the closing date from the 'My school admissions' page by selecting 'view or attach supporting documents'.

[Home](#)

[Upload documents](#)

Step 5 – Attach documentation

Once the application is submitted, you will receive an email confirming submission with the reference number, along with a reminder about what schools require SIFs. You must then **upload all the necessary proof of address documentation (as stated on page 8-9) using the 'Attach a document' button** from this page. You can also **attach any medical or social or other such documentation** you wish to be considered by **31 October 2020**.

You must ensure that you re-submit your application if you make any amendments **before** the 31 October 2020 deadline.

Archbishop Tenison's School

Archbishop Tenison's School

Kennington Oval
London SE11 5SR

Headteacher

Mr Simon Wilson

Archbishop Tenison's School is a dynamic co-educational 11-16 Church of England school, with a distinctive Christian vision and strong values.

We are situated in the heart of Lambeth, opposite the historical Oval Cricket Ground. Our Christian ethos is the foundation of all that we do: we are ambitious for every child, and are committed to ensuring that every child achieves their God-given potential and is able to 'let their light shine before others' (Matthew 5:16). We are fully inclusive and welcome children from Church of England families, other faiths and denominations, as well as those without a faith.

We have been educating London's young minds for over 330 years, based on the Christian principles of our founder, Archbishop Thomas Tenison. In celebration of this long-standing history, the whole school community annually attend a Founder's Day service at the original site of the school, the iconic St. Martin's-in-the-Field Church in Trafalgar Square. As a result of our religious beginnings and our rich history, we continue to enjoy strong links with the local and wider community. We have strong associations with local churches; Rev Canon Steve Coulson is a member of our Local Governing Body and believe that as 'Vicar of St. Mark's Church just up the road, we are fully committed to supporting the School as much as we can

physically, morally and spiritually.'

The school's Church of England vision of 'let your light shine before men; that they may see your good works and glorify your Father who is in heaven' underpins all that we do, and is lived out in our four values of wisdom, hope, community and dignity. Our school is small, providing a real family atmosphere with all students known by staff and supported to develop the confidence to become active members of the community. Examples of our students letting their 'lights shine' include Reading Leaders and Sports Leaders; these initiatives allow children to receive high quality training to support other children both in our school and in primary schools. Our children flourish within

our popular House system, with the prestigious Tenison's Award providing a public platform for us to reward students who demonstrate exceptional courageous advocacy.

Our results speak for themselves and demonstrate that we are ambitious for every child. Our curriculum has been carefully developed and aims to build on the progress children make at primary school. We know that every child is unique and valued by God, and so we take the time to get to know each one, ensuring that our lessons are shaped to their needs.

As a Church of England School, we believe it is our mission to promote Jesus' promise of 'life in all its fullness'; in order to shape the whole child, what happens outside

the classroom is just as important as what happens inside it. The opportunities we give to all students are extensive and demonstrate our commitment to ensuring all God's children gain experiences, which will benefit them for life in modern Britain and beyond. An example of this is that we offer all new children free music tuition in an instrument of their choice.

We have a wide range of partnerships that work alongside our school, including: Kings College London, the Worshipful Company of Dyers, Mace Engineering and the Oval Cricket Ground with extensive links to post-16 providers. Additionally, the school is supported by its Foundation, which has developed links with charitable partners across London; providing both additional resources and support to students and their families.

We are continually developing new relationships and in 2019 the school joined the Southwark Diocesan Board of Education Multi-Academy Trust. Its vision is to help schools to 'grow and flourish and provide an excellent education with Christian values at its heart...[enabling] all children and young people in our schools to realise their God-given potential, aspire to exceed their expectations and to build a Christ-centred community.'

We strongly recommend that you visit our historic school, to truly see our school live out its vision as Jesus commanded his disciples in Matthew 5:16: 'Let your light shine before others so that they may see your good deeds and glorify your Father in Heaven.'

Over-Subscription

Where applications for admission exceed the number of places available, the following criteria will be

applied under the two types of places, Foundation and Open, in each ability band, in the order set out below, to decide which students to admit:

Foundation:

70% of places will be allocated in this category. If the Foundation places are oversubscribed, length of regular church attendance of child and parents will be taken into account.

- 1** 'Looked after' children and previously 'looked after' children who are or have been in the care of a local authority as defined by Section 22 (1) of the Children's Act 1989 and in the child arrangement order under the Children & Families Act 2014. 'Previously Looked After' children – see paragraph 1.7 of the new Admissions Code.
- 2** Boys and girls from worshipping Anglican families.
- 3** Boys and girls from worshipping families of other Christian denominations.
- 4** Up to five places are initially reserved for boys and girls from each of the parishes of St Martin-in-the-Fields and St James's, Piccadilly. Applicants from St Mark's School will be considered in both the Foundation and Open categories.

Open:

30% of places will be allocated in this category. Parents applying for an Open place do so knowing that the school aims to provide an education based on Christian principles, and therefore governors expect that all

Archbishop Tenison's School

students will take part in the Christian worship of the school and will attend religious education lessons.

- 5 'Looked after' children and previously 'looked after' children who are or have been in the care of a local authority as defined by Section 22 (1) of the Children's Act 1989 and in the child arrangement order under the Children & Families Act 2014. 'Previously Looked After' children - see paragraph 1.7 of the new Admissions Code.
- 6 Attendance at a church primary school.
- 7 Boys and girls whose parents express a clear desire for a school with a religious foundation and who can demonstrate from their application that their son or daughter will benefit from the school's Christian ethos.

- 8 Boys and girls with an exceptional and professionally supported social or medical need for a place at this school. This must be supported by written evidence, e.g. from a doctor, social worker or educational psychologist, setting out why this school is the most suitable school and the difficulties that would be caused if the child had to attend another school.
- 9 The travelling distance and ease of travel to school.

Appeal Arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Independent appeals for this school are arranged by school staff, please contact the school.

ARK Evelyn Grace is a school that will stop at nothing to develop the talents of every child in its care. Nothing but the best is good enough for our students. We believe that knowledge is power and the more that a student knows and understands about the world we all occupy, the greater freedoms they will secure for themselves and the communities they are members of.

Given this belief, the development of our teachers' craft is central to our ethos; teachers who are always eager to learn will develop the same excitement and thirst for knowledge in the pupils they teach.

ARK Evelyn Grace is part of the highly successful ARK schools chain whose shared mission is to ensure that every child goes to university or secures the career of their choice. To support our students' career plans, we have strong relations with both JP Morgan and Goldman Sachs which run programmes that offer unrivalled opportunities to prepare them for the world of work.

Our culture and ethos

We are driven by three core values:

1 Excellence

We believe that every student can achieve excellence.

2 Endeavour

We do what it takes to achieve excellence.

3 Self-discipline

We believe that success is achieved through self-discipline and hard work.

We have very high standards of student behaviour and every rule and expectation is centred on ensuring that learning goes uninterrupted and every member of our community feels happy and safe. We expect every student to be courteous and polite and we are explicit about what that looks like. ARK Evelyn Grace Academy prides itself in being a community of learners where both students and teachers constantly

seek to improve and never believe that they have 'arrived'. Consequently, our teachers model our belief that there is no substitute for hard work and that this is the key to success.

Our teachers are experts in their academic fields and their aim is to enable every child to grapple with and master key concepts and skills and expose them to the very best that has been said and written within their respective subjects.

Our curriculum is both broad and deep. An Evelyn Grace child not only devotes extra time to becoming literate and numerate, they are eloquent, knowledgeable and thirsty to know more about the humanities and arts. The enrichment offer and opportunities beyond the curriculum are second to none. These include many clubs, including: Mandarin, Duke of Edinburgh, choir, brilliant club and basketball, to name but a few.

Our sports facilities are excellent and team achievements considerable. Our under-16 basketball team were the 2017 London champions and were runners up in the all-England finals. We have also just won the

South London Football Cup for the third consecutive year.

Our students understand what it means to be good and this is a constant theme explored through our assemblies, tutor time and their personal and social education curriculum. However, we know only too well that 'character is habit' and that a person can only become a good person through the good deeds they repeat.

Therefore, students are expected to demonstrate good manners at all times, by holding doors open for others and saying 'good morning and afternoon'.

We all use a common language when describing the sort of person we want to develop at EGA as we continually promote the qualities of: leadership, responsibility, integrity, curiosity, confidence and eloquence.

Curriculum

ARK Evelyn Grace Academy provides a rich and diverse curriculum with a particular focus on the core subjects – Maths, English and Science – as well as the humanities, arts and sport.

We also offer a mix of traditional and modern subjects from Geography, History and Religious Education to ICT, Mandarin and Photography.

Students get a broad and rich education and our curriculum is extremely rigorous, with regular assessments to track and inform students' progress.

Learning at Key Stage 3

We believe in providing more learning time in English and Mathematics in the early years so students can take on a broader range of subjects with confidence in the future. However, the curriculum remains broad and balanced with all students studying the arts, humanities, sciences, technologies and sports.

Learning at Key Stage 4 and 5

Our 14-16 curriculum offers a variety of academic programmes. We have high expectations of our Year 10 and 11 students, who can choose to do the English Baccalaureate or a range of high-value GCSE and vocational subjects. Our goal is to provide every student with the qualifications to progress to sixth form or have the option of going to University and following a successful career path.

the criteria below. After the admission of students with an Education, Health and Care Plan, the criteria are applied in the following order:

- a)** Children in the care of the council and previously Looked After Children, is as stated in the Admissions Code 2014.
- b)** Children of staff at the school where there is a demonstrable skill shortage. Children of members of staff will have priority in the oversubscription criteria if the staff member is filling a post for which there is a demonstrable skill shortage. ARK schools are required to approve the Principal's designation of such posts and confirm the assessment that a member of staff appointed meets the requirement of the shortage. Priority will be limited to one place for each form of entry in any year.
- c)** Children who have a sibling who already attends the Academy and who will continue to do so on the date of admission (for this purpose 'siblings' means a whole, half or step-brother/sister resident at the same address).
- d)** Children of staff in the school who have been employed at the school for two or more years at the time the application is submitted. ARK Schools must approve the Principal's decision to allocate places to staff under this criterion. Priority will be limited to one place for each form of entry in any year

(i.e. 6 places in each 6-form year group).

- e)** Children who live closest to the Academy using a straight line measurement from the main reception of the Academy to the main entrance to the child's home.

Appeal arrangements

Unsuccessful applicants have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Independent appeals for this school are arranged by school staff. Please telephone the Academy for an appeals form.

Bishop Thomas Grant Roman Catholic Secondary School

**Bishop Thomas Grant
Roman Catholic School**

Belltrees Grove
London SW16 2HY

Headteacher

Ms Bernadette Boyle BA (Hons)
PGCE NPQH

Bishop Thomas Grant is an 11-18 Roman Catholic co-educational school.

School aims

The school aims to enable all students placed in our care to develop their potential to the full in a school environment firmly founded on Christian principles. We produce academic attainment in the context of equality of opportunity and Catholic spiritual and moral values.

Ofsted Inspection October 2014

Bishop Thomas Grant Roman Catholic School was inspected by Ofsted and was graded outstanding in every aspect and outstanding overall. The Sixth Form which was judged separately, was also graded outstanding.

Summary of the key findings for parents and students

- Attainment is exceptionally high across a wide range of subjects, including at the highest levels. Almost all students make exceptional progress.

- Students behave extremely well in and out of the classroom. They feel safe and show high levels of respect for each other, their staff and the school environment.
- The outstanding vision and aspiration of the Headteacher and senior staff motivate students of every ability to learn as well as they can, in a safe and secure environment.
- The school provides outstanding pastoral support. This helps all students to remain engaged and motivated to learn. Their exceptionally positive attitude to learning is a major contribution to their achievement.
- The dynamic and carefully planned curriculum is well matched to the needs of students and is successfully tailored to meet the needs of different abilities and those with specific needs. The wide range of extra-curricular activities available enriches and broadens students' learning further.
- The Sixth Form is outstanding.

It provides a strong balance of academic and vocational courses and students achieve very well. It is very successful in helping students in moving on to higher education or training.

- Governors are rigorous in holding the school to account. Strategic decisions have ensured that the school's high performance has been sustained and improved.
- The school ensures that students learn about other faiths and lifestyles. This leads them to be tolerant and respectful of others and actively promotes fundamental British values.

Expectations/other information

Bishop Thomas Grant Roman Catholic School has high expectations for its students and demands high standards of work and behaviour. Our code of conduct states what is expected of each student. Conduct is based on the Christian values of courtesy, respect, service and unselfishness both inside and outside school and students are expected to reflect these standards in their daily routine, their uniform and their personal appearance.

Regardless of ability, all students are encouraged to work hard to develop their potential and make use of their strengths and abilities. We use a variety of rewards to celebrate students' successes and we believe strongly that they learn when they feel valued and their achievements are recognised.

Learning is a privilege and a right. The school community will, therefore, not tolerate any behaviour which disrupts students' learning.

Bishop Thomas Grant Roman Catholic School occupies an enviable position and enjoys attractive and extensive views over much of South West London. The school has outstanding accommodation and facilities. Students are able to learn in a clean, graffiti-free, well-ordered environment.

The school takes every opportunity to ensure that all subjects are taught by qualified teachers trained in the subject in which they teach. The teaching staff are conscientious and experienced and work with the students to create a friendly and supportive atmosphere.

Admissions criteria

The school exists primarily to serve the Catholic community. Admission is normally restricted to committed and practising baptised Catholic children who have one or both parents who are also committed, practising members of the Catholic church. However, the governing body welcomes applications from further afield and, subject to the availability of places, from parents of children of other denominations and faiths who support the religious ethos of the school.

Where applications exceed the number of places available, the governors will apply the following criteria of selection in the order set out below, to decide which girls and boys should be admitted.

- 1** Looked after baptised Catholic children or looked after children in the care of Catholic families and previously looked after Catholic children who have been adopted or who have become the subject of a residence or guardianship order.
- 2** Committed and practising baptised Catholic children of a committed and practising Catholic parent or committed and practising baptised children and their parent who are members of the Oriental Rite Churches in union with Rome or the Ordinariate.
- 3** Baptised Catholic children who themselves are committed and practising but whose parent may not be a practising Catholic at the time of admission or committed and practising baptised children who are members of the Oriental Rite Churches in union with Rome or the Ordinariate but whose parent may not be practising at the time of admission.
- 4** Children enrolled in the catechumenate. Evidence of enrolment in the catechumenate will be required.
- 5** Looked after children not in Category 1 and previously looked after children who have been adopted or who have become the subject of a residence or guardianship order.
- 6** Children who are members of Eastern Orthodox Churches. Evidence of Baptism will be required.
- 7** Children of families who are members of other Christian

denominations that are part of Churches Together in England. Evidence of Baptism (or dedication) provided by a priest or minister of a designated place of worship will be required.

- 8** Children who are members of other faiths. Evidence membership of the faith provided by a priest, minister or religious leader of a designated place of worship will be required.
- 9** Any other children.

If there is over-subscription in any of the above categories, the governing body will allocate places in accordance with the following criteria in the order of priority set out below:

- a** A direct link with the school: the presence of a brother or sister in school at the time of admission. By 'brother or sister' we mean natural brothers or sisters or legally adopted siblings. Evidence of the relationship will be required.
- b** Those with special circumstances, social, pastoral and medical needs which make the school particularly suitable for the child in question. Strong and relevant evidence must be provided by an appropriate professional authority (e.g. qualified medical practitioner, education welfare officer, social worker or priest).
- c** Priority will be given to those applicants who live nearer to the School (as measured by a straight line from the School gate to the applicant's home), using the measurement supplied by a computerised mapping system from

Bishop Thomas Grant Roman Catholic Secondary School

the Local Authority. Where the last remaining place is to be allocated and two or more children are deemed to live at the same distance from the school the place will be decided by the drawing of lots.

Admission of Children Outside their Normal Age Group

A request may be made for a child to be admitted outside their normal age group, for example if the child is gifted and talented or has experienced problems such as ill health. Any such request should be made in writing to the head teacher of the school. The governing body will make a decision about the request based on the circumstances of the case and in the best interests of the child. In addition to taking into account the views of the head teacher, including the head teacher's statutory responsibility for the internal organisation, management and control of the school, the governing body will take into account the parent's views; information about the child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional and whether they have previously been educated out of their normal age group.

Fair Access Protocol

The school participates in the local authority's Fair Access Protocol to allocate places to vulnerable and other children in accordance with the School Admission Code 2014. Admitting pupils under the protocol may require the school to admit above the planned admission number for the relevant year group.

Religious practice

In assessing commitment and practice the Governors will take into account frequency of Mass attendance over the period of three years preceding the application. Applications will be ranked in the following order: those who attend Mass weekly, fortnightly, monthly, less than once a month, never and with priority being given to children baptised within the first three years of birth. This will be determined according to the information submitted on the applicant's supplementary form.

For Catholic applicants we require written support from their Parish Priest to confirm frequency of mass attendance for the past three years using the **Priest Reference Form** provided. If it is necessary to obtain a reference from more than one priest i.e. because the applicant has been living in their current parish for less than three years, or regularly attends Mass at more than one parish, further copies of the Priest Reference Form are available on our website. Applications must be supported by a photocopy baptismal certificate for the child. Please note the school will accept photocopies of the baptismal certificate for this year only. The school's full admissions criteria is available from the school.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 In addition the Supplementary Information Form obtainable from the school or via lambeth.gov.uk/eadmissions must be completed and sent directly to Bishop Thomas Grant Roman Catholic School by Saturday 31 October 2020.

City Heights E-ACT Academy

City Heights E-ACT Academy
33 Abbots Park, London SW2 3PW

Headteacher
Mr Errol Comrie

Who we are

We are an ambitious, inclusive and innovative 11-18 secondary school in Tulse Hill, Lambeth serving our local community. The Academy opened in September 2013, in brand new purpose built accommodation, with state of the art facilities to match our high quality educational provision. As an academy, we are part of the E-ACT network of schools, which allows us access to outstanding educational resources and expertise to help provide exceptional opportunities for all our students.

Our academy is driven by a clear set of values and beliefs, which is supported by a clearly defined mission that aims to **develop our students into tomorrow's leaders, compassionate and articulate; ready for university or a career of their choice**. Our mission is ambitious and will require considerable effort from the entire community to turn this into a reality for all students that pass through the doors at City Heights.

We aim to create a distinct culture whereby character is at the core of everything we do and aim to achieve. Our culture is supported by a clear vision for teaching, assessment and learning at City Heights. Our goal is to ensure all classrooms **instil a passion and discipline for learning, ensuring all students develop the knowledge, skills and characteristics that will enable them to reach their chosen destinations and fulfil their aspirations**.

City Heights E-ACT Academy continues to be evaluated as a 'Good' school by Ofsted and our aim is to build on changes made during the 2018/19 academic year. Ultimately, we want to ensure our students, parents/carers, staff and wider community are all proud of our academy.

What makes us unique?

Our academy vision is integral to all that we do and is underpinned by our academy values, which are reflected in the actions, decisions and behaviours of our community. They are:

- Ambition
- Social justice
- Pride and professionalism
- Integrity
- Respect and responsibility
- Empathy and kindness

All can achieve

At City Heights, we believe that no matter what a student's starting point is, outstanding progress is achievable by all. We subscribe to a **'growth mindset'**, which means that it is our role as teachers and professionals to identify the barriers to achievement and to support our young people to overcome them.

High standards in all that we do

At City Heights we have an unrelenting focus in meeting the highest standards in all that we do. From learning, to behaviour, to attitude, uniform or attendance, we challenge anything that is less than the very best and we are not prepared to lower our expectations for any student.

We all are role models

Every member of our school community is a role model; every student is a role model and we all have the opportunity and responsibility to have a positive impact on the lives of others. We give trust and respect at all times.

Our buildings and facilities

City Heights E-ACT Academy is located in a state of the art multi million pound campus in Abbots Park, just off Christchurch Road. The building opened in September 2014 and benefits from the latest resources and top class technologies. We have a well-resourced library, music suites and specialist teaching rooms for subjects such as Science, Technology and Sports as well as a dedicated suite of specialist teaching rooms for students with additional learning needs.

In addition to our school building, we also have a state of the art multi-

purpose sports area on Christchurch Road with all-weather facilities.

Our curriculum and specialism

We have made significant changes to the curriculum at City Heights Academy, which now is centred first on mastering knowledge through deep exploration in a range of subjects over five years, from Y7-11. Our aim is to begin preparation for GCSEs from year 7, ensuring we are developing knowledge and skills from the start of their journey with us. Furthermore, our curriculum will focus on metacognition, so students deepen their understanding about the learning process, enabling them to effectively access the curriculum with high levels of independence. Ultimately, the curriculum supports our mission of developing tomorrow's leaders, compassionate and articulate; ready for university or a career of their choice.

Developing literacy is at the heart of curriculum, which aims to develop our students' reading, writing and speaking skills, as well as forging a passion for literature. We believe strengthening the literacy skills of our students will help create confident learners and break down barriers many students face across a range of subjects. Students in years 7 & 8 will receive additional time for literacy, as well as have their reading development carefully tracked through a new initiative called Accelerated Reader. Furthermore, we have invested in an English Mastery curriculum.

Our curriculum also centres on improving our students' numeracy skills. Our partnership with Dulwich College enables our students to receive expertise from a truly outstanding education institution. Students in Year 7 and 11 benefit from this additional support each week.

Our curriculum provides a broad range of subjects across KS3 and KS4 that will enable all students to find their passions and help them, from an early age, consider their future careers. We provide additional time for English, Maths and Science, which equates to around 55% of a student's taught curriculum time. We believe that beyond the CORE subjects we provided a balanced but academic focussed curriculum, whilst understanding the vital role subjects like PHSE play in developing knowledge on a wide range of topics and issues, personalised and relevant to our community and society.

At City Heights E-ACT academy we believe that all students can achieve a minimum of 8 strong GCSEs when they finish year 11. Students select their GCSE options in Year 8, which provides all students with a foundation year during Year 9, where they can deepen their knowledge and understanding in subjects, they are passionate about. Here we ensure that where necessary students receive additional interventions for English and Maths across both KS3/4, so all students leave our academy with the necessary qualifications.

For students who have shown high performance at primary school, there is a demanding curriculum which ensures that these students receive appropriate stretch and challenge. We have an extensive programme of extra-curricular opportunities to complement our in-class curriculum to ensure that high performing students are encouraged to reach their full potential, working with King's Scholars, Coachbright and local Universities to encourage extended and critical thinking in our students. These programmes are run by a member of our Senior Leadership Team with many opportunities for parents or carers of high performing students to engage readily in their child's education.

At KS4, we have designed a broad and balanced curriculum including GCSE and BTEC courses. Over 90% of our students do a strong academic core of Maths, English, Science, Spanish and a Humanities subject, ensuring that they are eligible for the EBACC award at the end of KS4. All students study both English Language and English Literature meaning that they receive a double GCSE in this subject area. Additionally, the majority of our students will study Double or Triple Science GCSE meaning that they will have more than one qualification in this key subject area. Beyond this core offer, students will have guided choice in a wide range of GCSEs across every curriculum area.

Admissions Criteria

After places have been allocated to children with an Education, Health and Care Plan that names City Heights E-ACT Academy, places will be allocated according to the following criteria:

Criterion 1: Looked-after child and previously looked after child

This is a child who is:

- a** is in the care of a local authority, or
- b** has subsequently been adopted or been made subject to child arrangement orders or a special guardianship order immediately after being in the care of the local authority.

Criterion 2: Sibling

This is a child with a brother or sister who already attends the academy and who will still attend the academy at the time of admission (for this purpose 'siblings' means a whole, half or step-brother/sister resident at the same address).

Criterion 3: Social/Medical needs

This is a child with a professionally-supported medical or social need whose application identifies that City Heights Academy is especially

able to meet that need above other schools and outlines the difficulties that would occur if the child had to attend elsewhere. The decision to prioritise children on these grounds will be determined by the admissions committee of the academy.

Criterion 4: Distance

Priority will be given on the basis of distance between the point at the child's home and the academy, measured by a straight line. This measurement will be done using the SIA Datamap computerised mapping system. The measurement will be from a point at the child's home to a central point in the academy's grounds as determined by the software. The child's home address will be the child's permanent place of residency during term time.

If parents are separated and share custody of the child, the address given should be that of the parent with whom the child spends most of the school week. This will normally be the address where Child Benefit is payable. If the parent making the application lives at a different address from the child a letter of explanation should be attached.

How to apply

Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

Open evenings 4.30-6.30pm

Thursday 1 October

Thursday 22 October

Visits to the Academy can be arranged, by appointment, for the first Friday of every month throughout the academic year.

An offer of a place made under this criterion will only be valid once proof of address has been given and confirmed.

As a tiebreaker for all criteria, priority will be given to children living closest to the City Heights Academy site measured in accordance with the guidance in criterion 4.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Independent appeals for this academy are arranged by academy staff. Please contact the academy for an appeals form.

Dunraven School

Dunraven School

94-98 Leigham Court Road
London SW16 2QB

Head of Secondary

Mr Guy Maidment BA, PGCE, NPQH

Excellence for all

Dunraven is designated as a high performing, All-Through school. In 2014, we were judged as ‘outstanding’ in all areas by Ofsted. The school is a National Support School and, in 2016, was appointed as a National Teaching school in recognition of our effective partnership and support work with a range of primary and secondary schools. We hold School Achievement awards, Sportsmark and Artsmark awards.

Aims

The aim of Dunraven School is ‘excellence for all’ – high academic expectations, high standards of learning and teaching, and excellent facilities. The Senior Leaders are “highly committed to developing pupils’ belief in their abilities and capacity to succeed.” Ofsted.

Our students wear a smart uniform and represent the school with pride. They learn to be aware of and respect the needs, views and values of others. They learn to develop self-confidence and powers of judgement.

“The whole-school ethos of developing ‘the growth mindset’ has raised pupils’ expectations through their own self-belief.” Ofsted 2014.

Academic standards

Dunraven School’s success in GCSE and A level examinations has grown year by year, much faster than the national average, based on challenging targets and high expectations. Results at all key stages are above national standards and our value added scores are strong. There are regular work reviews, progress checks, individual and school targets. Teachers are subject experts and know the students across year groups exceptionally well. Dunraven’s programme for able students as well as our work with students who need additional support has been commended.

“All groups of pupils achieve results that are significantly ahead of their peers nationally.” Ofsted 2014.

Features of the school

- a supportive primary-secondary transfer programme
- access to a broad and balanced curriculum

- accelerated, accelerating and standard teaching groups
- a strong emphasis on English, mathematics, science (including separate sciences), humanities, and modern foreign languages
- the arts, drama, music, physical education and dance have a high profile
- well developed information and communications technology provision
- “an outstanding” sixth form (Ofsted)
- a strong emphasis on homework and independent learning.

Dunraven School

- over 200 students enjoy specialist music lessons
- each student is known as an individual and particular attention is paid to those with English as a second language or those in need of additional challenge or support
- an exciting and varied enrichment programme of extension activities before and after school and at lunchtimes
- each tutor group represents a particular House and students apply for a diverse range of leadership opportunities
- a wide range of sports, educational visits and journeys
- a well developed programme to support access to Higher Education
- active links with many universities including Oxford and Cambridge
- the school’s Higher Attaining programme, encouraging students to participate in university-based activities from Year 7 onwards.

All-Through School

As an All-Through School, we offer a unique educational experience for both older and younger students. Students from all years work collaboratively on various projects throughout the academic year and children in year 6 automatically move into year 7.

Home and school

Dunraven has a Home-School Agreement and parental involvement is strongly encouraged. There is an active and well respected governing board. *"The school is held in high esteem..."* Ofsted 2014.

Allocating places

In addition to the 60 places for Dunraven Primary children, the

school will have 158 places for external applicants to the school, giving a cohort of 218 children for year 7. All external applicants for a place at the school are required to take a standardised test in verbal reasoning, non-verbal reasoning, quantitative reasoning (numeracy) and spatial reasoning. On the basis of the results of these tests, they will be placed in one of five equally sized ability bands. Places will be offered in the following proportions:

Band 1.1	20%
Band 1.2	20%
Band 2.1	20%
Band 2.2	20%
Band 3	20%

Where there are more applicants than places available in any ability band, places will be allocated according to the following criteria, which are stated in order of priority:

Looked after children: applicants who are in the care of a Local Authority or provided with Local Authority accommodation by that Authority and children who were looked after, but ceased to be so because they were adopted (or became subject to a child arrangements order or special guardianship order).

Siblings: applicants with another child from the same family already at the school who is expected to be on the roll of the school in September 2021. 'Sibling' is defined as a full, half or step brother or sister living at the same home address. It also includes an adopted or fostered child living at the same home address and dependent on the same primary carer.

Medical and/or social reasons: applicants must provide at least two pieces of written evidence of professional support which should be submitted, with the Supplementary Information Form, direct to the school before the closing date. Applications must set out the particular reasons why Dunraven School is the most suitable school and what difficulties would occur if the child had to go elsewhere. Any such applications will be considered objectively by the admissions committee of the school based on the evidence provided.

Children of staff at the school:

applications for children of staff at the school. The member of staff must be employed by Dunraven Educational Trust for a minimum of 0.6fte (21 hours support staff / 16.5 hours teaching staff) and have been employed at Dunraven School for at least 3 years at the time of submitting the application (ie. for September 2021 entry, their employment must have started no later than September 2017).

Distance: proximity of the child's home to the school, measured using a straight line from the home address (as identified by the mapping software) to the South Site entrance, 94-98 Leigham Court Road, London SW16 2QB, with those living nearest accorded the highest priority.

For full definitions of all of the above criteria, please refer to the school's admissions policy.

In the eventuality of insufficient applicants for places in any band, unfilled places will be offered to the next band.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Appeal Panel established under the School Standards and Framework Act 1998. For further details, please contact the Admissions Office at the school.

For further information and a prospectus please telephone 020 8696 5600 or see our website dunraven.org.uk

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 In addition, the Supplementary Information Form obtainable from the school or via lambeth.gov.uk/eadmissions must be completed and sent directly to Dunraven School by Saturday 31 October 2020. However, you are encouraged to submit your application by **Friday 23 October 2020.**

The Elmgreen School

The Elmgreen School

Elmcourt Road
London SE27 9BZ

Headteacher

Mr Dominic Bergin BA (Hons) NPQH

The Elmgreen School is a popular oversubscribed, high performing co-educational 11-18 secondary school. We are part of The Great North Wood Education Trust with the outstanding Rosendale Primary School. We offer a well-designed and flexible curriculum and the highest standards of teaching and learning, delivered within an atmosphere of mutual respect and personal achievement. This is encompassed in the mission statement of the school:

'To be an inclusive community working together so that all members achieve above and beyond their potential.'

As the country's first parent promoted school 'The Elmgreen Way' is integral to all of our structures. When you walk around the school you can feel the positive, welcoming atmosphere the school is so proud of. At The Elmgreen School there is something different, something special about the way:

'We look after ourselves; We look after each other; We look after our school and We look after our community'.

The school's curriculum has been developed to provide stimulating academic and vocational opportunities, meeting the needs of all students. At The Elmgreen School we set challenging targets and then we ensure they are met or exceeded. Great importance is also attached to pursuing skills and interests through a wide range of extension and extra-curricular activities.

Learning

As part of The Great North Wood Education Trust with Rosendale Primary School we pride ourselves on the quality of our transition. All students benefit from an excellent primary/secondary transition programme and an outstanding Key Stage 3 curriculum. There is a clear emphasis on a broad and balanced curriculum with English, Maths and Science complemented by our strong Humanities and Arts offer. This excellent curriculum offers a breadth and depth of learning. The broad range of personalised pathways at 14 to 19 is designed to enable maximum attainment. The school creates a rich experience for all our students from Mandarin and Latin to dance and debating. The progress of all students is closely monitored and tracked with regular and meaningful feedback to families. Particular support is given to those students who have specific learning or language needs. This has resulted in good progress and we are very

proud of the achievement of our students at Key Stage 3, 4 and 5.

The inclusivity of The Elmgreen School is reflected in its diverse cohort. Our commitment to every young person's achievement ensures that everyone is stretched. The school also has a well-resourced Special Educational Needs Department. Lambeth's Secondary Hearing Support provision is also located at the school. Generous praise and reward underpins the work to motivate a thriving school community, where staff and students work purposefully together in a positive well-ordered environment.

The staff's commitment to student achievement is embodied in the unique vision and ethos of The Elmgreen School. Students have a strong voice in the life of their school and are encouraged to become active learners and citizens. Humanities, the chosen specialism of the school, offers students, families and the local community

access to a range of exciting learning opportunities within the areas of English, History, Geography and Languages. University and business links are of paramount importance, with students benefiting from creative partnerships at a local and national level. All students experience a range of work-related opportunities aimed at raising aspirations and achievement.

Ambitions

Students at The Elmgreen School are encouraged to become articulate young people, filled with the confidence the school community and the wider community places in them. They are valued and respected so they, in turn, respect and value those around them. They achieve highly so that they are well prepared for life in a modern and diverse society. Students are given every opportunity to make informed choices and take advantage of an outstanding education, which will lead to a fulfilling adult life.

Buildings

The ethos and vision of The Elmgreen School is clear in its exceptional building. The building provides an exciting, flexible learning environment with lecture spaces, amphitheatre, media and music suites, exceptional art and design workshops, outstanding sports facilities, high quality ICT throughout the school and an inspirational library and learning resource centre.

Sixth Form

The Elmgreen School has a vibrant high achieving Sixth Form. As

part of the South London Sixth (SL6) collaboration, our close links enable us to offer an extended range of subjects and enrichment activities. Our students have a highly personalised experience which ensures that they are ready for the next stage of their education or employment as shown by our excellent destinations data which includes the very top universities.

The Great North Wood Education Trust

The Elmgreen School is in a Multi Academy Trust with Rosendale School. Together we are committ

Admissions criteria

The Great North Wood Education Trust is the admissions authority for The Elmgreen School. For admission to Year 7, please apply via your home borough's Common Application Form.

1: Looked after children. Priority will be given to looked after children and previously looked after children. Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a residence order or special guardianship order) immediately following having been looked after.

A child in public care (looked after child) means a person under the age of 18 years who is provided by social services with accommodation by agreement with their parents/carers (Section 20 of the Children Act 1989) or who is the subject of a care order under Part IV of the Act. Children who are looked after under an agreed

series of short-term placements (such as respite) are excluded.

2: Siblings. Children with a brother or sister who already attends the school, and who will not have left the school at the time of admission. As a result siblings in Year 11 will not be regarded as a sibling under this criterion. A sibling is defined as a full/half/step brother or sister (who are living at the same address in all instances) or a child who is living as part of the family by reason of a court order, or a child who has been placed with foster carers at that address as a result of being looked after by the council. However, children who are looked after under an agreed series of short-term placements (such as respite) will not be regarded as siblings under this criterion.

3: Children with exceptional medical or social needs. Children with a professionally supported medical or social need, whose application identifies a particular school that is especially able to meet that need. This criterion will also take into account where a parent/carer has a physical, mental or social need that is significant and demonstrable for their child to attend a specific school. This does not include childcare arrangements. The decision to prioritise on these grounds will be determined via MEDSOC panel, which is comprised of the council's senior management as well as senior school staff. Documents from an appropriate professional (e.g. GP, consultant or social worker letter or report, not including general information from a website) must

DfE code

Bus routes

2, 201, 415, 432, P13, 196, 468, 2, 68, 315, 322

support these applications.

However, any supporting evidence does not automatically mean that applicants will gain priority in this criterion as the decision to prioritise under this criterion will solely rest with the MEDSOC panel.

4: Children of staff at the school.

Applications for children of staff at the school. A member of staff for the purposes of this criterion must be employed by the said school as a teaching assistant or qualified teacher for a minimum of 0.6fte (16.5 hours teaching staff) and this employment must have been for at least 3 years at the time of submitting the application (i.e. their employment must have started no later than September 2015).

1. All such applications must be submitted to the MEDSOC Panel via a Common Application Form (CAF) submitted to the LA and must be accompanied with the relevant paperwork supporting an application on these grounds. The applicant must take sole responsibility to provide such paperwork. Without the provision of the relevant papers which identify all the above, priority will not be given.

2. There will be a maximum priority limit of 4 children per year group for secondary schools/phase (years 7 to 11).

5: Distance. Priority will be given on the basis of distance between the child's home and the school, measured by a straight-line. This measurement will be done using a computerised mapping system. This measurement will be from a point

from the child's home as identified by the software to a point at the school as profiled in the software.

As a **tiebreaker** for all criteria, priority will be given to children living closest to the preferred school (measured by a straight-line) in accordance with the measuring information in criterion 5. However, in the case where children have exactly the same distance between their home and the school, Lambeth LA will randomly allocate places as a tiebreaker. The admissions criteria for Lambeth community schools is available in full on lambeth.gov.uk/eadmissions

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Appeals for this school are arranged by Democratic Services, Telephone 020 7926 2170 or visit

lambeth.gov.uk for an appeals form (see page 14-15 for more details).

How to apply

Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

Harris Academy Clapham

Harris Academy Clapham

Clarence Avenue SW4 8LD

Executive Principal

Mr Sam Hainey

Principal

Ms Gizle Landman

Introducing Harris Academy Clapham

Harris Academy Clapham is a new, co-educational secondary school for Years 7 to 11 which opened in its new building for the first time in September 2020.

Your sons and daughters will be our second intake, we will only have students in Years 7 and 8 in 2021/22. We will work closely with Harris Clapham Sixth Form which opens in September 2021. We will be able to ensure that our students can continue their studies with Harris in Years 12 and 13. The Sixth Form site (on Kings Avenue) is within walking distance of our site, offering ideal opportunities for mentoring and sharing of state-of-the-art facilities.

Drive and ambition

Our vision is that 'everything is possible'. Our current Year 7 will tell you that they are ambitious for themselves; they work hard and are supported in turning their dreams and aspirations into a reality.

We have five core values for our students:

- **Endeavour** – to relish challenge, never to give up and to learn to take sensible risks;
- **Self-belief** – to believe that they can and will go on to achieve their ambitions;
- **Honesty** – to act with integrity, treating others the way they would like to be treated;
- **Excellence** – to never settle for second best or for the easiest option;
- **Having a global view** – to understand their place in the world and how they can make it a better place. We teach all the subjects you would expect, but with an additional focus on enabling students to master at least one foreign language. As well as Spanish, students learn Mandarin. You can search 'Harris Federation Chinese' on the internet to find out more!

Excellent, knowledgeable and well qualified staff

We prioritised recruiting experience and subject knowledge when we opened. This has been achieved. We have excellent senior and middle leaders and teaching staff, all of whom are subject experts.

An ideal opportunity to be part of a growing academy

Our 2021 Year 7 intake will be one of only two year groups in the Academy. Students will be guided in the way we do things at Harris Academy Clapham by our Year 8 students. They will also be able to take advantage of an excellent range of after-school activities. All our students participate in at least one enrichment activity every week. These activities are tailored around the interests of our students while also encouraging them to become involved in the local community.

Superb new building

Our state-of-the-art building is an

inspiring and welcoming environment for students. Our teachers have access to the latest technology and subject resources to teach their subjects to the full, this includes state-of-the-art DT, art, drama and music facilities.

Part of the successful Harris Federation

The Harris Federation is a not-for-profit charity with nearly 50 academies in and around London. It regularly tops academic studies and national league tables measuring performance. Almost all Harris secondary academies are judged 'outstanding' by Ofsted. Harris secondary academies are known for combining traditional standards of manners, discipline and uniform with the best of modern teaching and technology. On average, there are around four applications from parents for every place available.

In the most recent national league tables, the Harris Federation was the **top performing large academy trust** for:

- The academic progress of students;
- The progress of disadvantaged students;
- The proportion of students gaining the prestigious English Baccalaureate.

In addition to running schools, the Harris Federation provides high quality training and professional development for teachers throughout this part of England.

What others say

"I look back at my school years and say: they were the best years of my life." – Stormzy, Glastonbury headlining artist and alumnus of Harris Academy South Norwood

"Behaviour is impeccable as we move from class, to class, to class; but it's not oppressive. It's the behaviour you see when every pupil is thinking." – Laura McInerney, former Schools Week editor

"One institution, however, provides evidence that poverty need be no barrier to advancement for sixth formers if they are given an excellent academic training. This is the Harris Federation." – The Times newspaper

Harris Academy Clapham admission arrangements for September 2021

Introductory Statement

Harris Academy Clapham is a mixed ability academy for girls and boys. It is a seven-form entry secondary school with a published admissions number (PAN) of 195.

Oversubscription Criteria

When the school is oversubscribed, after the admission of pupils with an Education, Health and Care Plan or a Statement of Special Educational Needs naming the school, priority for admission will be given to those children who meet the criteria set out below, in priority order:

1. Looked after children and children who were previously looked after but immediately after being looked after became subject to adoption,

a child arrangements order, or special guardianship order.

2. Priority will next be given to the siblings* of pupils attending the school at the time the application is received and who will not have left the school at the time of admission.
3. Priority will next be given to the children of staff who have been recruited to fill a skill-shortage area.
4. Priority will next be given to children attending the following feeder school – Glenbrook Primary School.
5. Remaining places will be offered on the basis of proximity of the child's home address to the school. The point within the school to be used in any distance calculation will be the main entrance to the school building. Distances will be measured in a straight line from the child's home address, with those living closer to the school receiving the higher priority. Where two or more applicants share a priority place, the child allocated will be determined by drawings of lots.

Tie-break

Random allocation will be used as a tiebreaker where there are two or more applicants who have equal ranking/are equal distance from the nodal point, but there is only one school place available. Where random allocation is used, it is independently verified.

Children of multiple births

Random allocation will not be

applied to multiple birth siblings (twins, triplets etc.) from the same family tied for the final place. We will admit them all and exceed our PAN.

Notes

Home address

The home address is where a child normally lives. Where a child lives with parents with shared parental responsibility, each for part of a week, the address where the child lives is determined using a joint declaration from the parents stating the pattern of residence. If a child's residence is split equally between both parents, then then parents will be asked to determine which residential address should be used for the purpose of admission to school. If no joint declaration is received where the residence is split equally by the closing date for applications, the home address will be taken as the address where the child is registered with the doctor. If the residence is not split equally between both parents, then the address used will be the address where the child spends the majority of their school week.

Sibling: 'Sibling' means a natural brother or sister, a half brother or sister, a legally adopted brother or sister or half brother or sister, a stepbrother or sister or other child living in the same household as part of the same family who, in any of these cases, will be living at the same address at the date of their application for a place.

A 'looked after child': is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children's Act 2002 (see section 46 adoption orders). Child arrangements orders are defined in s.8 of the Children Act 1989, as amended by s.12 of the Children and Families Act 2014. Child arrangements orders replace residence orders and any residence order in force prior to 22 April 2014 is deemed to be a child arrangements order. See Section 14A of the Children Act 1989 which defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians).

Late applications

All applications received by the LA after the closing date of 31 October 2020 will be considered to be late applications. Late applications will not be considered until after National Offer Day, 2 March 2021. If, following consideration of applicants the school is oversubscribed, parents may request that their child is placed on the school's waiting list.

How to apply

Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

Open evenings

7 October 2020, 5-8pm

Open mornings

Friday 9 October, 9-10:30am

Monday 12 October, 9-10:30am

Wednesday 14 October, 9-10:30am

Admission of Children outside

their normal age group Parents may request that their child is admitted outside their normal age group. To do so parents should include a request in their application, specifying why admission out of normal year group is being requested. When such a request is made, the academy trust will make a decision on the basis of the circumstances of the case and in the best interests of the child concerned, taking into account the views of the head teacher and any supporting evidence provided by the parent.

Appeals

All applicants refused a place have a right of appeal to an independent appeal panel constituted and operated in accordance with the School Admission Appeals Code. Appellants should contact the Principal, for information on how to appeal. Information on the timetable for the appeals process is on our website at harrisclapham.org.uk

Lambeth Academy is a school committed to bringing out the best in everyone. Our mission is to ‘be exceptional’ in all that we do and we strive to ensure that all of our students and staff achieve their potential. We want our children and young people to be confident, well-rounded individuals who are prepared to play a full role in the world in which they live.

We have a **relentless focus on high standards**, whether this is on the learning in classrooms, our students’ interactions around the Academy, or in raising their aspirations. **We don’t apologise for this, even if it seems that we are strict; we are, and we celebrate our high expectations of each other.**

We have a rich and diverse curriculum that meets the needs of

all of our students. Each student has the full support of every member of staff from their first day in Year 7 right through to their last day at school.

Our students also benefit from a host of extra-curricular opportunities and experiences including trips abroad, sport, language clubs, drama and dance.

We offer a full range of GCSE options at Key Stage 4 and a full range of AS and A2 courses in our

Sixth Form. In addition, we offer a number of vocational qualifications. Learning is at the heart of what we do. Each child gets the support of a Head of Year to guide them through each stage of their development and will become a point of contact for parents. We pride ourselves on the expert subject knowledge of our staff and the way they inspire our students to have the same thirst for learning.

We recognise that working together is the most powerful way to enable our students to achieve their full potential.

Admissions

All applicants are required to

take a standardised test in verbal reasoning, non-verbal reasoning and numeracy. On the basis of the results of these tests, each applicant will be placed in one of five ability bands, with the same number of places offered to students in each band. This will be a common banded admission test for a group of Lambeth secondary schools, including Lambeth Academy.

Children applying to more than one of these schools will only be required to sit one test. The test will take place on Saturday 14 November 2020.

After places have been allocated to children with an Education, Health

and Care Plan that names Lambeth Academy, places within each band will be allocated in the following order of priority:

- Children in the care of the council 'looked after' children, and 'previously looked after' children, who have been adopted or who have become the subject of a residence or guardianship order.
- Siblings of students currently attending the Academy and who will continue to do so on the date of admission. The term 'sibling' means a full, step, half, adopted or fostered brother or sister, but not cousins.

La Retraite Roman Catholic Girls' School

La Retraite Roman Catholic Girls' School
Atkins Road
London SW12 OAB
Headteacher
Mr Dominic Malins

La Retraite is a Catholic school with a long history of offering excellent education to its students; it has been designated 'Outstanding' by Ofsted and regularly achieves very high examination results. We serve both the the Catholic and local communities, welcoming students of all faiths and all backgrounds to be part of our caring, friendly and high achieving family.

The tradition of La Retraite RC Girls' School, since 1880, has been to nurture each and every student to become capable, independent learners and thoughtful and responsible young people, determined to achieve the highest standards and play a significant role in their community. Our mission is to continue this tradition, delivered within the context of Gospel values and the teachings of the Church to allow all students regardless of their Faith to grow. At La Retraite, all students achieve the highest

possible standards; they have the opportunity to contribute to their community; they develop confidence; they make friends and they enjoy their learning.

La Retraite's Ofsted designation as an 'outstanding' school reflects the high attainment levels reached by most of our students, who are ambitious and aspirational. Teaching and learning are at the heart of everything we do and we aim to make these experiences enjoyable as well as productive. We want every child to achieve the best of which she is capable in this comprehensive school where all are valued.

Academic Excellence

La Retraite has a superb record of exam success, with results well above national averages and all students making outstanding progress. This is achieved through the energy and commitment of the teachers and by carefully matching the curriculum to the ability and interests of our students. We set

our students according to ability in English, MFL, Mathematics and Science, and our exceptionally high pass rates in these core subjects demonstrate the success of this strategy. Small class sizes in Textiles, Product Design and Art, (a maximum of 20 students) and in Music, (15 students), allow teachers to give students a very personalised experience and an opportunity to really master the practical skills.

Outstanding Pastoral Care

There is a strong network of pastoral staff — from Learning Support Staff to English as an Additional Language (EAL) Teachers. Each student has a Form Tutor, a Year Learning Coordinator and a Pastoral Support Manager overseeing her needs and progress. Students also have access to Learning Mentors and the school's own Counsellor. The team know the students individually and they work together to ensure that the academic and personal needs of every student in their care are met and that the students are happy young people.

Extra-curricular

The school offers a range of extra-curricular activities to suit every taste, including a Royal Navy sponsored La Retraite Combined Cadet Force, (CCF), a voluntary after-school organisation open to students from La Retraite and Streatham and Clapham High School, our partner school. La Retraite has a strong musical and drama tradition and offers students a range of opportunities to learn musical instruments and to showcase their talents. We have a full programme of subsidised instrumental tuition and a weekly evening Music School. There are a range of performance groups, including several exceptional choirs and a fantastic orchestra.

A huge variety of sporting activities are on offer at La Retraite, ranging from Gymnastics and Hockey, to Netball and Football. Our teams do exceptionally well, often representing the Borough and beyond. Year 9 and 10 students from La Retraite have the opportunity to qualify as Sports

Leaders and can be seen regularly at many primary schools, officiating competitions and coaching teams.

Admissions policy

Admissions to the school are made by the governing body. Parents must make an application for admission to Year 7 by completing the Common Application Form (CAF) provided by the Local Education authority in which the applicant lives. Applications for places in other year groups can be made at any time. The governors will also require parents to complete a supplementary form and return this to the school by the same date. This form will be to establish Catholic practice and commitment. It will seek information not available on the Common Application Form relating to the evidence set out in section 1 below. It will require a reference from a parish priest or other minister of religion. Completion of a supplementary form is not mandatory. However, if one is not received, the governors will not be able to apply the admission criteria, and the application will be considered under the 'other girls' category. In making their decisions the governors will take into account the information from the supplementary information form and the religious reference.

Criteria for Admission

Governors will admit applicants in the following order of priority:

1 Baptised Roman Catholic girls, including those who have been received into the Catholic Church and whose families are members of the Ordinariate and girls who

are baptised members of Eastern Rite Churches in communion with Rome, who are looked after girls and previously looked after² girls who have been adopted.

- 2** Baptised Roman Catholic girls, including those who have been received into the Catholic Church and whose families are members of the Ordinariate and girls who are baptised members of Eastern Rite Churches with Rome and where La Retraite is in possession of a completed Supplementary Information Form. Other looked after girls and previously looked after girls who have been adopted.
- 3** Baptised Eastern Orthodox girls.
- 4** Christian girls baptised in other denominations who are enrolled on and participating in a formal course of preparation for the First Sacraments in a Roman Catholic parish at the time of application and where La Retraite is in possession of a completed Supplementary Information Form.
- 5** All other girls.

The following order of priorities will be applied when applications within any of the above categories exceed the places available and it is necessary to decide between applications.

Within each category 1 to 5 priority will be given to:

- i** Girls who have a twin/triplet that have already been allocated a place
- ii** Girls who have a sibling in years 7 to 12 at the time of application

La Retraite Roman Catholic Girls' School

iii Girls who are students at St Bernadette Junior School, Clapham Park

Within categories 1, 2 and 4 applicants will be:

- i Ranked according to Sunday Mass attendance in the following order: those who attend weekly, fortnightly, monthly, occasionally, never.
- ii Then allocated to an ability band according to the outcome of the tests. Where there is oversubscription by Catholic applicants to a particular band, applicants will be allocated to the adjacent band for the purposes of the admissions procedure

Within category 5 (other girls):

- i Where places remain after all applicants in (i) to (iv) have been considered, governors will take account of the outcome of the tests and the places still available within the ability bands. Applicants scoring test results within one of

the three ability band score ranges will be awarded places until all places within the bands have been allocated.

Final tiebreaker

Within each category 1 to 6 in the event of an equal right to a place, priority is given to the girl who lives nearest to the school as measured by Lambeth LA's computerized mapping system. In cases where applicants have exactly the same distance between their home and the school, Lambeth LA will randomly allocate places on behalf of the Governors.

Appeal arrangements

Parents and Carers whose applications are unsuccessful may appeal to an independent Appeal Panel set up in accordance with Section 85(3) of the School Standards and Framework Act 1998. Appeals must be made in writing and must set out the reasons why the appeal is being made. They should be directed to the Clerk to the Appeals Panel at

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 In addition the Supplementary Information Form must be completed online via the schools website: laretraite.lambeth.sch.uk by Saturday 31 October 2020.

the school (an independent clerk appointed under the terms of the relevant Education Act).

The appeal will usually be on the grounds of maladministration by the school or because of the overriding need of the child and should be received at the school, preferably by 31 March 2021.

Lilian Baylis Technology School

Lilian Baylis Technology School

323 Kennington Lane

Vauxhall

London SE11 5QY

Headteacher

Gary Phillips

Lilian Baylis Technology School (LBTS) is a mixed, 11-19, non denominational school located in a brand new building at Vauxhall.

“An outstanding school in all aspects.” Ofsted 2013

Ofsted

Our last full Ofsted report stated:

“Teaching is outstanding. Teachers are highly skilled in their planning and in the way they ask questions”.

“The teaching of reading, writing and communication across all subjects is a particular strength”

“Students display excellent attitudes to learning and behave very well around the school”.

“Students thrive because the school is a very caring and inclusive community and excellent support systems are in place”.

“The sixth form is outstanding. Students make great strides in their learning in the newly established sixth form because they benefit from excellent teaching, individualized support and a very relevant and meaningful curriculum”

“The headteacher is determined and relentless in his focus on improvement. This is driven by his passionate belief that all students, irrespective of their circumstances, are entitled to the best possible education”

High standards for all

All of our students are supported through outstanding teaching, small classes and setting to ensure that they reach the highest standards. We support our most able through setting in English, Maths and Science, offering separate GCSE Sciences (Biology, Chemistry and Physics) and GCSE Computer Science.

Students can study a wide range of options for GCSE. These include Geography, History, Sociology, Religious Studies, Art, Sport Science, Music, Drama, Business, Computer Science, Food Technology, Resistant Materials and Engineering. Students can also choose one, two or three GCSEs in a Modern Foreign Language from French, Spanish, Arabic, Portuguese and Mandarin.

Our results show that our students are achieving well above national average in GCSE English and Maths for both progress and grades. We expect this trend to continue due to our outstanding teaching and curriculum.

Lastly all our students undertake a wide range of university visits with our partners at Kings College, Cambridge University and London South Bank University. In all cases these visits include meeting our ex students who now attend these universities.

Transforming life chances

LBTS works in partnership with London South Bank University and Kings' College, London to transform the life chances of all students.

Through our partnerships we offer a Saturday school, mentoring by university undergraduates, master classes and regular study days. The school has also been awarded 'Investors in Careers' due to its partnership with a number of major businesses including St Thomas' Hospital, Omnicom, IBM, Berkley St James and Cushman and Wakefield. These businesses provide mentors, career placements and work shadowing opportunities.

We are proud to be one of the few schools to obtain the 'Artsmark Gold' and 'Sportsmark' awards. This means that we can offer all our students the opportunity to take part in arts and sports projects with leading national organisations including Tate Modern, the Royal Festival Hall, Fulham Football Club and Surrey Cricket Club.

Our partnership with parents

One of the reasons Lilian Baylis Technology School continues to be an outstanding school is its emphasis on working in partnership with parents. We have seven full time pastoral officers who will contact you if we have any concerns. You can also contact them by phone or 'drop in' at any time during the day. To share our expectations we issue a full report every 6 weeks and hold regular academic parents evenings every term so that each parent can meet their child's teachers to review his/her progress in detail. We also hold regular careers fairs and celebration events where you can meet teachers, local employers, colleges and universities.

Lilian Baylis Technology School

A healthy school

Lilian Baylis Technology School has been awarded the Advanced National Healthy Schools Standard. All students study PE and can join in a wide range of after school sports clubs and teams. In addition all students study all aspects of health including diet, drugs, sex and relationships and smoking. Our canteen only serves healthy food.

Our new building

We are very privileged to have an exceptional new building. This includes state of the art laboratories and design technology workshops, an inspiring library and leading edge Computer Science facilities. Throughout the school there are flexible learning centres where students can simply log on to computers and continue with their studies. These can be used on weekdays from 7am-5pm and on Saturday mornings.

Admission criteria

Children with an Education, Health and Care Plan that name Lilian Baylis Technology School will, by law, be offered a place first.

All other children applying for admission to the school in Year 7 will be required to take Verbal Reasoning, Numeracy as well as Non Verbal Reasoning tests. The purpose of the test is to band pupils in order to ensure that the school has a balanced and comprehensive intake, ie an equal number of applicants are admitted from each ability band. All applicants will be placed in one of six bands – five ability bands (based on the child's test

score) and a band for those without a test score.

Children who have not taken the tests will only be considered for a place at the school after those who have taken the test. In the case of continued oversubscription after the full allocation of places, a place will only become available to a child who has not taken the test once all other children remaining on the oversubscription waiting list for places have been offered a place.

The criteria will be applied to applicants in each band in the order set out below:

1 Looked After Children and Previously Looked After Children.

Priority will be given to looked after children and previously looked after children. Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a residence order or special guardianship order) **immediately** following having been looked after.

The School Admissions Code 2014 states that: A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children's Act 2002 (see section 46 adoption

orders). Child arrangements orders are defined in s.8 of the Children Act 1989, as amended by s.12 of the Children and Families Act 2014. Child arrangements orders replace residence orders and any residence order in force prior to 22 April 2014 is deemed to be a child arrangements order. See Section 14A of the Children Act 1989 which defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians). Children who are looked after under an agreed series of short-term placements (such as respite) are excluded. All applications under this criterion must be supported by a letter from the relevant Local Authority.

2 Siblings. Children with a brother or sister who already attends the school, and who will not have left the school at the time of admission. As a result siblings in Year 11 will not be regarded as a sibling under this criterion. A sibling is defined as a full/half/step brother or sister (who are living at the same address in all instances) or a child who is living as part of the family by reason of a court order, or a child who has been placed with foster carers at that address as a result of being looked after by the council.

However, children who are looked after under an agreed series of short-term placements (such as respite) will not be regarded as siblings under this criterion.

3 Children with exceptional medical or social needs. Children with a professionally supported medical or social need, whose

2, 3, 36, 44, 59, 77, 77A, 88, 109, 133, 155, 156, 159, 185, 196, 333, 360, 436

application identifies a particular school that is especially able to meet that need. This criterion will also take into account where a parent/carer has a physical, mental or social need that is significant and demonstrable for their child to attend a specific school. This does not include childcare arrangements. The decision to prioritise on these grounds will be determined via MEDSOC panel, which is comprised of the council's senior management as well as senior school staff. Documents from an appropriate professional (e.g. GP, consultant or social worker letter or report, not including general information from a website) must support these applications. However, any supporting evidence does not automatically mean that applicants will gain priority in this criterion as the decision to prioritise under this criterion will solely rest with the MEDSOC panel.

There is no framework (statutory or otherwise) for a parent/carer to appeal against the decision of the MEDSOC Panel. All Panel decisions are final and are binding for both school and children.

4 Children of staff at the school.

Applications for children of staff at the school. A member of staff for the purposes of this criterion must be employed by the said school as a teaching assistant or qualified teacher for a minimum of 0.6fte (16.5 hours teaching staff) and this employment must have been for at least 3 years at the time of submitting the application (i.e. their employment must have started no later than September 2017).

1. All such applications must be submitted to the MEDSOC Panel via a CAF submitted to the LA and must be accompanied with the relevant paperwork supporting an application on these grounds, e.g. a letter from the headteacher or other senior leadership team member. The applicant must take sole responsibility to provide such paperwork. Without the provision of the relevant papers which identify all the above, priority will not be given.

2. There will be a maximum priority limit of 4 children per year group for secondary schools/phase (years 7 to 11).

5 Distance. Priority will be given on the basis of distance between the child's home and the school, measured by a straight line. This measurement will be done using a computerised mapping system. This measurement will be from a point from the child's home as identified by the software to a point at the school as profiled in the software.

As a **tiebreaker** for all criteria, priority will be given to children living closest to the preferred school (measured by a straight-line) in accordance with the measuring information in criterion 5. However, in the case where children have exactly the same distance between their home and the school, Lambeth LA will randomly allocate places as a tiebreaker.

The admissions criteria for Lambeth community schools is available in full on **lambeth.gov.uk/eadmissions**

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 In addition the Supplementary Information Form must be completed on line via the school's website lilianbaylis.com and submitted by Saturday 31 October 2020.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998.

Appeals for this school are arranged by Democratic Services on 020 7926 2170 or visit lambeth.gov.uk for an appeals form (details on pages 14-15).

The London Nautical School

The London Nautical School

61 Stamford Street
London SE1 9NA

Headteacher

Mr Michael Schofield BA Hons NPQH

The London Nautical School exists to educate and prepare pupils to be able to meet the needs of society, either at sea or in any other occupation, where responsibility, attention to duty and regard for others are valued equally with academic and practical skills. The school's success in achieving its aim depends on effective partnership between parents, pupils, staff and governors, together with a curriculum within which the school's nautical character forms a central part.

History

The London Nautical School was formed as a direct consequence of the sinking of the RMS Titanic in 1912. The board of trade enquiry recommended the necessity of

introducing several nautical training schools to improve seamanship. The London Nautical School is the only one of those training schools that remains with a nautical and maritime ethos.

The original location was in Rotherhithe as an annex of the Rotherhithe New Road School in 1915 led by the then Headmaster Commander Archibald Walter Buckle (Royal Navy) who was awarded the Distinguished Service order for bravery in World War One. In 1937 the school gained its own site in Silwood Street Surry Quays, and became known as The London Nautical School. In 1965 we moved to Broadwall, Waterloo, and then to our present location in Stamford Street, Waterloo.

A Small School

London Nautical is small enough that we all know each other personally. We provide all pupils, staff and visitors with a safe environment for learning. We recognize the role of parents in the success of the school and actively involve them. We have an excellent pastoral team and a very high quality teaching staff. Year Heads and Tutors stay with the same group of pupils throughout their time at the school enabling them to build up strong relationships with pupils and parents.

Outstanding Sporting Opportunities

We have an excellent reputation as a sports college. Our teams frequently top local sports leagues and we have several sporting internationals amongst our pupils. Pupils are offered a wide range of sporting opportunities within the curriculum and as extra-curricular activities. We choose to offer more time for PE/ Games in our curriculum because active participation in sport improves teamwork and co-operation.

Curriculum

Our vision at London Nautical is to provide a great education. The curriculum and learning experience enables every individual to be stretched, allowing them to achieve their academic potential. It is also our aim to prepare our young people to be good citizens, so that they are ready and equipped for life in our modern society.

As well as a curriculum which offers depth, breadth, enjoyment, challenge and choice, we also offer an extensive extra-curricular provision which includes sailing, kayaking, sports, music, drama and lots more. The school's central location allows us to organise trips and visits to different parts of our great city. We strongly believe that the different opportunities offered will allow our young people to achieve their aspirations.

Serving the whole of London in the Heart of London

We work regularly with high profile theatre companies and galleries giving pupils fantastic opportunities to broaden their experiences. We are a pan London School because we have no catchment area. Our pupils come from every borough and we welcome applications from all over London.

Admissions and over-subscription criteria

The London Nautical School admits pupils of all abilities from the whole of London, and occasionally beyond. For year 7's starting school in September 2021 there are 120 places available that will be allocated according to the following criteria:

1 Pupils who are in the care of a Council or provided with accommodation by that Council in accordance with the Children Act 1989, often known as 'looked after children' (also a legal obligation). This will include any who are 'previously looked after children' (defined as those who

have ceased to be because of adoption, a residence order or a special guardianship order).

2 Pupils who already have another sibling on the school roll (including 6th form) as at September 2021. Sibling is defined as a full, half or step brother/sister who is living at the same home address, and may include an adopted or fostered child provided they can be proven to be resident at that address.

3 Medical and/or social reasons: applications must be professionally supported. Medical reasons must be supported by written medical evidence. The evidence should come from at least two registered health professionals. An application being made for social reasons must be supported by written evidence from registered professionals such as social workers or other social care professionals. Medical or social applications must set out the particular reasons why the London Nautical School is the most suitable school and what difficulties

would occur if the child had to go elsewhere. Any such applications will be considered objectively by the Admissions Committee of the school based on the evidence provided. Application under this criteria does not guarantee a priority place and cannot be considered without the appropriate supporting evidence.

4 All other pupils.

NB. pupils with an Education, Health and Care Plan are dealt with under a separate system administered by their local authority.

All applicants under category 4 are treated equally, and in common with many other schools:

25% - Band A
50% - Band B
25% - Band C

Where there are more applicants than places available, all potential pupils (including those in categories 1 to 4) will sit an ability test for the purposes of banding ability. This enables us to ensure the school has a very wide range of ability within it. Pupils

The London Nautical School

are allocated to one of 3 bands according to results.

Where there are more applicants than places within a particular band, allocation of those places will be by way of random selection with all pupils having equal opportunity. An appropriate independent person who is not a member of the school staff, governors or an LNS parent, will supervise this process. In the case of twins, where one is allocated a place in the ballot, the remaining twin will also receive a place within their relevant band.

All admissions are co-ordinated through the Pan-London Co-ordinated scheme and parents will be required to apply on the appropriate Common Application Form via their Local Authority before the published date. In addition, a supplementary form must be sent to the Admissions Department at the London Nautical School before that date. The Local Authority will advise parents whether or not a place at the school has been allocated to them on the 1 March 2021. Parents are allocated the highest preference school that has offered a place.

Waiting lists

The London Nautical School will operate a waiting list. Where in any year the school receives more applications than available places. A waiting list will be maintained by The London Nautical School from 1 September of the year to which the application applied in accordance with council guidelines.

Children's position on the waiting lists will be determined solely in accordance with the oversubscription criteria set out above. Where places become vacant they will be allocated to children on the waiting list in accordance with the published oversubscription criteria.

Children who are subject of a direction by the secretary of state to admit will be given precedence for admission over children on the waiting list.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Independent appeals for this school are arranged by school staff, please telephone the school for an appeals form.

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 In addition the Supplementary Information Form obtainable from the school or via lambeth.gov.uk/eadmissions must be completed and sent directly to The London Nautical School by Saturday 31 October 2020.

The Norwood School

The Norwood School

Crown Dale
London SE19 3NY

Headteacher

Mrs Denise Webster NPQH

The Norwood School is a vibrant, successful, oversubscribed 11-19 mixed secondary school. As an inner London community school, we strive to engage and reflect our diverse intake through our educational provision and remove all barriers to personal, social and academic growth. The quality of pastoral and specialist care and support, and our caring and inclusive ethos, are recognised locally and highly appreciated by parents and students. Our enthusiastic staff are committed to ensuring each child reaches their full potential.

Our most recent Ofsted report identified a number of strengths:

'Central to your school's work is the determination to ensure that all pupils, including those from disadvantaged backgrounds, succeed academically.'

'Attention to the individual and the care that people take is a real strength of the school.'

We are committed to ensuring our students are able to master the knowledge, skills and social confidence necessary for them to progress to the next stage of their educational career and beyond, as confident, outward-looking individuals. Proud of our successes, we are determined to become even better. Norwood School is a good school on a journey to becoming a great one. The positive impact of our work is best reflected in our impressive examination outcomes which at KS 4 place us in the top 20% of schools nationally.

A personalised and bespoke learning experience

We deliver a rich, challenging and progressive curriculum, delivered by passionate experts, that celebrates diversity, builds confidence, nurtures curiosity, allows for personal and social growth, develops awareness of and passion in the arts and that, ultimately, seeks to create well-rounded, life-long learners who have a voice that is heard and respected.

Using a variety of distinctive pathways, we recognise student promise. Our 'outstanding' curriculum is designed to meet the needs and abilities of all students, praised as "innovative and engaging" right through to our thriving Sixth Form. Our most able participate in bespoke university style pathways and our Bursary Programme. Our specialist status makes an outstanding contribution to the quality of our provision and to the engagement and relevance of students' lessons. Immersion Days, Arts Week and our Extra Curricular Programme, provide pupils with life-

long memorable experiences that extend, enrich and support their learning. We create opportunities for staff to share their passion for their subjects with students and to deliver lessons that stimulate, motivate and excite our young people.

Working together to achieve success

We have established a number of successful partnerships with local primary and secondary schools, community groups, local businesses and international organisations which enrich our curriculum offer. These collaborative partnerships provide a number of opportunities for students to be inspired, expand their knowledge, develop their skills and experience and contribute to their success. The school is committed to ensuring that students leave Norwood as independent, successful individuals with a sense of community, civic responsibility and a thirst for learning. Our excellent primary to secondary transition programme ensures students settle into school exceptionally well.

A vibrant Sixth Form

Our successful and expanding Sixth Form has a 100% pass rate. The post-16 provision, with strong Russell Group University links and Careers Guidance is engaging and a full and varied range of extra-curricular activities and work experience placements enrich the programme. The curriculum offer at Key Stage 5 provides a natural progression route for students to the top universities as well as high quality apprenticeships. Please see our website for more details.

Admission Criteria

Children with an Education, Health and Care Plan that name The Norwood School will, by law, be offered a place first. All other applicants will be placed in one of seven bands – bursary, five ability bands and a band for those without a test score, and the oversubscription criteria will be used to determine who can be offered a place within each band.

Performing and Visual Arts

Bursaries

The Norwood School are proud to offer up to 10% of the Yr 7 cohort Bursary places to those who show a natural aptitude and passion for the Arts. Applicants are invited to attend a Performing Arts audition or a Visual Arts workshop, followed by a short formal interview.

Please see the website for more details, provision and interviewing process. Children who are eligible for a bursary place will have their names placed in the school's bursary band.

Ability banding

All children applying for admission to the school in Year 7 will be required to take: a Verbal Reasoning, a Numeracy and a Non Verbal Reasoning test. The purpose of the test is to band pupils in order to ensure that the school has a balanced and comprehensive intake.

The children who have taken the test will receive first priority and be considered for a place at The Norwood School before those who have not taken the test. In cases of continued oversubscription after the full allocation of places, a place will only become available to a child who has not taken the test once all other children remaining on the oversubscription waiting list for places (that have sat the test) have been offered a place. Places in each band will be allocated on the basis of the oversubscription criteria detailed below:

1 Looked after child. Priority will be given to looked after children and previously looked after children. Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a residence order or special guardianship order) immediately following having been looked after. A child in public care (looked after child) means a person under the age of 18 years who is provided by social services with accommodation by agreement with their parents/ carers (Section 20 of the Children Act 1989) or who is the subject of

a care order under Part IV of the Act. Children who are looked after under an agreed series of short-term placements (such as respite) are excluded. All applications under this criteria must be supported by a letter from the relevant Local Authority.

2 Siblings. Children with a brother or sister who already attends the school, and who will not have left the school at the time of admission. As a result siblings in Year 11 will not be regarded as a sibling under this criterion. A sibling is defined as a full/half/step brother or sister (who are living at the same address in all instances) or a child who is living as part of the family by reason of a court order, or a child who has been placed with foster carers at that address as a result of being looked after by the council. However, children who are looked after under an agreed series of short-term placements (such as respite) will not be regarded as siblings under this criterion.

3 Children with exceptional medical or social needs. Children with a professionally supported medical or social need, whose application identifies a particular school that is especially able to meet that need. This criterion will also take into account where a parent/carer has a physical, mental or social need that is significant and demonstrable for their child to attend a specific school. This does not include childcare arrangements. The decision to prioritise children on these grounds will be determined via MEDSOC panel, which is

comprised of the council's senior management as well as senior school staff. Documents from an appropriate professional (e.g. GP, consultant or social worker letter or report, not including general information from a website) must support these applications. However, any supporting evidence does not automatically mean that applicants will gain priority in this criterion as the decision to prioritise under this criterion will solely rest with the MEDSOC panel. There is no framework (statutory or otherwise) for a parent/carer to appeal against the decision of the MEDSOC Panel. All Panel decisions are final and are binding for both school and children.

4 Children of staff at the school.

Applications for children of staff at the school. A member of staff for the purposes of this criterion must be employed by the said school as a teaching assistant or qualified teacher for a minimum of 0.6fte (16.5 hours teaching staff) and this employment must have been for at least 3 years at the time of submitting the application (i.e. their employment must have started no later than September 2017).

1. All such applications must be submitted to the MEDSOC Panel via a CAF submitted to the LA and must be accompanied with the relevant paperwork supporting an application on these grounds, e.g. a letter from the headteacher or other senior leadership team member. The applicant must take sole responsibility to provide such

paperwork. Without the provision of the relevant papers which identify all the above, priority will not be given.

2. There will be a maximum priority limit of 4 children per year group for secondary schools/phase (years 7 to 11).

5 Distance. Priority will be given on the basis of distance between the child's home and the school, measured by a straight-line. This measurement will be done using a computerized mapping system. This measurement will be from a point from the child's home as identified by the software to a point at the school as profiled in the software.

As a **tiebreaker** for all criteria, priority will be given to children living closest to the preferred school (measured by a straight-line) in accordance with the measuring information in criterion 5. However, in the case where children have exactly the same distance between their home and the school, Lambeth LA will randomly allocate places as a tiebreaker. The admissions criteria for Lambeth community schools is available in full on lambeth.gov.uk/eadmissions

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Appeals for this school are arranged by Democratic Services, tel. 020 7926 2170 or visit lambeth.gov.uk for an appeals form (see pages 14-15 for more details).

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 If you are interested in applying for our Bursary then you must apply direct to the school for an application form. Bursary applications forms must be returned to the school by Friday 9 October 2020.

3 In addition the Supplementary Information Form obtainable from the school website or via lambeth.gov.uk/eadmissions must be completed and sent directly to The Norwood School by Friday 23 October 2020.

Climb the STAIRS to Greatness

Oasis Academy South Bank is a secondary school based in Waterloo which exists to serve the local community and offer outstanding education. In 2015, OASB was graded 'Outstanding' by Ofsted in all areas in this first inspection. OASB opened their Sixth Form in September 2018.

OASB aspires to be a world-class school where we focus equally on securing outstanding academic qualifications and developing all aspects of a child. Within the curriculum we offer exciting opportunities and experiences that will develop a youngster culturally, socially, morally, physically and emotionally, thus ensuring every young person is successful in securing employment in a career with prospects.

Our Vision and Values

Oasis Academy South Bank is an academically high-achieving inclusive community.

When Ofsted visited OASB in 2015 they commented that "The Academy is

a school where no child is left behind"

Preparing our children for employment in a career with prospects is at the heart of what we do. Through a rigorous approach to academic outcomes and a commitment to developing and building social and cultural capital, all our students

"Climb the STAIRS to Greatness"

'Climb the STAIRS to Greatness'

is our school motto. Our STAIRS values underpin all that we do:

S - Scholarship We focus relentlessly on securing outstanding academic qualifications and developing a love of learning in all our students.

T - Transformation We believe that everyone can change for the better and everyone has the power to change and influence others for the better.

A - Aspiration We know if you aim high and believe then you can become anyone or do anything.

I - Inclusion We do not select based on ability or faith. We include all aspects of a child's development. We believe we are one family: we never make anyone feel isolated or alone.

R - Resilience We understand that 'greatness' does not come without huge amounts of hard work and effort and we know that we must never give up.

S - Social responsibility We care for our community and help others whenever we can.

Curriculum: Oasis Academy South Bank believes all young people can

become employed successfully in a career with prospects. Oasis Academy South Bank believes every aspect of a child's development is crucial to their success, because of this our curriculum offer is made up of 3 core areas:

- 1 Traditional Academic Core Curriculum
- 2 Enrichment Curriculum
- 3 South Bank 6 Entitlement

Traditional Academic Core Curriculum

Oasis Academy South Bank offers a traditional core academic curriculum in addition to a rich and varied enrichment curriculum. In Year 7 and 8 the following subjects are compulsory and taught in line with the National Curriculum: English, Maths, Science, a Modern Foreign Language, History, Geography, Gastronomy, Religious Studies and Music.

We have a clear focus on literacy at both Key Stage 3 and 4. The

school day begins with DEAR (Drop Everything and Read). This is designed to foster a love and enjoyment of reading. At Key Stage 4 the following are compulsory subjects: English, English Literature, Maths, Double or Triple Science, a Modern Foreign Language and History or Geography. Two further option choices from the following list are also selected: Music, Drama, Art, Engineering, Food Technology and R.E. We ensure a rigorous focus on literacy and numeracy so that all children exceed national expectations. We ensure a tight focus on regular and meaningful assessments in all subjects so students and parents are always aware of student progress and how to move forward.

“High quality teaching is the norm because there is an unrelenting focus on supporting students to exceed expectations” Ofsted 2015

All students, from year 7 on, have a house coach and weekly ‘learning conversations’ about how to make progress.

“The curriculum is outstanding. It is underpinned by innovative enrichment activities which contribute to boosting students’ competence and goals.”

Ofsted 2015

We offer a unique, innovative and creative enrichment programme that ensures the development of the whole child. This includes two afternoons of sport per week, for example football, netball, rugby

and athletics. It also entails one afternoon of an enrichment elective, for example Musical Theatre, Dance, Catering and Hospitality, Publishing, Website and Software Design. On one afternoon students partake in careers projects in a variety of sectors for example; technology, engineering, architecture, medicine, media, civil service, journalism and professional services.

“The Academy provides students with exceptionally good opportunities to experience a wide field of careers advice and guidance”. Ofsted 2015

South Bank 6 – An entitlement for all Oasis Academy South Bank Students

In addition to the core and enrichment curriculum all children will be entitled to the ‘South Bank 6’ every year. Again, to help ensure our vision is realised students will:

- 1** Visit a Russell Group University every year
- 2** Visit a range of organisations, companies or charities on the South Bank

- 3** Experience an annual residential trip
- 4** Enjoy cultural experiences (visits to museums, art galleries, theatres, concerts)
- 5** Be given the opportunity, during curriculum time, to develop and discover talents in sport, music, art, dance, drama, cooking, technology and film production
- 6** Have sustained a volunteering programme either with Oasis Academy Johanna or another element of the Oasis Waterloo Hub.

Behaviour for Learning

OASB prides itself on a calm, ordered and purposeful learning environment. We believe in the highest of expectations.

"The behaviour of students is outstanding. Parents and residents in the area praise the Academy for the mature, warm and respectful behaviour of students."

Ofsted 2015

Oasis Waterloo Hub Services and Activities

Oasis Academy South Bank is proud to be part of the wider Oasis Waterloo Hub which already delivers an extensive range of children's, youth and family services in the local community. The following wrap-around community services will be offered to families at Oasis Academy South Bank:

- Community Hub Coffee House
- Debt advice service including housing and benefits advice
- Hullabaloo toddler group
- Church offering pastoral care
- Waterloo Foodbank
- Youth Work 1-2-1 and small group therapy.

Admissions Criteria

The PAN (Published Admission Number) for 2021-22 is 120 Year 7 students. A copy of the admissions policy is available on request or to download from our website.

In the event of the school being oversubscribed, the following oversubscription criteria will apply:

- 1** Looked after Children or Previously Looked after Children as defined in section 22 (1) of the Children Act 1989. A previously Looked After Child is as stated in the Admissions Code 2014 paragraph 1.7.
- 2** Siblings – we will prioritise twins or children from other multiple

births under the sibling criteria and would increase our published PAN to accommodate this need.

- 3** Children with exceptional medical or social needs as defined by a suitably qualified and experienced panel convened to consider such cases. Evidence in the form of a doctor or social worker's letter will be required.
- 4** Children of staff at Oasis Academy South Bank, who have been in post for at least 2 years, or of staff recently appointed to a post for which there is a demonstrable skill shortage
- 5** Up to 30 children who are currently on roll at Oasis Academy Johanna and have attended the Academy since the beginning of Key Stage 2
- 6** Priority will be given to Pupil Premium applicants living closest to Oasis Academy South Bank, such that, including those admitted under criteria 1-5 above, the Year 7 Pupil Premium percentage is no lower than 60%. This is subject to sufficient applications from Pupil Premium families being received. When the 60% threshold is met, we will revert to criteria 7.
- 7** Distance – as measured by a straight line between the child's home and the permanent site of the school. This measurement will be done by a computerised mapping system, from a point in the child's home as identified by the software to a point at the school as profiled in the software. The child's home address will be considered to be where the child spends the majority of the school week.

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

2 In addition the Supplementary Information Form obtainable from the school or via lambeth.gov.uk/eadmissions must be completed and sent directly to Oasis Academy South Bank by Friday 23 October if your child is in receipt of Pupil Premium and you wish this to be considered for the criterion.

Open Sessions 5.30-7pm
Thursday 24 September
Tuesday 6 October

Principal's addresses will be at 5.30 and 6.15pm

All our open events will provide an opportunity to tour the academy, hear the Principal speak and meet our students. If these dates are difficult for you, please contact us on 020 7921 4531. We look forward to meeting you and if you have any further questions, please do not hesitate to contact us.

Appeal Arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Appeals for this school are arranged by Democratic Services, tel. 020 7926 2170 or visit lambeth.gov.uk for an appeals form (see pages 14-15 for more details).

NPQH

based learning on the small 'school within a school' model with many opportunities for personalised learning and close pupil support.

Visitors to the school often comment on the calm, purposeful and well-ordered atmosphere.

Academic development

"Achievement in literacy and numeracy is outstanding." Ofsted

Every child who enters Platanos College should be aiming high because we will have high expectations of him/her. By providing a very broad curriculum tailored to pupils' individual needs, together with high-quality teaching, we expect our pupils to build on their achievements from primary school and fulfil their potential. As a Training School, we actively encourage the professional development of staff, enabling the school to stay at the forefront of educational progress.

Curriculum

"The excellent range of subjects strongly promotes and sustains the academic achievement, preparing them extremely well for life in modern Britain." Ofsted

At Key Stage 3, pupils follow the national curriculum with a particular emphasis on the development of competences through an arts-based, skills-based programme as well as an academic pathway. E-learning, six-weekly assessments and careful target-setting are used to support personalised learning and many opportunities are provided for pupils to develop their Business and

"This is an excellent school. Parents rightly feel that it gives their children every chance of succeeding in life."

Ofsted

Platanos College is a high-performing mixed academy for ages 11-16. We were rated 'outstanding' in all aspects of our school in our recent Ofsted inspection. We have now received three successive 'Outstanding' ratings over the last decade. We are a member of the SSAT Leading Edge programme, a national network of high-performing schools.

We have also been part of The Mayor's Schools for Success programme for excellent schools. We are proud of our commitment to our learners and the community.

Transformation opportunities

"Students appreciate and enjoy the rich range of opportunities available to them." Ofsted

There is an exceptionally strong school ethos and we are proud of the way our specialisms permeate all aspects of school life. Our pupils are expected to demonstrate enterprise capability through decision-making, leadership, managing risk and problem-solving. Ample opportunities exist for pupils to develop these skills, both within the timetabled curriculum and beyond, through our extensive extracurricular programmes.

Educational environment

We have an outstanding new building, with excellent facilities including state of the art ICT suites, science laboratories and a new sports centre, built and equipped to Sport England standards. The building was designed for year-

Enterprise skills in real projects and to share their findings with others. Able, gifted and talented pupils are identified across the curriculum and are kept on target through regular monitoring of progress. The needs of our academically able pupils are also supported through our personalised academic programme, the Grammar School Pathway.

At Key Stage 4 the curriculum is rich and diverse with many different pathways designed to meet individual pupil's needs. Pupils can take the English Baccalaureate subjects: English, Mathematics, Science, a language and either History and Geography. A wide range of other courses are also available, including Art, Drama, ICT, Media, PE, Technology, Graphics and Music and a variety of vocational courses. Work-related learning and the spirit of enterprise also permeates the curriculum at Key Stage 4 and there are extensive opportunities for work experience.

Pupils' progress is closely tracked through our programme of regular formal assessments. We expect pupils to develop as independent learners under the guidance and support of their teachers.

Developing the whole pupil

There are many opportunities for extra-curricular activities within our Centres of Excellence. School teams, for instance, challenge other schools in football, cricket, rugby, basketball, netball, volleyball, swimming, badminton, chess and debating. The Centre of Excellence for Sports offers specialist coaching for a range of sports, not normally available, through scholarships for those showing talent and commitment. Our Centres of Excellence for Science and Maths provide opportunities for independent learning, extensive research work, educational trips and seminars. The Centre of Excellence for Creative Writing helps pupils to focus on poetry, learn

about the media and develop their journalistic skills.

In addition, our Centre of Excellence for Drama provides scholarships, theatre visits, workshops and master classes, as well as opportunities for public performances, whilst our Centre of Excellence for Modern Foreign Languages will also open opportunities for trips, master classes and workshops to develop advanced language skills in pupils.

Admissions criteria

The main principle of admission is to secure and maintain the character of the school as a comprehensive school for young people aged 11-16. The criteria have therefore been designed to produce an intake that is representative of the national ability range by using a banding system.

Ability bands

Five (5) ability bands will be determined by Cognitive Ability Tests (CAT scores) and the school will admit approximately equal numbers of applicants (20%) into each band. The total number admitted each year (published admission number) is 160. The school participates in the council's co-ordinated procedure and all deadlines within that should be adhered to by applicants.

Priority admission

The school will give top priority to applications on behalf of children in the care, or all children previously in the care, of the local authority

(looked after children') residing with the primary carer with the relevant documentary evidence. Children with an Education, Health and Care Plan (EHCP) naming the school will also be admitted.

Scholarships

In addition, a maximum of up to 10% of our admission number will be designated for scholarship applicants who show aptitude and interest in Art and Music. The school will also make available opportunities for the award of scholarships and bursaries to support pupils with marked aptitude in English, Maths, Science, Drama, PE, Sports and Community Contribution.

Oversubscription

In the event of oversubscription in any ability band, priority will be given as according to the following criteria:

1. Children in the care, or previously in the care, of a Local Authority. 'Looked after children' refers to children who are (a) in the care of a local authority or (b) being provided with accommodation by a local authority in the exercise of their social services functions at the time of making an application. If an application is made under the 'looked-after' criterion, it must be supported by a letter from the relevant local authority children's services department and/or relevant documents. 'Previously looked after children' refers to children who were looked after (as above), but ceased to be so because they were adopted

(or became subject to a residence order or special guardianship order) immediately after being looked-after.

2. Siblings of pupils who are attending the school at the time of the applicant's admission. 'Sibling' refers to brother or sister, half brother or sister, adopted brother or sister, step brother or sister, or the child of the parent/carer's partner where the child for whom the school place is sought is living in the same family unit at the same address as that sibling.

3. Where applications are received from twins, or same year siblings, if one child is selected for a scholarship place, or by another admission criterion, the other sibling will be admitted into their respective band.

4. Children of members of staff where the member of staff has been employed permanently at the school for two or more years at the time of application and will still be employed by the school on the date of admission.

5. Children of members of staff recruited to fill a vacant post for which there is a demonstrable skill shortage.

6. After applying the above criteria, random allocation within each ability band will be used for the remaining applicants and available places.

This process will be supervised by someone independent of the school. For further information, please refer to the school's Admissions Policy.

How to apply

1 Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Independent appeals for this school are arranged by school staff, please telephone the school for an appeals form.

We are a small, friendly, co-educational Church of England secondary school, open to all faiths and none. We are committed to the highest standards of learning within a strong culture of pastoral care. Our students love being at school, because we know them as individuals and we do everything possible to help them be happy and successful.

“The principal, the senior leadership team and governors have created a culture of aspiration in a warm, caring and inclusive school. As a result, pupils make good progress”
Ofsted 2018

In November 2018 we moved into our new state of the art building on Langton Road SW9 6UL. We now have wonderful learning facilities including a competition size gym and basketball court.

“The outstanding provision for pupils’ personal development and welfare ensures that pupils are treated as individuals and become well-rounded young adults”
Ofsted 2018

Leading Learning

“The quality of teaching is good. Teachers are highly skilled in planning to meet the range of pupils’ needs. As a result, most pupils make good progress”
Ofsted 2018

A recent whole school review conducted by the Local Authority stated, ‘staff have high expectations of students from the moment they walk into the building.’ ‘Behaviour seen around the school is never less than good.’ ‘Students are polite to each other and to staff.’ ‘Relationships are a clear strength within the lessons seen. There is a resilience in the students, even when fully extended in their thinking. Positive attitudes pervade, with students very capable of giving their opinions and outlining their thinking”

“SGC has wonderful teachers who are ready to solve your problems and provide any help you need.” Fuaad, Year 11

Beyond the Classroom

“The school is highly regarded by the local community because of the way it puts its Christian vision into practice. The school community seeks to serve others in practical ways. This results in students engaging in remarkable acts of courageous advocacy.” SIAMS

- As a music specialist school, we encourage every student to learn an instrument or voice, and we offer scholarships with free tuition to students with real musical aptitude.
- Students benefit from opportunities to collaborate with professionals and perform at the highest level, including at the Queen Elizabeth Hall and the British Film Institute.
- Our strong extra-curricular programme includes STEM club, debating, gardening, Spoken Word, London Citizens, music ensembles, sports and homework clubs.
- Our newsletter “The Messenger” is packed with pictures and stories from school every week.

"We have lots of good clubs here. We really like football – it helps us improve our skills and we can properly socialise with people."

Olu and Raymond, Year 10

Career aspirations

"Pupils value the high-quality careers education that enables them to make wellinformed decisions about post-16 education and training" Ofsted 2018

- GCSE options are carefully guided to ensure each student has the chance of success and can progress to their chosen vocational or academic path.
- Our careers programme includes workshops, speakers, business partnerships and workplace visits.
- Students develop confidence and responsibility through a range of leadership programmes.
- We help students prepare for higher education and organise annual visits to universities through our partnerships with Cambridge King's College London.

"SGC is a place to feel happy and you know that if you need someone to talk to there is always someone to help. SGC is a big family."

Ashli, Year 10

Pastoral care

"I was very impressed with the Pastoral Care available for the students of Saint Gabriel's College. I feel that being a small school allows the staff to get to know the children better and identify their individual needs." Sharon, parent

- Every student is placed in a small, all-age family group called an Advisory group.
- Each Advisory group belongs to one of three Learning Communities, which provide a network of support and a community focus.
- The vertical tutoring and pastoral system ensure that students feel safe in school.

Values and ethos

"Parents speak highly of their school, regarding the education to be holistic, developing rounded young men and women. This leads to an astonishing commitment to the school's values by students and staff." SIAMS 2019

- We received outstanding in our most recent SIAMS inspection for Church of England schools.
- Collective Worship and our Christian values of *service to others, generosity of spirit and commitment to excellence* underpin all areas of school life.
- High-quality religious education helps foster respect and relationships across our diverse community of different faiths and cultures.
- Our mission is to help every student, of whatever background, to fulfil their God-given potential.

"SGC is not only a school that teaches students, it is a family where everyone is able to come together to fulfill our unique God given potential. We all look after each other which is why saint Gabriel's college is an amazing school and I'm happy to be part of it." Samy, Year 11

Admission Criteria

This is a summary of our Admissions Policy. To obtain a copy of the full policy before applying for a place, please see our website or contact the school.

As a Church of England school we provide an inclusive, caring and supportive environment where children of all faiths or none will learn and flourish. Our aim is that every child will fulfil his or her unique, God-given potential.

We welcome applications from all members of the community and we ask parents to respect the Christian ethos of our school. Parents applying to Saint Gabriel's do so in the understanding that we offer an education based on Christian principles, so the governors hope that all students will attend collective worship and Religious Studies lessons.

All parents applying for a place in Year 7 at Saint Gabriel's College must complete the Common Application Form (CAF) from the Local Authority where the child lives and name this school as one of the preferences. Applicants for a Church place or a specialist music place must also complete the Saint Gabriel's College Supplementary Information Form and return this to the school by the closing date.

Saint Gabriel's College

Church Places

30 places each year are offered to children who themselves or whose parent/carer is a regular worshipper in a Christian church. To be considered for a Church place, the school's Supplementary Information Form must be completed and signed by your priest/minister.

If there are more than 30 applicants who qualify for a Church place, places will be allocated according to the same criteria as for open places, with the additional criteria of children who themselves and/or whose parent/carer is a regular worshipper at a) St John the Divine Church, Kennington; b) an Anglican church; c) a Christian Church.

Unsuccessful applicants for Church places will be considered for open places.

Specialist Music Places

12 places each year are offered to children with the aptitude to benefit from a specialist course in music.

Places will be allocated on the basis of an aptitude test to include performance either as a vocalist or instrumentalist and a test of aural perception and awareness. To be considered for a specialist music place, the school's Supplementary Information Form must be completed. Those not offered a specialist place will automatically be considered for an open place.

Open Places

78 places each year are offered to students who do not qualify or were

unsuccessful in applying for a Church place or specialist music place.

If there are more applications than places, places will be allocated according to the following criteria. These are stated in order of priority:

- i. Looked After Children, or previously Looked After Children.
- ii. Children with an exceptional and professionally supported medical or social need for a place at this school.
- iii. Children who will have a sibling in Saint Gabriel's College at the time of admission.
- iv. Children whose parent/carer is a member of staff at Saint Gabriel's College.
- v. Children who attend one of the following feeder primary schools: Christ Church SW9, Crawford, Jessop, John Ruskin, Loughborough, St Andrew's Stockwell, St John's Angell Town, St John the Divine, St Paul's Walworth, Stockwell, Van Gogh, St Marks, St Saviour's, Archbishop Sumner.
- vi. Children who live nearest to the school.

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998.

Independent appeals for this school are arranged by school staff, please telephone the school for an appeals form.

St Martin-in-the-Fields High School for Girls

St Martin-in-the-Fields
High School for Girls

155 Tulse Hill
London SW2 3UP

Headteacher

Mrs Beverley Stanislaus BEd, NPQH

St Martin's is a girls' Church of England school with a co-educational sixth form. We are an ambitious, inclusive and high performing school.

Our vision is to provide an exceptional education for girls of all abilities, rich in opportunities, within an inspiring and supportive environment underpinned by our Christian values. It was the aim of our founders in 1699 and continues to be our aim today.

Our SIAMS Inspection, April 2018, judged the effectiveness and distinctiveness of St Martin's as a Church school as Outstanding. In May 2018, Ofsted reported that we are a Good school and said "The motto of the school, Caritate et Disciplina, With Love and Learning,

is driven by all staff in a common endeavour to improve pupils' life chances."

Our Values

Service, Compassion, Justice and Perseverance are the four core Christian values distinctive to our school. We believe that these cultivate moral virtues that support and form character, spiritual awareness, self-esteem and resilience.

Educational Excellence

Our curriculum offer is stretching, intellectually challenging and prepares our girls for the future. Our rich and diverse curriculum includes computer science, triple science and three languages, French, Spanish and Mandarin. We have established a partnership with The Confucius Institute for Traditional Chinese Medicine (CITCM) at London South

Bank University. From April 2018 St Martin's became an official Mandarin teaching site. We also introduced sociology and psychology as courses at Key Stage 4. This supports a transition into Key Stage 5, where the popularity of these subjects and the outcomes for students at A-level are outstanding.

Our Sixth Form is well integrated into the life of the school. We offer a wide range of courses suitable for students of all abilities. A large number of our girls choose to stay on and complete their studies in a familiar and supportive environment. There are opportunities to access the wider curriculum such as volunteering, mentoring and leadership activities. Students are supported to aspire to university and other appropriate career pathways.

St Martin-in-the-Fields High School for Girls

The school has a long history that is celebrated in all aspects of school life, including our house system which engenders a healthy level of competition. We are rightly proud of our strong pastoral care system which embodies our ethos and underpins the positive and supportive relationships between our staff and the girls.

*“Students, of all faiths and none, feel welcome and have a sense of value within the school community”
Statutory Inspection of Anglican and Methodist Schools 2018*

“Students have high aspirations and feel challenged.” Ofsted 2018

“I like the way that when you step inside the school you feel like you can accomplish whatever you want!” Year 7 student

Admission Criteria

The Governing Body admits 120 girls into Year 7. St Martin's has a distinctive Christian ethos which is at the heart of the school and provides an inclusive, caring and supportive environment where children learn and flourish in a setting shaped by Christian values.

We welcome applications from all members of the community and we ask all parents to respect the Christian ethos of our school and its importance to our community.

To ensure a comprehensive intake, applicants will take NFER tests and will be assigned to one of three ability bands (25% Band One, 50% Band Two and 25% Band Three). The Governors have designated

60% of places in each ability band as Foundation Places, for the children of regular worshipping members of a Christian church.

If you wish to apply for a place at St Martin's, please name us as one of your preferences on the Common Application Form (CAF) and return it to your Local Authority. In addition, you **must** also complete our Supplementary Information Form (SIF) and return it to St Martin's. On the SIF you need to tick at least one of the criteria. However, you can tick more than one. The form must then be returned to St Martin's by **Saturday 31 October 2020**.

Please make sure you indicate where you wish your daughter to sit the Admission Test (14 November 2020).

Foundation Places (60% in each ability band) are for children of regular worshipping members of a Christian Church (affiliated to Churches

Together in England, the Evangelical Alliance, Fellowship of Independent Evangelical Churches or Affinity Churches). Parent(s) or carer(s), together with the child, will usually need to be attending Church at least once a fortnight and have been practising for at least three years.

Please give details of your church membership in the SIF and hand the Clergy Form to your Minister of Religion. Please also tick other items as appropriate (Looked After Child, Sister, Medical or Social Need, Nearness of Home to School).

All other places (40% in each ability band) are for girls who do not qualify for a Foundation Place as their parents are not practising Christians, but have chosen the school for the type of education it provides. Parents applying do so knowing that the school aims to provide an education based on

Christian principles and therefore Governors expect that all pupils will take part in the Christian worship of the school and will attend Religious Education lessons.

Please tick all relevant criteria in the SIF (Looked After Child, Sister, Regular Worshipping member of a Christian church, Faith other than Christian, Medical or Social Need, Nearness of Home to School).

If there are more applicants than places in any of the ability bands, places will be allocated according to the following criteria:

- 1 A 'looked after' or 'previously looked after' child as stated in the School Admissions Code 2014.

- 2 The presence of a sister in the school (Years 7-11), who is living at the same address, as at September 2021

- 3 **(Foundation places only)**
Regular worshipping member of a Christian church

- 4 **(Non-Foundation places only)**
Daughters of parents of faiths other than the Christian faith who express a clear desire for a school with a religious foundation. (The SIF should be supported by a letter from a priest or religious leader.)

- 5 Girls with an exceptional medical or social need. This must be supported by written evidence from a specialist health professional, social worker other care professional. The evidence must set out the reasons why this school is the most suitable school and the difficulties that would be caused if the child had to attend another school.

- 6 The nearness of the home to the school.

For more information please visit smartins.academy

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998. Independent appeals for this school are arranged by school staff, please telephone the school for an appeals form.

How to apply

- 1 **Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.**

- 2 **In addition the Supplementary Information Form obtainable from the school or via lambeth.gov.uk/eadmissions must be completed and sent directly to St. Martin's School by Saturday 31 October 2020.**

Admissions Test Date

Saturday 14 November 2020

Trinity Academy is an 11-18 co-educational secondary school for SW London. With a relentless focus on academic rigour, we offer pupils of all backgrounds and abilities a style of education more usually associated with grammar schools or the independent sector. Our new building on Brixton Hill has state of the art facilities for a broad curriculum. As part of the Future Academies part of schools, we share aspirational curriculum resources produced by the Future Curriculum Centre, and an ethos characterised by knowledge-rich teaching, the development of cultural capital and educational enrichment for all our pupils. Future's SCIT is rated as London's number one teacher training centre.

Ethos, Vision and Values

At Trinity Academy we motivate our pupils to aim for the stars. Every pupil will be encouraged and supported throughout their time at the school to become the best that they can be, no one will ever be written off. Trinity expects most of its pupils will go on to university, with a significant proportion going to the very best universities.

Trinity has a Catholic ethos and draws on the best of the Catholic education tradition in academic and pastoral matters, while being committed to serving the whole community and treating all pupils equally. The school is open on equal terms to members of all denominations and faiths and those with no religious background. Everything we do at Trinity is based on the school values of **Wisdom, Fairness, Courage and Self**

Discipline, underpinned by principles of inclusivity, integrity, respect and high aspirations. Trinity provides a welcoming, safe, inclusive and stimulating atmosphere for pupils.

Behaviour for Learning

Trinity Academy provides a calm and orderly atmosphere where disruption of lessons is not tolerated.

Members of the school community are expected to treat one another with kindness, patience and respect. Rules are few and sensible but enforced consistently, standard English is modelled and practised at all times. Our discipline policy is underpinned by principles of restorative justice and reconciliation.

Curriculum for Excellence

Pupils will study the subjects that universities value and which make for a broad and balanced

'liberal education'. We believe that education is about more than just becoming equipped for the world of work; a good, rounded education is something valuable in itself.

At key stage 3, all pupils study

Maths, English, Physics, Chemistry, Biology, Latin, RE, Art, Music, Drama, PE and Food and Nutrition. Psychology and Economics are taught at A level.

Literacy is a priority at Trinity and all pupils are strongly encouraged to read fiction and non-fiction books for interest and pleasure. Our library is complemented by access to an E-reader catalogue.

In the First and Second form pupils are taught most subjects within the same small class of no more than 26 pupils in order to provide stability and continuity and to help smooth the transition between primary and secondary schools.

Enriched School Experience

Music, Art, Drama and Sports all play an important part in school life at Trinity Academy. We also offer a

range of after-school enrichment activities such as Science Club, Drama, Chess, Duke of Edinburgh, Latin and Journalism along with sports such as football, netball, basketball, cricket, gymnastics and athletics.

Trinity Academy is open from 8am to 6pm, with the core school day starting with registration at 8.40am and finishing at 3.20pm. Between the end of the core school day and 5pm pupils can remain in school to take part in clubs and activities, do their homework, carry out other independent learning activities or attend extension classes offering extra learning support.

Free and autonomous

Trinity Academy is run by an academy trust that is completely independent of the local Catholic diocese and of the local authority. The school is funded directly by the Department for Education.

Admissions

Trinity Academy aims to recruit

pupils from a broad swathe of SW London encompassing Clapham, Brixton and Balham and extending into Herne Hill, Tulse Hill, Streatham, Tooting, Stockwell, Vauxhall and parts of Battersea. Our admissions arrangements are designed to give families across this area a fair chance of gaining a place at the school. Trinity's Admissions Policy is available on request and can be downloaded from the school's website. We recommend you read the full document, but the main elements of the policy are summarised here:

Our Published Admissions Number (PAN) for September 2021 entry is 130 Year 7 pupils.

Applicants with an Education, Health and Care Plan naming Trinity Academy on the Plan will be allocated places before all others.

If there are more applicants than places available for September 2021 entry, applicants will be ranked as follows:

- 1** Looked After Children and children who have previously been looked-after and have either been adopted or become subject to a residence or guardianship order will be placed at the top of the rankings. (Proof of status will be required).
- 2** Siblings. Applicants who will have a sibling on the roll of the school in September 2021 will be ranked next. (Siblings include natural brothers and sisters, half-brothers/sisters, step-brothers/sisters, adopted or foster brothers/sisters.)

Where applications are received from triplets, twins, other multiple births and other same-year siblings, places will be allocated to all the rest of the group of siblings straight after a place has been allocated to any one of them and all of any multiple birth/same-year sibling group will be offered places even if this means exceeding the PAN.

- 3 Children qualifying for the Pupil Premium/Service Premium will be prioritised next in the rankings for up to one third of all remaining places. Parents who want to take advantage of this preference must submit a Supplementary Information Form. If the number of applicants seeking preference under this criterion exceeds the number of places available, ranking within this category will be established by random allocation using a computer programme. You do not have to live in any particular geographical area to apply for preference under this heading. You can live anywhere. You qualify for the Pupil Premium if you have been eligible for free school meals at any time in the past six years. Further details about the Pupil Premium/Service Premium can be found in our admissions policy and guidance pages on the school's website.
- 4 Random Allocation – Inner Catchment Area and Outer Catchment Areas. The area serving the Academy is divided into an inner catchment area,

defined as being covered by the following postcode areas: **SW2, SW4, SW8, SW9, SW11, SW12, SW16, SW17, SE5, SE11, SE17, SE19, SE21, SE24, SE25, SE27, CR4, CR7** and an outer catchment area, defined as being any area outside of the inner catchment postcode areas. Three fifths (60%) of any remaining places (the precise number being calculated using the standard rounding convention) will be allocated by random allocation to applicants living in the inner catchment area. One fifth (20%) of any remaining places (the precise number being calculated using the standard rounding convention) will be allocated by random allocation to applicants living in the outer catchment area. This process will be conducted using a computer programme and will be verified by an independent person of good standing.

- 5 Distance Criteria. All remaining applicants will be ranked on the basis of distance between the applicants' homes and the Trinity Academy reference point and places allocated accordingly (i.e. those living nearer to the reference point will be allocated places before those living further away). The reference point will be the centre of the learning campus site at 56 Brixton Hill where Trinity Academy is located.

How to apply

- 1 Applications must be made using the Common Application Form from your home borough by **Saturday 31 October 2020**.
- 2 In addition the Supplementary Information Form obtainable from the school or via lambeth.gov.uk/eadmissions must be completed and sent directly to Trinity Academy by **Friday 16 October 2020**.

Executive Headteacher

Ms Samantha Palin BA (Hons), MA, NPQH

(c) Diane Auckland / Fotohaus Moral rights asserted

Woodmansterne is proud to be an all-through school serving the children and families of our local community; we opened our secondary phase in 2017. We have a pupil-centred learning climate that is relevant, creative, responsive to change and underpinned by exceptional relationships between our pupils and adults.

Our Vision and Ethos:

Working together, at the heart of the community, achieving excellence in everything we do.

Our Ethos:

Woodmansterne's all-through model offers enormous benefits to pupils, families and staff. We have a unique approach to primary and secondary transition removing the barriers and anxiety traditionally experienced at this time.

We provide a seamless transition to the secondary phase, whether your child is from Woodmansterne or not. Our staff work across phases, combining their subject specialisms and passion with their experience and commitment to enriching our

children's learning and life chances.

Our young learners are the pioneers of our through-school ethos and the realisation of a vision built on a very special partnership between Woodmansterne School, the local community and our children and families.

The Woodmansterne Learning Community:

Woodmansterne School has a shared ethos and vision for its service to the community, its families and young people. As a through-school we bring the strengths and skills of both primary and secondary practitioners together. We share expertise and understanding of children and curriculum to provide a seamless learning experience and an exceptional education for all. With learners of all ages on site our older pupils act as role models for our younger children and develop their pupil leadership skills.

As an all-through school we know what information is vital in laying strong foundations for the best possible start to learning, progress and achievement in Year 7.

For parents who are looking to send their children to Woodmansterne we have a comprehensive induction programme which we use to gain a detailed knowledge of our new children. We use close working links with our primary feeder schools to build an understanding of children's interests, strengths, talents and needs.

Children in our primary phase have an automatic right to continue into our secondary phase.

Our shared philosophy ensures there is consistency around expectations and the cultural ethos of our school. We have high expectations for all of our young people and believe that with great teaching and lots of encouragement every child can fulfil their potential. The Woodmansterne way is underpinned by our six core values which embody our ethos and are at the heart of everything we do.

- **Integrity**
- **Aspiration**
- **Unity**
- **Co-operation**
- **Respect**
- **Responsibility**

Our staff demonstrate these values every day and we believe they are the key to our learners' academic and lifelong success.

Our Enrichment:

As a through-school we believe our responsibility goes beyond guiding your child to academic success and nurturing their love of learning. Woodmansterne provides opportunities and experiences which

develop our young people's resilience and emotional well-being and open their minds to the possibilities and opportunities available to them. Through trips, competitions, sports, music, local and national collaboration with other schools and universities, we seek to cultivate a love and celebration of the arts, valuing the importance of healthy lifestyles, enjoying collaboration and competition, developing leadership skills and a community spirit.

Why should I choose Woodmansterne when it has no proven record of exam result success?

The rapid and sustained progress of our children from their starting points speak for themselves. At Woodmansterne we challenge our learners to be the best they can be and achieve academic success within a creative and stimulating learning environment. Using our primary expertise, we raise achievement for all our pupils from day one in the secondary phase. As the school grows, our experienced secondary team will ensure Key Stage 4 and 5 offer both academic and vocational pathways as the gateway to further education, apprenticeships and career opportunities. We warmly invite you to visit us and see for yourself the care and expertise of our staff and our pupils' love of learning.

Admissions criteria

All pupils being taught/on roll as a year 6 pupil at Woodmansterne Primary during the academic year 2020/21 and remain on roll

during the Secondary Transfer application process, will be eligible to automatically transfer to the Woodmansterne secondary phase in 2021/22. These children will be accommodated within the PAN of 150. This number is split between 60 places for the children who are currently on roll in year 6 at Woodmansterne School + 90 new entrants to be admitted for year 7 through co-ordination = 150 children in year 7.

The oversubscription criteria for all new applicants, regardless of the year group will be the same as listed below:

1: Looked after children. Priority will be given to looked after children and previously looked after children. Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a residence order or special guardianship order) **immediately** following having been looked after. The School Admissions Code 2014 states that: A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and

Children's Act 2002 (see section 46 adoption orders). Child arrangements orders are defined in s.8 of the Children Act 1989, as amended by s.12 of the Children and Families Act 2014. Child arrangements orders replace residence orders and any residence order in force prior to 22 April 2014 is deemed to be a child arrangements order. See Section 14A of the Children Act 1989 which defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians). Children who are looked after under an agreed series of short-term placements (such as respite) are excluded. All applications under this criterion must be supported by a letter from the relevant Local Authority.

2: Siblings. Children with a brother or sister who already attends the school, and who will not have left the school at the time of admission. As a result siblings in Year 11 will not be regarded as a sibling under this criterion. A sibling is defined as a full/half/step brother or sister (who are living at the same address in all instances) or a child who is living as part of the family by reason of a court order, or a child who has been placed with foster carers at that address as a result of being looked after by the council.

However, children who are looked after under an agreed series of short-term placements (such as respite) will not be regarded as siblings under this criterion.

3: Children with exceptional

medical or social needs. Children with a professionally supported medical or social need, whose application identifies a particular school that is especially able to meet that need. This criterion will also take into account where a parent/carer has a physical, mental or social need that is significant and demonstrable for their child to attend a specific school. This does not include childcare arrangements. The decision to prioritise on these grounds will be determined via MEDSOC panel, which is comprised of the council's senior management as well as senior school staff. Documents from an appropriate professional (e.g. GP, consultant or social worker letter or report, not including general information from a website) must support these applications. However, any supporting evidence does not automatically mean that applicants will gain priority in this criterion as the decision to prioritise under this criterion will solely rest with the MEDSOC panel.

There is no framework (statutory or otherwise) for a parent/carer to appeal against the decision of the MEDSOC Panel. All Panel decisions are final and are binding for both school and children.

4: Children of staff at the school.

Applications for children of staff at the school. A member of staff for the purposes of this criterion must be employed by the said school as a teaching assistant or qualified teacher for a minimum of 0.6fte (16.5 hours teaching staff) and this employment

must have been for at least 3 years at the time of submitting the application (i.e. their employment must have started no later than September 2017).

1. All such applications must be submitted to the MEDSOC Panel via a CAF submitted to the LA and must be accompanied with the relevant paperwork supporting an application on these grounds, e.g. a letter from the headteacher or other senior leadership team member. The applicant must take sole responsibility to provide such paperwork. Without the provision of the relevant papers which identify all the above, priority will not be given.

2. There will be a maximum priority limit of 4 children per year group for secondary schools/phase (years 7 to 11).

5: Distance. Priority will be given on the basis of distance between the child's home and the school, measured by a straight-line. This measurement will be done using a computerized mapping system.

This measurement will be from a point from the child's home as identified by the software to a point at the school as profiled in the software.

As a **tiebreaker** for all criteria, priority will be given to children living closest to the preferred school (measured by a straight-line) in accordance with the measuring information in criterion 5. However, in the case where children have exactly the same distance between their home and the school, Lambeth LA will randomly allocate places as a tiebreaker.

How to apply

Applications must be made using the Common Application Form from your home borough by Saturday 31 October 2020.

Gain an insight into Woodmansterne's ethos: tours of the new secondary building and talks from the Executive Headteacher and senior leaders.

Wednesday 30 September
Thursday 8 October

Open evenings 5.30-7.30pm
Thursday 17 September

Please visit our school website for further information on Woodmansterne School or follow us on Twitter.

The admissions criteria for Lambeth community schools is available in full on lambeth.gov.uk/eadmissions

Appeal arrangements

Unsuccessful applicants will have the right to appeal against the decision to an Independent Admissions Appeals Panel established under the School Standards and Framework Act 1998.

Appeals for this school are arranged by Democratic Services, tel. 020 7926 2170 or visit lambeth.gov.uk for an appeals form (see pages 14-15 for more details).

Applying for schools in other boroughs

Parents/carers who are residents in Lambeth but wish to apply for a school maintained by another borough, still need to apply on Lambeth's online or paper Common Application Form and return it to the Lambeth School Admissions Team.

All boroughs produce a booklet, which gives full details of schools, entry tests and any Supplementary Information Forms that are required to be submitted with your application.

Details of local school admissions teams in other boroughs within reasonable distance to Lambeth are listed here, and you can contact the relevant borough for a copy of their brochure.

Starting 14-19 provision in Lambeth (Year 10 entry) 2021/22

As a parent you may already be thinking ahead to what options are open to your child for key stage 4 (year 10 and 11), as this may affect your decisions for key stage 3 before it.

In Lambeth there are interesting new opportunities at The Norwood School (bursary places), and at South Bank UTC, so below we have collated some information about these for your convenience. Further information is available in our 14-19 booklet.

The Norwood School

The Norwood School is very proud to be able to offer an additional 10% of their Year 10 places (18 places) to external pupils who show a particular aptitude for one or more than one

of the school's specialisms, as Bursaries in Performing and Visual Arts in Year 10 for September 2021.

Progression into the Sixth Form by 14-19 Bursary Students will be dealt with in the same manner as other Year 12 applications, with regards to entry requirements to Level 3 Courses.

If your child is passionate about Dance, Drama, Art, Design or Music, we firmly believe that there is no better place to study and develop their craft than at The Norwood School. Over the years we have built an excellent local and national reputation in our Performing and Visual Arts specialism and have developed strong links within the industry and higher education and

our preparation for a career in the industry is second to none.

As a school, we pride ourselves on our rich, challenging and progressive arts curriculum, delivered by passionate experts, that celebrates diversity, builds confidence, nurtures curiosity, allows for personal and social growth, develops awareness of and passion for the creative industries and that, ultimately, seeks to create well-rounded, life-long learners who use the arts as a voice that is heard and respected.

We are determined to actualise students' potential, by harnessing and nurturing their creative talents and enabling them to discover new ones, through a rich provision of arts opportunities both in the classroom and beyond.

Norwood School encourages originality and innovation. We are a centre of excellence for performing and visual arts education and creativity. Our school community appreciates and enjoys the culture, diversity, heritage and artistic activities that the City of London provides. We have long established links through high quality, strategic partnerships and innovative provision. A lifelong passion for the Arts is evident in our students, staff and alumni.

14-19 Bursaries in the Performing and Visual Arts are offered for 4 years, (Yr 10-Yr 13) subject to continued excellent progress and ongoing commitment to our creative community.

Starting 14-19 provision in Lambeth (Year 10 entry) 2021/22

The Bursaries offer students the opportunity to fully immerse themselves in the arts whilst continuing to focus on developing the core skills of literacy, numeracy and a broad curriculum from Key Stage 4 to 5.

A 14-19 Performing Or Visual Arts Form Bursary student will take part in a programme of exciting enrichment throughout their upper school studies at the Norwood School, according to their specialism.

We offer students the opportunity to study more than one specialist subject at Key Stage 4 and the chance to enjoy multiple Performing and Visual Arts subjects at Level 3 in the Sixth Form.

South Bank UTC

South Bank Engineering UTC is a non-traditional school for 14-19 year-olds. The UTC has a narrow curriculum with high academic standards but in an environment where students develop highly valued technical and employability skills through strong industry and university partnerships and authentic project-based learning.

Students have access to cutting-edge equipment and facilities including advanced computing, robotics and 3D printing. With specialisms in engineering for the building and medical sectors, the UTC is sponsored by London South Bank University and leading

employers including Skanska and two London NHS trusts.

Please see southbank-utc.co.uk for further information.

Applications for this UTC or studio school need to be made to the provider directly by 31 October 2020 (unless otherwise stated by the UTC/studio school), and can be applied for in addition to others via the co-ordinated process.

The Department for Education states the following about UTCs:

UTCs are all-ability and mixed sex state funded schools, independent of local authorities. They are not extensions of, or conversions from, existing provision, but new academies, typically with 500-800 pupils in Key stage 4 and Key stage 5. UTCs specialise in subjects that need modern, technical, industry-standard equipment, such as engineering and digital technologies, and teach these disciplines alongside business skills and a broad, general education.

Pupils integrate academic study with practical learning, studying core GCSEs alongside technical qualifications. The ethos and curriculum are designed with local and national employers who also provide support and work experience for pupils. UTCs are sponsored by a university and employers, and work in partnership

with other educational providers, including those with strengths in the UTC's specialist subject areas.

UTCs should provide progression routes into higher education or further learning in work. This includes apprenticeships and higher apprenticeships; some UTCs may wish to consider offering apprenticeships themselves as they become established or may wish to work in partnership with apprenticeship providers. UTCs are funded on a comparable basis to other state funded schools.

'University Technical Colleges: How to apply', DfE (October 2015)

Children with Special Educational Needs and/or Disabilities (SEND)

Choosing and applying for a school for a child with an EHCP

Children with an Education, Health and Care Plan (EHCP)

By the end of Summer term, parents/carers of children resident in Lambeth, with an EHCP, will receive a letter from Lambeth Special Educational Needs and Disabilities (SEND) Team.

This letter will inform them about the process for transferring to secondary school and inviting them to notify Lambeth SEND of the names of their preferred schools. The SEND Team will process the application and then consult with those secondary schools.

Please complete the secondary transfer form online via:
lambeth.gov.uk/send-local-offer/education/choosing-and-applying-for-a-school-for-a-child-with-an-ehcp

Further information is available from: Special Education Needs and Disabilities (SEND) Team by:

The Local Offer

Lambeth sets out in its Local Offer the support available for local children and young people with SEND.

lambeth.gov.uk/send-local-offer

The Local Offer has two main purposes:

- accessible and up-to-date information about available provision and how to access it, and
- responsive to local needs and aspirations by directly involving children with SEND and their parents, young people with SEND, and service providers in its development and review.

Lambeth Council's principles for delivery of its local offer are:

- That the needs of children and young people are identified and assessed as quickly as possible and matched by appropriate provision,
- That parents, carers and the children and young people themselves are placed at the centre of the process.
- Health and Social Care work together in the total interest of the child, young person and their families, as laid out in the SEND Code of Practice January 2015.

Mainstream schools with provision for children with SEN

Dunraven School SLC Resource

Dunraven School has additional provision for students with speech, language and communication needs via its Speech, Language and Communication Resource (SLCR). The SLCR can directly support up to 15 students in the

11-16 phase in 2021-22. Qualifying students must have an Education, Health and Care Plan clearly identifying 'Communication and Interaction' as their primary area of need, focusing on 'developmental language disorder'.

As these students are all taught in mainstream classes, they must also be able to cope with the demands, structures and expectations of Dunraven's mainstream environment.

The Elmgreen School – The Hearing Support Department

– HSD (sometimes referred to as 'The Hearing Impaired Unit') is the Lambeth secondary provision for students with a hearing loss and accompanying communication and learning needs who will benefit from specialist Teacher of the Deaf and Teaching Assistant (TA) support throughout the school day.

The department is located within The Elmgreen School, a state of the art, new-build comprehensive so enabling a high degree of inclusive education and involvement in social experiences.

City Heights E-ACT Academy ASD Resource Base.

The academy is additionally resourced for students with an Education, Health and Care Plan which has Autistic Spectrum Disorder (ASD) as the primary need.

Three students a year will join the academy Resource Base up to a total of 15 students.

Children with Special Educational Needs and/or Disabilities (SEND)

London Nautical Secondary School Autistic Spectrum Resource Base is dedicated to Inclusion and is constantly developing support structures to meet the needs of pupils and the local community.

The ASD Resource Base at The London Nautical School is a unit within the school that offers help and support for children with an EHCP where the main need is autism. Our ASD Provision team includes four specialist ASD teaching assistants, a HLTA and a specialist teacher who are managed and guided by the school's Inclusion Manager. All students attend mainstream lessons,

supported by a specialist Teaching assistant or HLTA. When students are not in lessons, they are within the provision receiving additional individualised support. All of our staff have extensive knowledge and training on autism and inclusion.

The vision of our centre is that all students feel included and accepted, which will empower them to participate and make progress alongside their peers. We encourage our students to be as big a part of the mainstream school as possible, and want the provision to be an emotionally secure place for our students at times where they may find aspects of mainstream school demanding.

Lambeth Schools for children with an Education, Health and Care Plan

Elm Court School

Elm Park, London SW2 2EF

Telephone 020 8674 3412

Fax 020 8671 7883

Email

admin@elmcourt.lambeth.sch.uk

Headteacher

Joanna Tarrant

BSc (Hons), MA, NPQH

Elm Court is a special secondary school for students who have Learning Difficulties with associated Social and Communication Needs. Many of our students have autism. We provide a creative and practical learning

environment with a focus upon achievement and the development of Citizenship and Life Skills.

Lansdowne School

Argyll Close, Dalyell Road
London SW9 9QL
Telephone 020 7737 3713
Fax 020 7738 6877
Executive Headteacher
Mrs Linda Adams
(MEd); PGSC (autism)

Lansdowne is a secondary school for young people aged 11-19 years who have special educational needs. The primary need of our students is autism with associated communication difficulties and speech and language delay or disorder. The school has recently moved into a purpose built new building which has been designed specially to meet the needs of young people with autism.

The Michael Tippett School

Heron Road, London SE24 0HZ
Telephone 020 7326 5898
Fax 020 7326 5899
Email contact@tmts.lambeth.sch.uk
Headteacher
Ms Jan Stogdon MEd, NPQH

In the heart of Herne Hill The Michael Tippett Group is a stand out special needs organisation for students with a range of complex needs. The TMTS Group consists of a School and College. The school caters for student 11-19 and the college for students 19-22.

Turney School

Turney Road, London SE21 8LX
Telephone 020 8670 7220
Fax 020 8766 7588
Email office@turney.org.uk
Headteacher
Mrs Linda Adams
MEd, PGSC (autism)

Turney is a school for children and young people with special educational needs aged from 4-18 years. The primary need of our pupils is autism, with associated communication difficulties and complex global delay. The school is on one site and consists of five key stages.

The Vanguard School, Lambeth

The National Autistic Society's Vanguard School has opened its doors to students on the autism spectrum in Lambeth and neighbouring Greater London authorities in September 2019. The NAS Academies Trust was established in 2012 as a subsidiary of The National Autistic Society. Its purpose is to open and run our charity's autism-specific free schools and academies.

The Vanguard School will be the third free school to be opened by NAS Academies Trust.

Admissions criteria

Admission to the Lambeth Resource Bases and Special Schools require your child to have an Education, Health and Care Plan.

Contact the Special Educational Needs and Disabilities Team for more information on sendsupport@lambeth.gov.uk

Other information

Travel assistance

Lambeth Special Education Needs Team provide home to school travel assistance to children and young people with an EHCP living in Lambeth who meet the eligibility criteria.

To apply or for further information contact 020 7926 9684 or email transport@lambeth.gov.uk

Free school meals

When your child is offered a school place, please contact the school to ascertain their arrangements for free school meals as most are dealt with by the school directly.

Uniform grants

Lambeth Council does not provide assistance with purchasing uniform. Arrangements may be able to be made with the school where your child has been offered to pay for uniform over a period of time.

Above are details of Lambeth Mutual Credit Union, a not-for-profit organisation, who can assist with uniform payments.

Families Information Service (FIS)

The FIS offers information about services and activities in the borough for young people and families, including holiday activities. Telephone 020 7926 9558
Email: fis@lambeth.gov.uk
younglambeth.org

We all know how expensive it can be when your child/ren change schools – new uniforms, new shoes, school trips!

London Mutual
Credit Union

Your local banking choice

London Mutual Credit Union in Lambeth can help anyone who lives or works in the borough to have access to safe savings, low cost loans and a straightforward current account. Small amounts saved regularly can help to cover these costs, and other expensive times like Christmas, and the credit union can help you to save.

Established in 1982, London Mutual Credit Union is London's largest community credit union, specialising in providing ethical financial services to its members. The credit union offers products designed to help all income groups and has loans to suit everyone, whether employed or receiving benefits. The Credit Union Current Account has an ATM and debit card, so you can shop around for the best deals.

Don't be tempted by expensive doorstep lenders. Visit your local branch at 10 Acre Lane, SW2 5SG, or join online at creditunion.co.uk

Other information

Information Advice and Support Service for parents and carers

This service is free and works with young people with special educational needs and disabilities (SEND) and with their parents and carers around the special

educational needs framework in schools and colleges. Our advice and support is impartial and confidential and can be about all aspects of special educational needs and disability support delivered in schools and colleges.

The service can make parents aware of the local authority's services for resolving disagreements and for mediation and on the routes of appeal and complaint on matters related to SEN and disability.

What help do we offer parents and carers?

- Email support
- Meetings in person
- Support communicating with professionals e.g. writing letters, emails and telephone calls
- Guidance on SEN support and Education, Health and Care Plans (EHCPs)
- Advice on systems, procedures and processes related to SEND
- Advice on systems, procedures and processes related to SEND related disability discrimination legislation
- Support to achieve positive outcomes at meetings and reviews
- Help in understanding professional reports
- Informal mediation at all stages with schools and the Local Authority
- Advice on personal budgets
- Information on health and social care policies and procedures as they relate to the SEN framework
- Advice and support with transition at each educational stage
- Support and advice with post 16 options
- Advice and support with SEND Tribunals
- Signposting parents where appropriate to alternative and additional sources of advice, information and support available locally including the voluntary sector.
- Information about the local offer

Secondary transfer meeting for parents/carers

A meeting for parents/carers has been organised to explain the secondary transfer co-ordinated admission arrangements and give you the opportunity to ask questions about the procedure on the following date:

Thursday 10 September 2020

6.30-7.30pm

Julian's Primary School (Streatham site)

226 Leigham Court Road

SW16 2RB

This meeting is open to all parents/carers of children transferring to secondary school in 2021, even if they do not attend the venue school. Please ensure that if you bring any children to the above meeting they remain with you at all times. Lambeth Council and school staff cannot be held liable for unaccompanied children in the building, nor can they take any responsibility for children brought to meetings.

Many thanks to all the schools supplying photos.

All information in this booklet, published by London Borough of Lambeth, is accurate at time of print (August 2020).
