Introduction

Purposes of the document

- 1.1 Lambeth has a wide range of visitor attractions, leisure, arts and cultural uses across the borough. Waterloo and South Bank are home to a world class cultural cluster in the South Bank/Bankside Strategic Cultural Area, Vauxhall remains home to LGBT+ venues and assets and Stockwell is London's Little Portugal. Brixton has extraordinary character, heritage, community and now creative economy and Clapham supports a strong culture and education offer. Streatham has a diverse high street offer and is also home to venues such as the Hideaway and Streatham Space Project. West Norwood and Tulse Hill has an emerging cultural and heritage area with venues such as Portico Gallery and South London Theatre.
- 1.2 This document provides an overview of the leisure, arts and cultural facilities in Lambeth, demonstrates the number and variety of these uses across the borough and builds upon the work undertaken as part of Lambeth's London Borough of Culture bid and the Brixton Creative Enterprise Zone bid. It is also intended to support the application of policy HC5 in the Draft London Plan and policy ED13 of the Draft Revised Lambeth Local Plan Proposed Submission Version January 2020. It is intended to be a 'live' list of visitor attractions, leisure, arts and cultural facilities in the borough and will be updated periodically.

Structure of the Paper

- 1.3 The paper is divided into two main sections:
 - Section 1 provides an overview of policy context of leisure, recreation, arts and cultural facilities.
 - Section 2 provides lists and maps of visitor attractions, leisure, arts and cultural facilities in Lambeth.

Methodology

- 1.4 For the purposes of this report, the leisure, recreation, arts and cultural facilities data is drawn from the following sources:

1. GLA Cultural Infrastructure Map – data collected by the Mayor to support the London Cultural Infrastructure Plan. It contains data on leisure, recreation, arts and cultural facilities in London and will continually be updated.
 2. In-house survey data – desk-based undertaken in winter 2019 to identify existing leisure, recreation, arts and cultural facilities.
 3. Lambeth’s London Borough of Culture bid
 4. Brixton Creative Enterprise Zone bid
- 1.5 This report focuses on cultural venues such as archives, libraries, art centres, art galleries, museums, cinemas, dance performance and rehearsal studios, outdoor facilities for cultural uses, leisure and sport centres, LGBT+ venues, music venues, theatres and theatre rehearsal studios, visitor attractions and community centres for cultural uses.
- 1.6 The data presented in this report provides the best estimate of the current position on leisure, recreation, arts and cultural facilities in Lambeth. The data in this report is intended to be live and will be updated periodically if and when new information becomes available.

Policy Context

Draft London Plan Intend to Publish Version December 2019

- 2.1 Policy HC5 (Supporting London's culture and creative industries) of the Draft London Plan supports the continued growth and evolution of London's diverse cultural facilities and creative industries. Development plans and development proposals should protect existing cultural venues, facilities and uses where appropriate and support the development of new cultural venues in town centres and places with good public transport connectivity. To support this, boroughs are encouraged to develop an understanding of the existing cultural offer in their areas, evaluate what is unique or important to residents, workers and visitors and develop policies to protect those cultural assets and community spaces.
- 2.2 Paragraph 7.5.2 of the Draft London Plan states that cultural facilities and venues include premises for cultural production and consumption such as performing and visual arts studios, creative industries workspace, museums, theatres, cinemas, libraries, music, spectator sports, and other entertainment or performance venues, including pubs and night clubs. Although primarily serving other functions, the public realm, community facilities, places of worship, parks and skate parks can provide important settings for a wide range of arts and cultural activities.
- 2.3 Paragraph 7.5.5 of the Draft London Plan encourages boroughs to develop an understanding of the existing cultural offer in their areas, evaluate what is unique or important to residents, workers and visitors and develop policies to protect those cultural assets and community spaces, building on the Mayor's Cultural Infrastructure Plan to assess and develop their cultural offer.
- 2.4 The Mayor's Cultural Infrastructure Plan (March 2019) contains an action plan to protect and grow London cultural facilities. The Mayor has launched a range of resources to support the delivery of the Cultural Infrastructure Plan, including the London Cultural Infrastructure Map. The dataset from Cultural Infrastructure Plan (Map) is the best snapshot of information of cultural infrastructure in London that the Mayor has gathered to date and will be continually updated.

Draft Revised Lambeth Local Plan – Proposed Submission Version January 2020

- 2.5 In accordance with London Plan policy HC5, policy ED13 (Visitor attractions, leisure, arts and cultural uses) of the Draft Revised Lambeth Local Plan – Proposed Submission Version January 2020 proposes to promote, safeguard and improve leisure, recreation, arts and cultural facilities in the borough where they meet local and wider needs, especially in the Central Activities Zone, Vauxhall and Waterloo London Plan Opportunity Areas and in town centres.
- 2.6 The policy makes clear that change of use or loss of existing visitor attractions, leisure, arts and cultural uses will not be permitted. Redevelopment for mixed use will only be supported where the existing use is re-provided on site, or a replacement facility is provided elsewhere in the locality. In exceptional circumstances, commuted payments may be accepted for replacement leisure, arts or culture uses elsewhere in the borough.
- 2.7 The Draft Revised Lambeth Local Plan – Proposed Submission Version January 2020 policy supports the temporary use of vacant commercial premises, open space and public realm for performance and creative work.

Leisure, recreation, arts and cultural facilities in Lambeth

3.1. The lists of existing leisure, recreation, arts and cultural facilities in Lambeth are set out in 11 category tables which are built upon the work undertaken as part of Lambeth's London Borough of Culture bid, the Brixton Creative Enterprise Zone bid and the GLA Cultural Infrastructure Map. These categories are accompanied by relevant maps. These are:

- 1) Archives and libraries
- 2) Art centres
- 3) Art galleries and museums (including commercial/ private galleries, museum and public galleries)
- 4) Cinemas
- 5) Dance – performance and rehearsal studios
- 6) Leisure & sport centres and outdoor facilities for culture
- 7) LGBT+ venues
- 8) Music – rehearsals, recording studios and venues
- 9) Theatres and theatre rehearsal studios
- 10) Visitor attractions (other than museums and galleries listed above)
- 11) Community centres for cultural activities

3.2 There may be other facilities in the borough and applications involving leisure, recreation, arts and cultural facilities uses will considered on a case by case basis. It is recognised that facilities such as community centres and creative/ artist workspaces (including makerspace) provide an important setting for leisure and cultural activities. It is also recognised that pubs provide a cultural offer, particularly where they provide live music. A list of pubs in the borough has been produced separately and can be found in [this document](#). It is also recognised that most parks in Lambeth offer some cultural activities (such as Brockwell Park, Clapham Common and Rookery Park). However, they are not included in this document as they are covered by other development plan policies:

- Community centres – policy S1 and S2
- Creative/ artist workspaces (including makerspace) – policy ED1, ED2, ED3 and ED4
- Public house – policy ED9

- Parks and open spaces – policy EN1

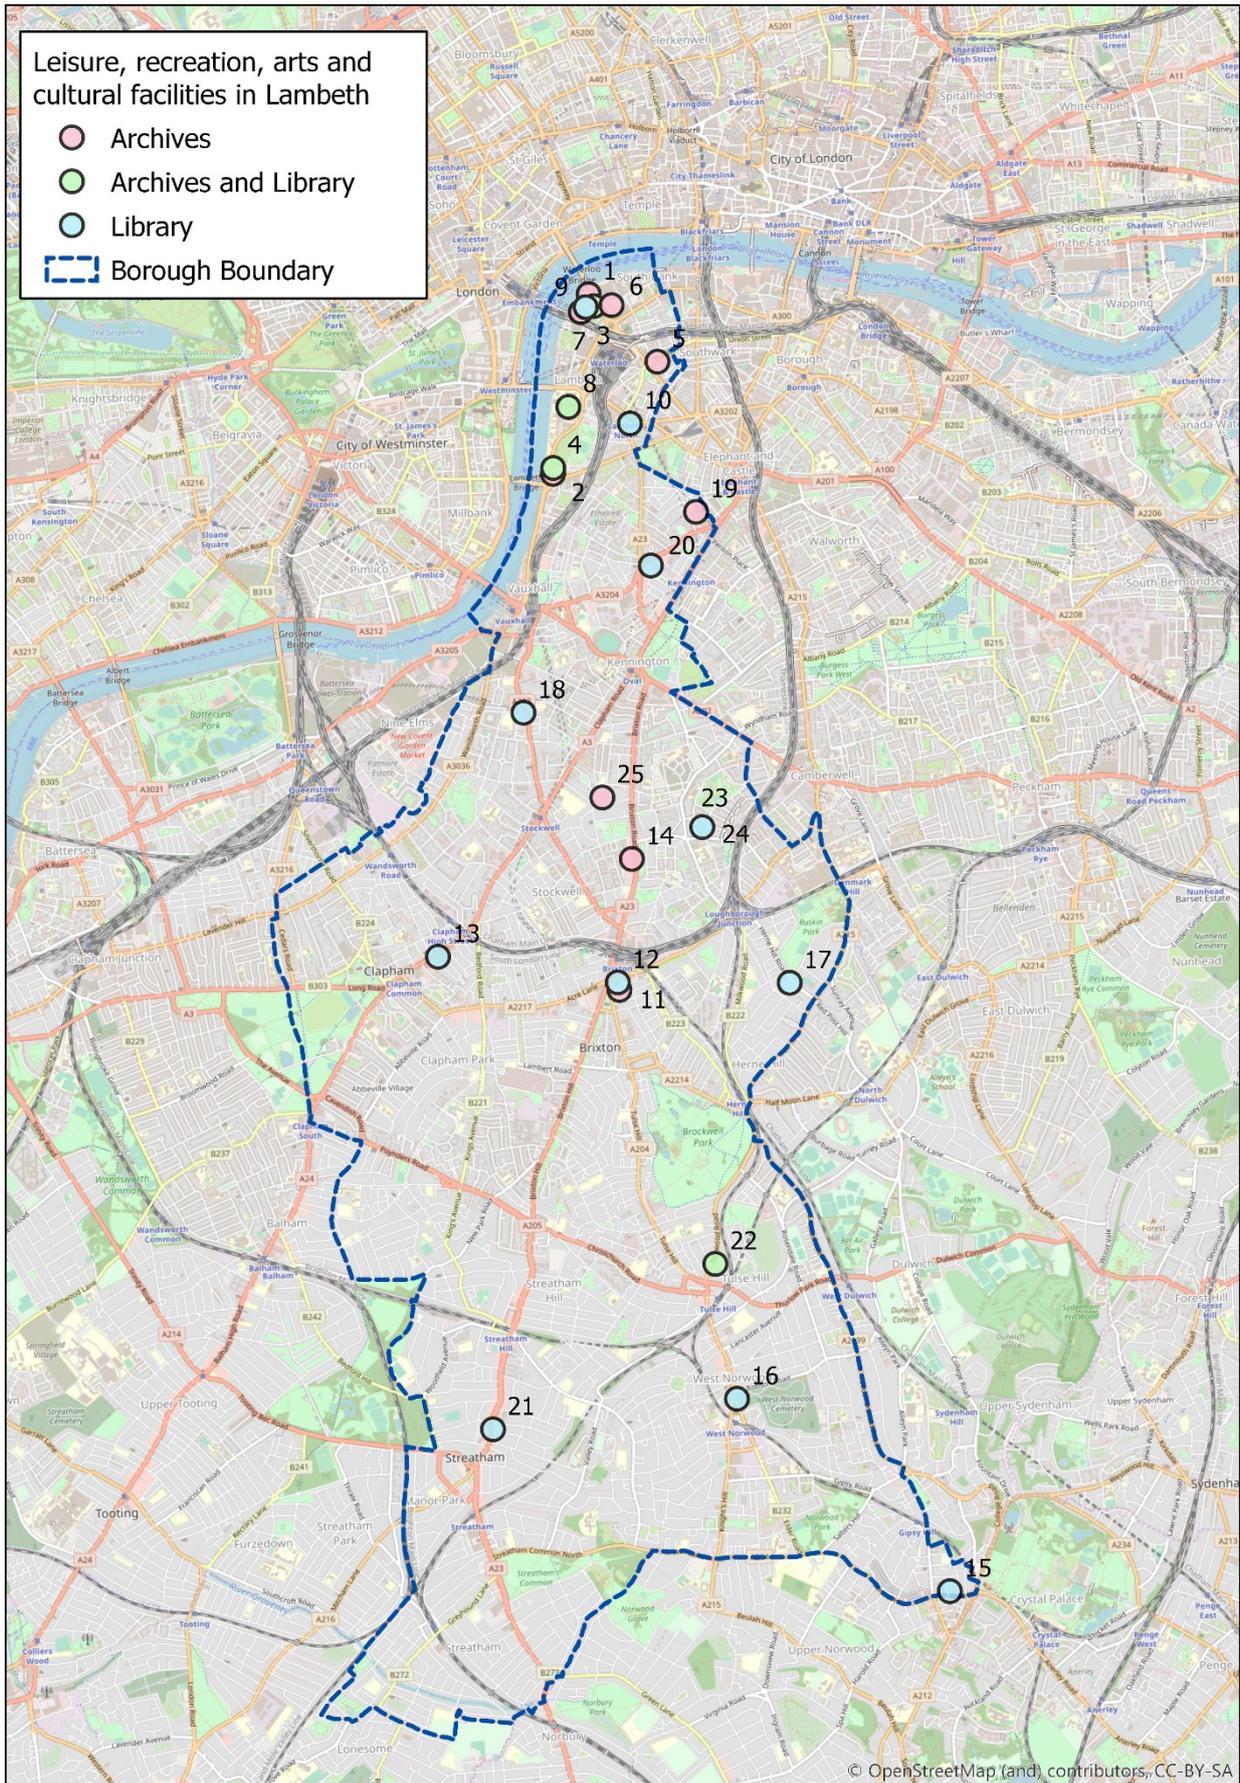

3.3. The tables set out the key/number that relates to the map, name of venues, address, the ward and further information where relevant.
