# Introduction

This report presents the results of the analysis of the 2023 Lambeth DfE Spring School Census. Each year in January, the Local Authority carries out a census of pupils in its schools. The information provides data for the Local Authority's scheme of formula funding, assists in putting Key Stage 1, 2 and GCSE achievement into the context of schools' intakes and provides general background information to Lambeth policy makers. The detailed overview of the pupil population is also used as supporting evidence for a range of external grant funding and other submissions and reports to government departments and other agencies.

Information from the two surveys includes name, gender, unique pupil number (UPN), free school meals eligibility, home borough, ethnic background, additional languages to English spoken at home, proficiency in English, SEN stage and prime area of special educational need, date of admission to school, date of birth, postcode and national curriculum year as taught.

The 2023 Spring School Census recorded details of 36,635 pupils in all schools including academies and pupil referral units. The main findings are summarised below.

## 1. Ethnic Background

The largest ethnic group in Lambeth schools is Black African with 7,956 pupils, or 21.7% of the pupil population. White Other are the second largest ethnic group (15.4%) closely followed by White British (15.3%).

Totals may not equate to 100% due to the exclusion of the 'Not Obtained' and 'Refused' categories

The ethnic composition has changed since 2000. The percentage of Black African pupils remains the largest ethnic cohort, but the number of Black Caribbean pupils has shown a steady decline over the last ten years. White Other has grown over the period from 13.5% in 2000 to 15.4% in 2023, but from a high point in 2018 of 16.6%, the proportion has fallen, mainly driven by a fall in the percentage of Portuguese pupils. The numbers of mixed heritage pupils has steadily increased, the two biggest groups being Mixed Other and Mixed White/Caribbean.

The percentage of White British pupils in Lambeth has fallen since 2000 when they were the largest ethnic group with a quarter of all Lambeth pupils, but are now the third largest alongside White Other pupils.

## 2. Main Languages Spoken

Lambeth pupils in the language survey spoke 145 identifiable languages, including English (Please note this data includes first language and home language and may not align with school census language figures).

17,389 pupils spoke or understood a language other than English at home. This represents 46% of the total respondents. Spanish is the most common language spoken by pupils with English as an additional language with 2587 speakers (7.1%), having recently overtaken Portuguese with 2190 speakers (6.0%) who for many years have been the largest EAL language group in Lambeth schools. The next largest groups are speakers of Somali (3.8%), Arabic (3.1%), French (3.1%) and Polish (2.8%).
