Provided that the Council does not accept responsibility for any inaccuracies contained in the Ordnance Survey data relied upon to create the map-based schedule and where a parking place, loading place or waiting, loading or stopping restriction is depicted on the map-based schedule, that parking place, loading place or waiting, loading or stopping restriction will continue to apply irrespective of any subsequent changes that have been made to the underlying Ordnance Survey data.

(a) LBC 2023/1

“map schedule legend” means the map schedule legend presented with the map based schedule which, when used in conjunction with the map based schedule, the Articles of this Order, and the following table of disambiguations (where applicable):

identifies the specific type of parking places and loading places designated by this Order, and the waiting, loading and stopping restrictions imposed by this Order and, where appropriate, certain of their governing provisions;

“parking place” means an area on a highway designated as a parking place by this Order, being either a bus parking place, or a disabled persons parking place, or an electric vehicle charging point parking place, or a free limited stay parking place, or a free unlimited stay parking place, or a pedal cycle parking place, or a solo motor cycle parking place, and in each case being identified as such on the map-based schedule, by reference to the map schedule legend;

- (2) Any reference in this Order to any enactment shall be construed as a reference to that enactment as amended, applied, consolidated, re-enacted by or as having effect by virtue of any subsequent enactment.
- (3) Unless the context otherwise requires, any expression used in this Order which is also used in the Order of 2023 shall have the same meaning as in that Order.

Amendments to the Order of 2023

3. Without prejudice to the validity of anything done or to any liability incurred in respect of any act or omission before the coming into force of this Order, the Order of 2023 is hereby varied as identified in the map-based schedule.

Designation of parking places and application of the Order of 2023 thereto

4. (1) Each area on a highway identified in the map-based schedule by way of the map schedule legend as a parking place or loading place, as an area marked out and signed for the use herein of specified classes of vehicles following the conditions specified in this Order in relation to that parking place or loading place, is a designated parking place or loading place, as the case may be.
- (2) Unless otherwise so identified, a parking place or loading place shall be bounded on one side of its length by the edge of the carriageway and be an area marked out to a road marking and depicted by a regulatory sign, either in accordance with the Traffic Signs Regulations and General Directions 2016 or, if applicable, by virtue of any special authorisation given by the Department for Transport.
- (3) The provisions of the Order of 2023 (other than Articles 4 and 16) shall apply to each area designated as a parking place or loading place by this Order as if in those provisions any reference to a parking place or loading place included a reference to each area designated as a parking place or loading place by this Order and as if any reference to the map-based schedule to the Order of 2023 included a reference to the map-based schedule to this Order.
