

Dear Resident / Business,

The purpose of this leaflet is to let you know the outcome of the public engagement on proposals for healthy streets and parking controls in the Streatham Vale area carried out in December 2024 and January 2025.

What were the findings?

A wide range of factors were reviewed to consider how parking is affected now and may be affected in the future. It was considered that the parking pressures in the area were significant and would worsen over time due to large residential developments being built, parking displacement occurring from parking controls being introduced in neighbouring areas, less kerbside space for vehicles due to other sustainable measures taking up space, the wide practice of footway parking restricting footways for pedestrians and the high level of interest in access to on-street electric vehicle charging points. It was therefore decided that there was a case to take forward a scheme.

The Council has now published a decision report on 20 March 2025 authorising a statutory consultation on the proposed scheme. To view a copy of this report, please visit our website at <https://moderngov.lambeth.gov.uk/ieDecisionDetails.aspx?id=9908&LLL=0>.

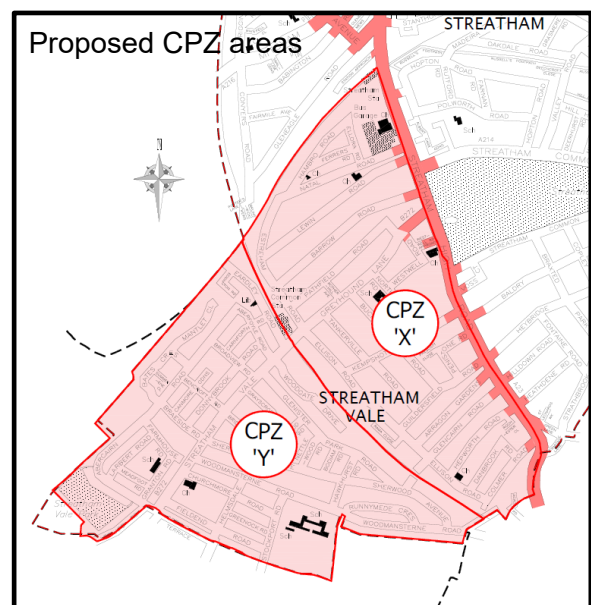

What are we proposing?

Feedback from the public engagement has been used to refine and improve the proposals and a number of design changes have been identified and integrated into the final scheme.

Minor amendments have been made to the scheme design, which include:

- The parking controls are proposed to operate 12pm – 2pm, Monday to Friday;
- The provision of eight cycle hangars at various locations have been included;
- The provision of 14 electric vehicle charging points and associated electric vehicle only parking bays.
- Additional time limited free parking bays at various locations.

Detailed drawings of the scheme, permit prices and FAQs can also be found on the relevant scheme webpages at www.lambeth.gov.uk/sv-hspc.

To view the history of the CPZ along with detailed plans of the revised proposals, please visit our website at www.lambeth.gov.uk/sv-hspc. Additional information about CPZs, how they operate, and current parking and permit charges can be found at <https://www.lambeth.gov.uk/parking>

Vehicle crossover/dropped kerb

If you would like to have a vehicle crossover and for the parking bay layout to accommodate the crossover you will need to have applied for a crossover, received all the necessary approvals and made payment before we publish a formal decision on the Statutory Consultation outcome. Any crossover applications that are not approved by this time may incur additional cost to amend the parking bay layout and Traffic Management Order (TMO).

How do I give my views?

We are carrying out a statutory consultation on the introduction of permanent Traffic Orders for the proposed Streatham Vale CPZ. Notices of the Council's intentions to introduce these measures will be published in a local newspaper (South London Weekly), in the London Gazette and its website and available to view on the consultation portal.

Representations for and against the proposals described in these Notices must be made in writing and must specify the grounds on which they are made, and can be made using our consultation portal or sent by post to Parking and Enforcement Group (Resident Services), London Borough of Lambeth, PO Box 80771, London, SW2 9QQ quoting reference **Streatham Vale CPZ** by no later than **25 May 2025**.

To provide feedback through our Appyway consultation portal:

- Open this link: <https://consultation.appyway.com/Lambeth>
- Refer to the 'Active Consultations' window
- Select 'Streatham Vale CPZ'
- At the bottom right of the map, find a blue box named 'Respond to Consultation'
- Fill in the relevant details and leave

If you are not able to get online, you can request a paper version of a plan showing the CPZ proposals in your immediate area, by calling 020 7926 6799. Please mention **Streatham Vale CPZ** when you leave your message.

Objections must relate only to the elements of the scheme that are subject to this statutory consultation. All representations along with Officers' comments and recommendations will be presented in a final report to be considered by the Council. The Council is required to give weight to the nature and content of your representations. Your reasons are therefore important to us.

A copy of each of the Orders and other documents giving detailed particulars about them (including maps) are available for inspection online at: <https://www.lambeth.gov.uk/traffic-management-orders> and at the offices of Lambeth Council's Parking and Enforcement Group (Resident Services), 3rd Floor, Civic Centre, 6 Brixton Hill, London SW2 1EG, between 9.30am and 4.30pm on Mondays to Fridays inclusive (except on bank/public holidays), until the last day of a period of six weeks beginning with the date on which the Orders are made or, as the case may be, the Council decides not to make the Orders. To arrange an inspection or request paper or digital copies of the documents please telephone 020 7926 0209 or email Trafficorders@lambeth.gov.uk.

What happens next?

The results of these consultations, along with officers' recommendations, will be reported to the Cabinet Member for Sustainable Lambeth and Clean Air. You will be notified via letter of any further decisions and timelines relating to this project.
