ACCOUNTANT

A Lambeth to be proud of

Job Title: Accountant

Department: Finance and Investment

Division: Finance and Property

Grade: PO4

Reports to: Group Manager

Responsible for: up to 5 staff

Context

Children's Social Care plays a critical role in supporting and safeguarding some of the most vulnerable children and young people in our communities. From ensuring safe placements for looked-after children to supporting families in crisis, our work is high-stakes, fast-paced, and deeply impactful.

To deliver these essential services effectively, we need strong financial oversight, cost-effective commissioning, and robust budgetary control.

As a Placement Accountant, you will be part of a finance team working in close partnership with operational leaders across Children's Services. Your primary focus will be on the financial planning, monitoring, and reporting of placement-related expenditure, including fostering, residential care, and other commissioned support services.

Job Purpose

- To support the relevant Group Manager in the delivery of sound financial advice on all matters within the directorate and those which cut across the directorate. To provide proactive/responsive and customer focused business support and relationship management to relevant Heads of Service and Assistant Director level officers to ensure their financial needs are met.
- To lead/support and take ownership for the sound financial planning, management, closure of account, project support & advice, management accounting, reporting, statutory/statistical returns (including returns to government departments and tax returns), and coordination of financial arrangements for a given division/area across both revenue and capital (as appropriate). To lead/support on cross cutting areas and other duties that might be requested from time to time.
- To support the development of financial competence of budget holders and Assistant Directors within the relevant directorate/areas, as well as compliance in using the financial systems of the organisation.

- To drive and implement the changing role of finance in becoming a service that is proactive, takes ownership and maximises benefit from technological changes, focuses on becoming a data led, value adding professional advisory and support function whilst also ensuring appropriate controls are in place in relation to transitional processing.

Responsibilities

1. Provide effective, responsive, proactive and valued business support relationships with given areas, work with and support them in achieving their outcomes while driving financial improvements and delivering excellent customer service. This includes taking ownership to see the outcome delivered and working collaboratively with other colleagues/services to do this, where necessary.
2. To proactively engage and work with senior management across the organisation, providing specialist professional and technical expertise to ensure effective financial planning, management and operational decision making.
3. To support and deliver all aspects of sound financial planning, management, closure of account, accounts production, reporting and statistical returns to the highest professional standards, collaborating with service and other professional colleagues where necessary for given areas. To facilitate their internal and external scrutiny as appropriate. To lead and liaise directly with internal/external auditors on all matters relating to the preparation and audit of defined work area(s)
4. Prepare, review and submit grant applications, grant claims, financial and statistical returns to government departments, bodies and appropriate organisations
5. Ensure the council's accounts reflect the true accounting position and transactional postings to the chart of accounts are correct at source, for relevant areas.
6. To support the delivery and continuous improvement of financial systems, controls and processes across the council/given areas to capture and analyse financial information and so that any necessary adjustments are designed and implemented promptly, and they operate in compliance with financial policy and statute. Maximise benefits from technological changes through ownership/implementation of improvements and using data to drive professional value adding finance support/advice for the organisation
7. Support the development of financial competence, enablement and get buy-in from budget holders/Assistant Directors for given areas, so they manage their own day to day finances and forecast through the appropriate financial systems of the organisation on a regular basis.
8. Enable service users, through training, guidance, and other means (as you may decide is appropriate) to enhance knowledge and promote a culture of compliance with defined financial processes and controls. To ensure that the financial governance requirements

are understood and accepted by the business and that the implications of non-compliance are made clear.

9. Taking ownership to provide pro-active financial advice and support for revenue and capital projects (including robust option appraisal) for given areas, working and collaborating with different service and professional functions to contribute to the success of projects, which is recognised by service managers and other involved - delivering excellent customer experience
10. To pro-actively develop strong links with officers internally, and in other organisations locally and nationally to facilitate benchmarking, information sharing and analysis. Represent the council's interests as required at appropriate working and benchmarking groups, both local and regional, as required.
11. Develop and maintain specialist knowledge and understanding of financial legislation and accounting standards, and take responsibility for implementing changes arising from new or amended legislation or financial policy, ensuring that the council's processes are compliant
