

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth’s Neighbourhoods Fit for the Future
OUTCOME: By 2030, Lambeth will be a Net Zero borough

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Our communities and built environment are more resilient and prepared for the impact of climate change	Annual investment in decarbonisation and climate resilience measures	Proportion of Lambeth kerbside used sustainably
	tCO2e arising from electricity use for streetlighting per year	
	Percentage of residents who understand what they can do in their area / home to protect themselves from the impact of climate change	
Lambeth is a borough where green space is celebrated, the air is clean and our wildlife is thriving	Percentage of parks and other public spaces classified, and maintained, as ‘naturalised habitat’	Net gain in trees planted
	Percentage of Sites of Importance for Nature Conservation (SINCs) in Lambeth that are in ‘positive management’ for biodiversity and access to nature	
	Percentage of residents who feel that levels of pollution (including air quality) are among the 3 things that most need improving	
Our buildings are energy efficient and are powered by renewable energy	GHG emission estimates – per capita emissions	
	Number of electric, renewable or low carbon installations certified by MCS	
	Percentage of domestic buildings in the borough reaching EPC C or above	

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth’s Neighbourhoods Fit for the Future
OUTCOME: By 2030, Lambeth will be a Net Zero borough

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Local infrastructure and waste services enable residents to reduce, reuse and recycle waste	Percentage of residents who feel that refuse collection and recycling are among the 3 things that most need improving	Estate households – waste sent for reuse, recycling or composting
	GHG emissions from waste treatment	Kerbside households – waste sent for reuse, recycling or composting
		Percentage of total household waste that is sent for reuse, recycling or composting
		Percentage of land and highways with unacceptable levels of litter
Our transport network is sustainable and supports the environment and our residents	Distance travelled by motor vehicle	Number of electric vehicle charging points
	GHG emissions from transport	
	Percentage reduction in motor traffic	
	Percentage of resident permit holders using lower emission vehicles	

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth’s Neighbourhoods Fit for the Future

OUTCOME: By 2030, Lambeth residents will experience good health and wellbeing, with an improved healthy life expectancy for those with the poorest outcomes

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Fewer residents live in poverty and deprivation	Proportion of jobs in Lambeth that pay below the London Living Wage	Average days to process changes in circumstances in Housing Benefit and Council Tax Support
	Percentage of residents who think that their personal financial circumstances have improved in the last year	Average days to process new Housing Benefit and Council Tax support claims
Residents across the borough are fitter and living in good physical health for longer in their lifetimes. Long term conditions and further complications are prevented.	The percentage of those over 65 years old and eligible who receive influenza vaccine in season	Percentage of black or multi-ethnic people aged 79 years and under with hypertension who achieve blood pressure <140/90mmHg
	Smoking prevalence in adults in routine and manual occupations	
	Healthy life expectancy at birth (male and female)	
	Percentage of residents who report a long term health condition	
	Percentage of residents who report their health as good or very good	
	Percentage of the eligible population aged 40 to 74 offered an NHS health check who received an NHS health check	
	The number of people new to, or continuing, PrEP treatment	
All residents are able to eat well and have food security	Percentage of residents who feel that access to food when required is among the 3 things that most need improving	
	Percentage of residents who believe it will be difficult for their household to pay for food in the coming year	

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth’s Neighbourhoods Fit for the Future

OUTCOME: By 2030, Lambeth residents will experience good health and wellbeing, with an improved healthy life expectancy for those with the poorest outcomes

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
More children have a good level of development by age five	Level of development by age five	
	Proportion of healthy weight children at Reception	
	Proportion of Lambeth registered children who have received 1 dose of MMR vaccine by age 2	
	Percentage of eligible 2-year-olds accessing funded early education	
	Percentage of eligible 3 & 4-year-olds accessing 15 hours funded early education	
	Uptake for ‘Healthy Start’ support	
All residents have access to, and positive experience of, high quality health and care services that they trust and meet their needs	Percentage of General Practise appointments seen within 2 weeks	Median time from contact to completion of social care assessment
	Number of LARC uptake in primary care	Percentage of Section 42 enquiries where risk was either reduced or removed as a result of the safeguarding intervention
	Percentage of residents using health centres at least monthly	Percentage of safeguarding enquiries where personal outcomes expressed have either been partly or fully achieved
	Number of clients in substance misuse treatment	Total number of Adult Social Care reviews completed

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth’s Neighbourhoods Fit for the Future

OUTCOME: By 2030, Lambeth will be a sustainable and healthy borough with more accessible and active travel options for everyone

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Physical activity is increased across the Borough with residents benefitting from improved and maintained parks, sports and recreational facilities	Percentage of residents who report that they have done ≥ 30 mins of physical activity on at least one day in the past week	Number of new members of Active Lambeth
	Percentage of residents who have walked or cycled more over the last 12 months	Park users who rate their experience of Lambeth parks as good or excellent
	Percentage of residents who feel that sports and leisure facilities are among the 3 things that most need improving	Percentage of parks in Lambeth over one acre in size with a Green Flag

Lambeth’s environment is improved to enable more residents to access and undertake active travel	Proportion of journeys made by walking, cycling or public transport	Number of cycle hangers installed
	Proportion of Lambeth highway that enables walking and cycling	
	Percentage of residents who feel that walking and cycling facilities are among the 3 things that most need improving	
Residents from all backgrounds benefit from inclusive and innovative sports and activity programmes including those not previously involved	Percentage of residents who report that they have done ≥ 30 mins of physical activity on at least one day in the past week	Number of Black, Asian and minority ethnic members of Active Lambeth
		Number of members of Active Lambeth with a disability
		Under 16 membership of Active Lambeth

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth one of the safest boroughs in London

OUTCOME: By 2030, Lambeth will be a safer borough for everyone, with a significant reduction in serious violence against young people

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Children and families have a safer experience in Lambeth and are more protected from serious violence and high harm gangs	Percentage of residents who say they are, or would be, safe from crime when walking in their local area during the day	Number of weapon sweeps completed
	Percentage of residents who say they are, or would be, safe from crime when walking in their local area at night	
	Percentage of residents who believe that serious youth violence is a fairly big problem or a very big problem	
Fewer children and young people commit acts of violence and are involved in the criminal justice system	First time entrants to the Youth Justice Service aged 10-17	Number of pupils in school years 5-8 attending youth violence prevention workshops
	Rate of proven reoffending by children known to the Youth Justice Service	
	Use of custody rate per 1,000 population aged 10-17	
Residents experience reduced level of anti-social behaviour, violence linked to the night-time economy, hate crime and substance misuse against residents and/or businesses	Number of clients in substance misuse treatment	Number of anti-social behaviour case reviews carried out
	Percentage of residents who believe that people using or dealing drugs is a fairly big problem or a very big problem	Percentage of land and highways with unacceptable levels of graffiti
	Percentage of residents who say they are, or would be, safe from crime when walking in their local area at night	

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth one of the safest boroughs in London

OUTCOME: By 2030, Lambeth will be a safer borough for women and girls, and all residents who experience gender-based violence will be able to access support

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Victims and survivors of VAWG and gender-based violence are supported to recover and know where to go for effective help based on their individual needs and identity	Repeat incidents of domestic abuse relating to victims who are subject to Lambeth's Multi Agency Risk Assessment Conference	Gaia Centre service users on exit report increased confidence in accessing help and support
		Reduction in levels of risk for victims of VAWG engaged with the Gaia Centre
Our public spaces are safe for women, girls and gender non-conforming residents to move freely through our streets, parks, transport hubs, hospitality and retail venues and other parts of Lambeth without fear of harassment, violence or abuse	Percentage of women who have personally experienced sexual harassment within the last 12 months	
	Percentage of women who feel that levels of street-based harassment are among the top three things that need improving	

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth one of the safest boroughs in London

OUTCOME: By 2030, Lambeth will be a borough of prevention, tackling the root causes of violence to protect our communities

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
Young people and the community voice are at the centre of our work to prevent and respond to youth violence	Percentage of 18-24 year-olds who feel they can influence decisions about their local area	Number of pupils in school years 5-8 attending youth violence prevention workshops
Residents are supported into employment pathways, education and training	Percentage of young people aged 16-18 who are not in education, training or employment	
	The percentage point gap between the claimant rate of those aged 18-24 and the overall claimant rate	
	The percentage of young people in suitable education, training or employment at the end of their Youth Justice Service intervention	
Children from all backgrounds are supported to achieve their potential, lowering educational attainment gaps	Attainment of pupils known to be eligible for FSM at the end of Key Stage 4 (9-4 English and Maths)	
	Number of children not in full time education	
	Number of Lambeth resident pupils of statutory school age with CME (Children Missing Education) status	
	Percentage of young people aged 16-18 who are not in education, training or employment	

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth a place we can all call home

OUTCOME: By 2030, Lambeth will be a borough of opportunity, with local people benefitting from jobs in our future growth industries

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
All residents can access good, local, sustainable employment opportunities including in future growth industries	Employment rate gap for disabled residents	Number of priority sector jobs supported by affordable workspace brought forward through council initiatives
	Overall claimant rate	Number of residents supported into employment, education or training
	Proportion of jobs in Lambeth that pay below the London Living Wage	
Our residents will be more resilient and unlock their potential through upskilling, reskilling, training provision and apprenticeships	English and Maths grade 9 to 4 for all Lambeth pupils	
	Number of apprenticeship achievements in Lambeth	
	Proportion of population aged 16-64 qualified to at least Level 3	
Lambeth's economy is supported to rebound, evolve and grow with residents benefitting from targeted growth sector investment, affordable workspace funding and improved digital connectivity	Percentage of vacant units in Lambeth's six largest town centres	Affordable workspace and cultural facilities created by, or as a result of, Council initiatives
		Amount of office workspace completed (net)
		Commercial floor space completed (net)
		Number of residents engaged with growth sector focussed programmes

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth a place we can all call home

OUTCOME: By 2030, Lambeth will increase the supply of genuinely affordable housing and the quality of existing homes for residents who need them

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
<p>Residents, including those in the private rented sector, will benefit from an excellent housing improvement and repair service which will be responsive, provide value and meet their needs</p>		Average time to remove and treat mould
		Grounds maintenance estate cleaning (percentage passing inspection)
		Number of private dwellings and HMO improved to comply with statutory housing standards
		Percentage of housing contact centre calls abandoned
		Percentage of tenants satisfied with the quality of their repair
		Proportion of emergency repairs completed within target timescale
		Proportion of homes for which all required fire risk assessments have been carried out
		Proportion of homes for which all required gas safety checks have been carried out
		Proportion of homes that do not meet the Decent Homes Standard
		Proportion of homes where required asbestos management surveys or re-inspections have been carried out
Proportion of non-emergency repairs completed within target timescale		

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth a place we can all call home

OUTCOME: By 2030, Lambeth will increase the supply of genuinely affordable housing and the quality of existing homes for residents who need them

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
The diverse needs of rough sleepers and those living streets-based lifestyles are adequately supported to ensure they are assisted into the right accommodation and to improve their lives and not return to the streets	Number of people sleeping rough after moving into settled accommodation	The proportion of successful homelessness relief outcomes
	Number of T1000 (long term, complex rough sleepers) in accommodation	Number of rough sleepers assisted into accommodation
		The proportion of successful homelessness prevention outcomes
Residents are able to access and benefit from an increased supply of affordable homes including building new homes and better utilising existing homes	Number of households in temporary accommodation	Number of households leaving temporary accommodation
	Percentage of residents who believe it will be difficult to pay for rent/mortgage in the coming year	Total number of homes consented
		New homes delivered on council owned land

Lambeth 2030: Outcomes Framework 2025/26

AMBITION: Making Lambeth a place we can all call home

OUTCOME: By 2030, Lambeth will be a borough of sanctuary and an age and child friendly borough, the best place to grow up and age well

Supporting Outcomes	Borough Context Indicators	Key Performance Indicators
The emotional wellbeing of parents, carers, babies, children and young people is supported	Number of parents registering with the parenting support service	Proportion of new assessments completed where carers have been identified and offered an assessment
	Number of unique children using Better Start children’s centres	
People are supported to live well independently for as long as possible	The percentage point gap between the claimant rate of those aged 50-64 and the overall claimant rate
