

LONDON BOROUGH OF LAMBETH

PROPOSALS TO INTRODUCE ADDITIONAL CHARGES FOR PARKING DIESEL VEHICLES THAT ARE NOT COMPLIANT WITH THE EURO 6 EMISSIONS STANDARD IN THE ON-STREET PARKING PLACES AND CAR PARKS

[Note: This notice is about proposals to introduce additional charges (a) for business, car club, doctor's, health care and teacher's parking permits for diesel vehicles that do not meet the Euro 6 emissions standard, and (b) for parking such diesel vehicles in the on-street parking places using Pay by Phone or Paypoint and in the Council's car parks using Pay By Phone (the Euro 6 emissions standard relates to the levels of harmful vehicle exhaust emissions, chiefly nitrogen oxides, carbon monoxide, hydrocarbons and particulate matter). These additional charges would be on top of the usual charge for those parking permits and for parking using Pay by Phone or Paypoint. Objections or other comments may be made – see paragraph 8.]
