B Governance Arrangements

B1) Please provide the 12 months of Unitary Charge invoices and all relevant performance monitoring reports which determine availability/unavailability and therefore the level of payments made on a monthly basis.

See Appendix 1 (Tab 1) and Appendix 2 (pdf) for Unitary Charge invoices.
KPI reports – Appendix 3.
Performance & Unavailability Deductions – Appendix 1 (Tab 3)

Other reports/detailed breakdown are commercially confidential and/or subject to Data Protection.

B2) Please provide a full breakdown of any change notices impacting on payments for each PFI project this financial year.

See Appendix 1 (Tab 2).

The majority of these relate to the provision of adaptations for disabled tenants moving to new-build properties. Further breakdown would be commercially confidential and/or subject to Data Protection.

B3) Please state all instances of unavailability and provide details of dates, reasons and related attempts to claim performance deductions (both successful and unsuccessful)

Performance & Unavailability Deductions – Appendix 1 (Tab 3)

Other reports/detailed breakdown are commercially confidential and/or subject to Data Protection.

B4) Please provide an itemised breakdown of all internal and external expenditure incurred by the Council in relation to all aspects of administering, auditing, monitoring, managing and carrying out the council's contractual and legal responsibilities towards the PFI Schemes. Such costs and payments may include (but may not be restricted to):

(i) staff costs of the PFI contract clienting team;

See Appendix 1 (Tab 4)

D Audit information

D1) Please provide the modelling/methodology behind all fair value assessments of PFI assets and liabilities in 2016/17.

J. Private Finance Initiative and Similar Contracts

As the Council is deemed to control the services that are provided under its PFI contracts, and as ownership of the property, plant and equipment will pass to the Council at the end of the contracts for no additional charge, the assets used are recognised on the Balance Sheet as part of Property, Plant and Equipment.

The original recognition of these assets at fair value was balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment.

The amounts payable to the PFI operators each year are analysed into five elements:

- Fair value of the services received during the year – debited to the relevant service in the Comprehensive Income and Expenditure Statement (CIES)
- Finance cost – debited to the Financing and Investment Income and Expenditure line in the CIES
- Contingent rent – debited to the Financing and Investment Income and Expenditure line in the CIES
- Payment towards liability – applied to write down the Balance Sheet liability towards the PFI operator
- lifecycle replacement costs – proportion of the amounts payable is posted to the Balance Sheet as a prepayment and then recognised as additions to Property, Plant and Equipment when the relevant works are eventually carried out
