1. Introduction

- 1.1 This is the authority's monitoring report for the London Borough of Lambeth. It has been prepared in accordance with Regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended).
- 1.2 This report covers the period of the two financial years 2013/14 and 2014/15 and contains up to date information as at September 2015. Lambeth's last authority's monitoring report was published in March 2014, covering the financial years 2012/13 and 2011/12.
- 1.3 This report includes information about:
- progress in implementing the local development scheme
 - neighbourhood planning in Lambeth
 - implementation of the Community Infrastructure Levy in Lambeth
 - the duty to co-operate
 - performance against key monitoring indicators
 - the sources of data used for the monitoring indicators.
- 1.4 The local plan for Lambeth over the monitoring period was the London Plan 2011, the Lambeth Local Development Framework Core Strategy January 2011 and the remaining saved policies in the Unitary Development Plan 2007. Monitoring information is provided in relation to the monitoring framework in section 6 of the Core Strategy. The GLA publishes a separate London Plan annual monitoring report. On 10 March 2015, the Mayor published (i.e. adopted) the Further Alterations to the London Plan (FALP). From this date, the FALP are operative as formal alterations to the London Plan (the Mayor's spatial development strategy) and form part of the development plan for Greater London and for Lambeth. On 23 September 2015 the Lambeth Local Plan 2015 was adopted by full council. It replaces the Core Strategy 2011 and Saved UDP policies and becomes the development plan for Lambeth alongside the London Plan. Future monitoring reports will therefore reflect the monitoring framework set out in the Lambeth Local Plan.

2. Progress in implementing the Local Development Scheme

- 2.1 Lambeth's most recent local development scheme (LDS) was adopted by the council on 14 September 2015. It has been published on the Lambeth website at:
- <http://www.lambeth.gov.uk/planning-and-building-control/lambeth-local-development-scheme>

2.2 Tables 1 and 2 below set out the programme for the preparation of development plan documents and supplementary planning documents respectively in the LDS. The right hand column identifies the progress to date in implementing this programme.

Table 1: Development plan document preparation timetable (Lambeth LDS September 2015)

Document	Role and content	Geographical coverage	Publication	Submission	Adoption	Position in September 2015
Lambeth Local Plan	New statutory development plan for Lambeth to comprise a partial review of the Core Strategy 2011 plus new development management policies and site allocations. Once adopted, this will supersede the Core Strategy 2011 and remaining saved UDP policies.	Borough wide	December 2013	March 2014	September 2015	No change to programme. Adopted by full Council 23 September 2015.
Local Plan Policies Map	Map of Lambeth illustrating geographically the application of the policies in the Lambeth Local Plan. Initially this will be published as changes to the 2011 Proposals Map. A full version will be printed as soon as possible after adoption of the Local Plan.	Borough wide	December 2013	March 2014	September 2015	No change to programme.

The neighbourhood forum was designated on the same day.</p> <ul style="list-style-type: none"> • Neighbourhood plan consultation: Spring 2016 • Neighbourhood plan examination: not yet known • Neighbourhood plan referendum: not yet known • Adoption: not yet known

4. Community Infrastructure Levy (CIL)

4.1 The Lambeth CIL came into effect on 1 October 2014. Progress against the timetable set out in the LDS is shown in Table 3 below. There are no current plans to review the Lambeth CIL.

Table 3: CIL charging schedule preparation timetable and progress

4.2 The CIL monitoring report required by Regulation 62 of the CIL Regulations 2010 (as amended) and Regulation 34 of the Town and Country Planning (Local Planning) Regulations 2012 will be published at the end of 2015/16 – the first full year following adoption.

5. **Duty to co-operate**

5.1 The duty to co-operate was introduced by the Localism Act 2011 and requires local planning authorities and public bodies to engage constructively, actively and on an ongoing basis to maximise the effectiveness of local plan preparation relating to strategic cross-boundary matters.

5.2 The Act defines a strategic matter as sustainable development or use of land that has or would have a significant impact on at least two planning areas, including (in particular) sustainable development or use of land for or in connection with infrastructure that is strategic and has or would have a significant impact on at least two planning areas. In practice, this means that Lambeth has a duty to co-operate with other surrounding London boroughs where relevant issues arise; and with any other local planning authorities on which strategic matters in Lambeth may have significant impacts.

5.3 Regulation 4 of the Town & County Planning (Local Planning) (England) Regulations 2012 (as amended) lists the prescribed public bodies for the purposes of the duty to cooperate. These are:

- the Environment Agency
- English Heritage (now called Historic England)
- Natural England
- the Mayor of London
- the Civil Aviation Authority
- the Homes and Communities Agency
- Clinical Commissioning Groups
- the National Health Service Commissioning Board (now NHS England)
- the Office of Rail Regulation
- Transport for London
- each Integrated Transport Authority
- Highway authorities
- the Highways Agency
- the Marine Management Organisation
- Local Enterprise Partnerships
- Local Nature Partnerships

5.4 Lambeth adopted its current Local Plan in September 2015. A duty to co-operate statement was submitted for examination with the Plan and was supplemented

during examination by further information at the request of the Inspector. Statements of common ground were received from all adjoining authorities and the GLA, which demonstrated there were no outstanding issues. There were some outstanding issues with Historic England, particularly in relation to a setting study for the Westminster World Heritage Site (WWHS). However, the Inspector concluded that the council had satisfied the duty to co-operate on strategic, cross-boundary heritage matters despite the lack of agreement at that stage on this issue.

- 5.5 The Inspector for the Lambeth Local Plan 2015 concluded that “the evidence demonstrates that the council has worked with necessary partners upon matters of strategic importance and has on-going processes and partnerships in place which indicates adequately that the DTC in relation to the preparation of the submitted Plan has been met” (paragraph 18 of the Report to Lambeth Council by Inspector Susan Heywood BSc (Hons) MCD MRTPI on the Examination into the Lambeth Local Plan, 11 August 2015). The statements and Inspector’s report referred to above are available on the Lambeth [website](#).
- 5.6 The council is now embarking on an immediate partial review of the Lambeth Local Plan 2015 to address the implications of the Further Alterations to the London Plan 2011, published (adopted) by the Mayor in March 2015 as the London Plan 2015. A Duty to Co-operate scoping statement is being prepared at the start of work on the Lambeth Local Plan Review. It will set the framework for Lambeth’s approach to the duty to co-operate by identifying the strategic issues relevant to the review, the authorities and bodies it will need to engage with and the proposed mechanism and timetable for engagement.
- 5.7 This statement is intended to provide the starting point for the council’s evidence to demonstrate that it has addressed the duty to co-operate, to be submitted for examination alongside the Local Plan Review. Periodic additions to this statement will list the engagement activity that has taken place during plan preparation and the outcome of that engagement. The statement will be available on the website.

6. Lambeth Local Development Framework Core Strategy 2011 monitoring framework: summary of performance in 2013/14 and 2014/15

7. Data sources

7.1 This section identifies the sources of data used to monitor performance against the indicators in the Core Strategy. Wherever possible, a hyperlink to the data source is provided so that further information can be found. Data is only reported in this document where it is not publically available elsewhere.

Planning appeals

7.2 Table 4 below sets out Lambeth's performance in planning appeals over the last eight years.

Housing

7.3 Performance against core output indicators **H1** and **H2** is reported in the [Housing Implementation Strategy](#), which includes Lambeth's housing trajectory and information about the five year supply of land for housing. The most recent version was published in March 2015. Performance against indicator H1 and H2 (a) and (b) for 2014/15 is reported in the Lambeth Housing Development Pipeline Report 2014/15. These figures will be reported in an updated HIS, to be published in November 2015.

7.4 Core output indicator **H3** relates to new and converted dwellings on previously developed land. Other than protected open space, all land in Lambeth is previously developed. Unless open space is lost to housing, performance against this indicator will always be 100 per cent. Data is sourced from the London Development Database.

- 7.5 Headline performance against core output indicator **H5** for 2013/14 is reported in tables 4 and 5 of Lambeth's [annual housing development pipeline report 2013/14](#). Performance against local output indicator **LOI 2** is reported in table 3 of the same document. Performance against core output indicator **H5** for 2014/15 is reported in tables 1 and 3 of Lambeth's [annual housing development pipeline report for 2014/15](#), and performance against local output indicator **LOI 2** is reported in table 4.
- 7.6 Borough-level information about delivery of affordable housing by tenure (ratio of social/affordable rent to intermediate) for 2013/14 is provided in the [London Plan AMR 2013/14](#), table AHM 3. The data source is the Department for Communities and Local Government and includes acquisitions of existing private sector homes for use as affordable housing. As noted in London Plan AMR paragraph 3.31, this is typically considerably higher in any given year than the net provision of affordable housing in planning terms. The figures are included in this report for information; they do not directly correspond to the Core Strategy monitoring indicator, which uses the narrower planning measure of affordable housing delivery. Tenure data was included in Lambeth's annual housing development pipeline report for the first time in 2014/15 (see table 1).
- 7.7 There is no data currently available on housing quality 'Building for Life' assessments (**H6**) or new child play spaces created in completed residential developments (**LOI 5**). Data on approvals, rather than completions, for gross additional wheelchair accessible homes (**LOI 3**) and gross additional lifetime homes (**LOI4**) is published in the [London Plan AMR 2013/14](#), table 3.5.

Economic development

- 7.8 Performance against core output indicators **BD1** and **BD3** is reported in tables 1 and 3 of Lambeth's annual [commercial development pipeline report](#). The report for 2014/15 will be issued by the end of 2015.
- 7.9 Core output indicator **BD2** measures total amount of employment floorspace on previously development land. Other than protected open space, all land in Lambeth is previously developed. Performance against this indicator will always be 100 per cent, unless open space is lost for employment use. Data is sourced from the London Development Database.
- 7.10 Lambeth's [Employment Land Review 2013](#) (Atkins) provides further up-to-date information about the current stock of land in B class use. An update to this report is due to be published by the end of 2015.
- 7.11 Lambeth's [Retail and Town Centre Needs Assessment 2013](#) (NLP) provides the most recent data in relation to core output indicator **BD 4** total amount of floor-space for 'town centre uses'. An update to this assessment is planned in 2016.
- 7.12 [Hotels and Other Visitor Accommodation May 2013](#) reports progress against **LOI6** net additional serviced bedrooms (visitor accommodation). An update to this report is due to be published by the end of 2015.

Transport

- 7.13 There is no new information for **LOI 7** number of passengers using rail and underground stations or **LOI 8** public transport accessibility levels.
- 7.14 Under Section 145 of the GLA Act 1999, each London borough is required to produce a Local Implementation Plan (LIP) setting out how it intends to contribute towards the implementation of the Mayor's Transport Strategy (MTS). As well as outlining the borough's local transport objectives, a LIP should detail the specific interventions and schemes intended to contribute towards meeting the MTS goals, challenges and opportunities. A clear strategy for monitoring performance should also be included.
- 7.15 As part of the process of monitoring LIPs, progress is tracked against seven strategic performance indicators on which boroughs are required to set locally specific targets. These seven indicators - mode share, bus service reliability, road traffic casualties, CO₂ emissions and asset (highway) condition - all relate to key priorities within the MTS over which London boroughs have a degree of influence.
- 7.16 Lambeth's second LIP is known as the [Lambeth Transport Plan 2011](#) (LTP). It covers the same period as the revised MTS (2011 – 2031), but areas such as the borough's programme of investment cover a shorter period of 2011/12 to 2013/2014. [Borough Local Implementation Plan performance indicators](#) are published on the Transport for London travel and performance webpage.

Environment

- 7.17 The [Greenspace in Greater London](#) (GiGL) service provides data annually to the council on the status of areas of biodiversity importance (**COI E2**) and the quantity of open space in the borough (**LOI 9**).
- 7.18 There were 11 parks with Green Flag awards (**LOI 10**) in Lambeth by the end of 2014/15:
- Archbishop's Park
 - Brockwell Park
 - Hillside Gardens Park
 - Kennington Park
 - Milkwood Community Park
 - Myatt's Fields Park
 - Ruskin Park
 - The Rookery, Streatham
 - St. John's Churchyard, Waterloo
 - St. Paul's Churchyard, Clapham
 - Vauxhall Park.

- 7.19 In addition, four community gardens secured a Green Flag Community Award in 2015 (Agnes Riley Community Gardens, Brockwell Park Community Greenhouses, Eden at St. Paul's Community Garden and Windmill Gardens).
- 7.20 Monthly and annual reports on Environment Agency objections to planning applications on flooding and water quality grounds are published on the gov.uk website. Objections are in some cases overcome, or applications are withdrawn. The information on how many of these applications were approved in 2013/14 and 2014/15, contrary to EA advice (**COI E1**), is not currently available.
