Appendix A – Consultation communications

1. Introduction

1.1 Background

In order to encourage more people to cycle and use cycling as a mode of transport, we have been helping residents who have nowhere to store their bikes by installing our specially designed secure Lambeth Bikehangars for them to rent. There are over 220 hangars installed in the borough.

1.2 Our proposals

The purpose of this consultation was to assess resident support for cycle hangar installations on 55 roads and streets in Lambeth.

2. The consultation

2.1 Consultation objectives

Our consultation objectives were to inform people in the affected streets as to the proposed locations of additional cycle hangars throughout the borough and for them to comment on the suitability of the proposals.

2.2 Who we consulted

We consulted residents of the 55 roads and streets affected by the proposals.

2.3 When we consulted

The consultation opened on 12 August 2019 and closed on 15 September 2019

2.4 How we consulted

2.4.1 Press activity

There was no specific press activity

2.4.2 Digital activity

Residents on affected streets were invited to take part in an online survey

2.4.3 Print activity

Letters were sent to residents of the affected streets, setting out the proposals for cycle hangar installations. The letters included drawings of the proposed locations.

2.4.4 Event activity

There were no events to support this consultation

3. Responses from members of the public

3.1 Summary of results

648 responses were received from the online survey. Some people in streets where there was not a proposal to install a cycle hangar still provided a response to the online survey. Not

everyone who responded to the survey provided the name of the street they lived on. Those who did provide this information stated that they lived on the following streets:

Proposal for cycle hangar on Aquinas Street

Dear Resident,

I am delighted to inform you that we are going to install more cycle hangars in your area. For this phase of hangars we are going to tackle the high numbers of people waiting for spaces in existing hangars across Lambeth.

Our engineer has highlighted a location that would be suitable for a new cycle hangar 29 Aquinas Street. The map overleaf shows where the hangar might be positioned in relation to your address. Lambeth has already installed over 220 secure cycle hangars. However, to meet growing demand for secure cycle parking, we are proposing to double the number of hangars which will provide over 1000 bike hangar spaces by 2022.

This consultation is an opportunity for you to highlight if you are in favour of the scheme and specify if you have any objections to the location that has been identified.

WHAT HAPPENS NOW?

We would like to know what you think about our proposal to install a cycle hangar on your street, this letter marks the beginning of the consultation.

The consultation will run until Thursday the 15th September 2019. You can respond to the consultation survey by following the link: www.lambeth.gov.uk/cyclehangars2

WHERE CAN I FIND FURTHER INFORMATION?

There is more information on Lambeth cycle hangars available at : www.lambeth.gov.uk/cycleparking.

You will also find links to other Lambeth services that may be of use to you. As a council we are committed to improving Lambeth's streets because we want you to enjoy and be proud of where you live. If you have any questions, please get in touch through the webpage, via cycleparking@lambeth.gov.uk or by telephoning 020 7926 9000.

Yours faithfully,

Suzy Harrison
