Come along and enjoy playtime with your child, meet some other parents, and pick up tips on how to support your child's learning and development.

💬 Communication and language groups

From Chatterbox and Chattertime groups to monthly drop in and one to one appointments, support for your child's communication and language development is available in centres across the borough.

👍 Support for young parents

Young mothers and fathers are warmly welcomed at all children's centres, but sometimes you may want some additional support tailored to meet the needs of young parents. St Michael's Fellowship will support you and your child through group based activities across the borough as well as on a one to one basis. You can contact them on: 020 8835 9570

★ Special Educational Needs and Disabilities (SEND)

all the activities listed on this programme are accessible and inclusive, but sessions such as Sensory Sensations, Sensory Explorers and use of baby sensory rooms provide additional support for children with SEND, while programmes such as Stepping Stones and Early Bird, and Autism Advice Drops Ins help you in your role as a parent.

⚙️ LEAP (Lambeth Early Action Partnership)

Provides additional support and activities for families of children aged from 0-4 living in Tulse Hill, Coldharbour, Vassall and Stockwell wards. If you live in those areas, please keep a look out for LEAP activities.

👨 Child Health Clinics

Run by the Health Visiting team from Evelina London, child health clinics are a great opportunity to get information and ask any questions about your child's health, growth, development and immunisations. You can also find out if you can get Healthy Start vouchers to use for free fruit, vegetables and milk, or find out about the free Vitamin D scheme. Please bring your red book along.
