The proposed amended drafting is incorrect in that i) the Authority's role is not confined to Household Waste and ii) the Authority no longer disposes of the waste collected by its constituent councils to landfill. It reuses, composts and recycles over 20% and recovers energy from the rest.

Our proposed corrected drafting:

9.66 Lambeth is one of four London boroughs (along with Wandsworth, Hammersmith & Fulham and Kensington & Chelsea) for which the Western Riverside Waste Authority (WRWA) is the statutory waste disposal authority for the municipal waste collected by its constituent councils. A thirty year Waste Management Service Agreement (WMSA) was established between WRWA and Cory Environmental Ltd to treat WRWA waste, commencing in October 2002 and ending in 2032. Lambeth's household waste is managed outside of the borough, with recyclables going to a Materials Recovery Facility in Wandsworth and residual ('black bag') waste transported down river to Bexley energy recovery facility. Lambeth will continue to support the delivery of the WRWA's Waste Management Strategy and implement its own Lambeth Sustainable Waste Management Strategy. Lambeth will also work with the WRWA to deliver the Mayor's municipal waste management policies and proposals set out in his Environment Strategy, including the 50% LACW recycling target.
