What's happening

In 2013 Loughborough Junction Action Group (LJAG) together with London Borough of Lambeth (LBL) produced the Loughborough Junction Plan.

LBL has now commissioned Hawkins\Brown, DTZ and Fluid, to create a masterplan for the area that will look at redevelopment opportunities for the area. Your input can help inform what happens.

Map of masterplan area and key sites

Why it's happening

Loughborough Junction, 1905

Loughborough Junction, 2014

The masterplan will build upon ambitions identified in previous consultations and is being produced to facilitate joined up thinking between the Council, the community and landowners.

It will look to influence the Review of the Lambeth Local Plan and guide future development by assessing community aspirations alongside financial viability.

The draft Lambeth Local Plan (due for adoption later this year) includes a Policy for the development of a town centre for Loughborough Junction with active frontages and a mix of shops.

The draft Lambeth Local Plan includes important elements which may be overlooked by individual developments such as a public realm strategy, new and improved pedestrian connections, workspace and amenities.

Current vision

Through significant consultation, the Loughborough Junction Plan (LJP) devised a list of 7 priorities to establish a vision for the area.

IDENTITY	Pride in Loughborough Junction Recognition as a distinct place
SAFETY	Lighting Active uses on public routes Slow Traffic
QUALITY	Public realm & community spaces Cleanliness
GREEN SPACE	Enhanced open space and air quality Well maintained facilities
CONNECTIONS	Pedestrian prioritised routes Safe cycling routes Access to public transport
EMPLOYMENT	Opportunities for local employment & local prosperity
COMMUNITY	Opportunities for community uses Access for all to community services

These principles have helped identify a series of potential projects and development opportunities comprising of:

- **CONSOLIDATION OF THE 'YARDS' AT THE HEART OF LOUGHBOROUGH JUNCTION**
- **A SERIES OF 'GATEWAY PROJECTS'**
- **ENHANCED ROUTES OR NEW CONNECTIONS**
- **PROJECTS TO ENHANCE AND PROMOTE EXISTING GREEN SPACE**
- **DEVELOPMENT OR REFURBISHMENT OF EXISTING SITES**

The map below locates the identified projects within the local area. This work forms the starting point for the new masterplan and where feasible projects will be built into an overarching strategy for the area.

Loughborough Yards:
Station Yard - New Public Space

Gateway Projects:
Marcus Lipton Centre

Refurbishment Opportunities:
Former Station Building /
Snopake Factory

Green Space:
Wyck Gardens, Caribbean cafe

Lambeth Local Plan

There are a number of planning policies that govern the Lambeth Council planning system. From nationwide governance to very area specific documents such as the Lambeth Local Plan.

The NPPF sets out the government's planning policies for England and gives guidance to local councils in drawing up local plans.

The London Plan is the overall strategic plan for London and sets out an economic, environmental, transport and social framework for the development of the capital to 2036

Local planning authorities prepare a local plan setting planning policies for the area. These are used when deciding planning applications.

The Council is updating elements of its planning policy via the Review of the Lambeth Local Plan. A draft will undergo public consultation at the end of 2015 with formal adoption planned for 2017.

SPD's provide more detailed advice or guidance on policies in the Local Plan. Numerous SPD's will be produced to test the local plan including the Loughborough Junction Masterplan. This will act as an evidence base and has an opportunity to inform future planning policy in the area.

All these documents provide guidance for the planning officer and the Council when assessing each planning application.

The Loughborough Junction Masterplan has an opportunity to inform the Review of the Lambeth Local Plan.

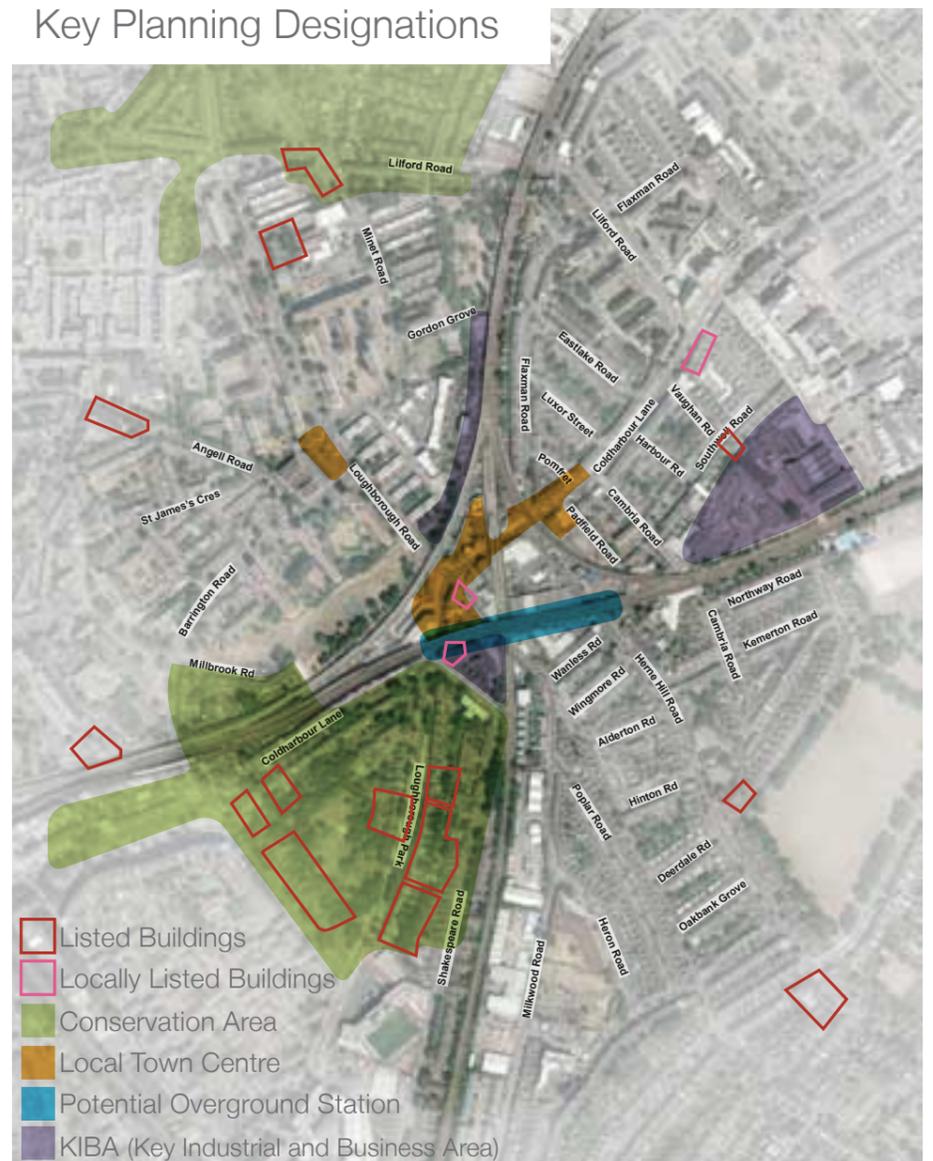

The following strategic policy issues have been reviewed whilst preparing the Draft Lambeth Local Plan:

- The approach to the protection of employment land
- The capacity for retail development in the borough
- The approach to delivery of affordable housing
- The approach to student accommodation
- Town Centre areas
- Key Industrial Business Areas (KIBA)
- Percentage of affordable workspace
- Percentage of affordable homes

The Draft Lambeth Local Plan outlines that the Council and local groups will:

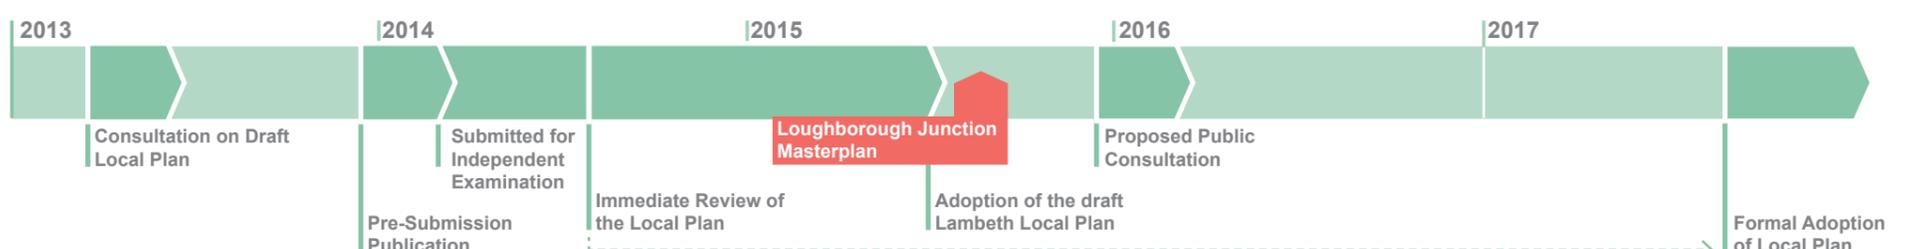

- Support Loughborough Junction as a local centre with a clear sense of place
- Promote economic and housing growth
- Creation of opportunities for employment
- Maintain the mix, balance and diversity of residential neighbourhoods
- Aim for essential services to be located within close walking distance of every home
- Maximize the number of routes for people walking and cycling
- Particular emphasis on creating green routes linking all the parks and open spaces.
- Explore the potential for new links including a new station stop on the London Overground
- Resist development on open space
- Improve the retail and leisure environment
- Identify redevelopment opportunities
- Seek to reduce the number of people driving through the area

Key Planning Designations

Lambeth Local Plan timeline

All dates are indicative

Current urban realm changes

One of the proposals made in the Public Realm Plan by DSDHA was to make improvements that would facilitate the creation of a meaningful town centre in the heart of Loughborough Junction, improve the local environment and reduce through traffic from using the area. The designs necessitate the introduction of a series of road closures in the Loughborough Junction and Myatt's Field neighbourhoods.

1. Re-claiming carriageway to increase the public realm
2. New shared public space and paving
3. New bike facilities – including bikes stands and a free bike pump
4. Simplified road system with safer crossings for pedestrians and cyclists
5. Lighting installation
6. New planters with incorporated seating
7. Maintained access to Ridgeway Road and Rathgar Road
8. Repainted bridge linking to the 7 bridges project
9. Generous new public space linked to the junction and Wyck Gardens
10. New Trees and lighting outside Wyck Gardens
11. Redefined edge with integrated seating to Wyck Gardens

Proposed changes to the public realm

A decision on experimental road closures has been delayed until early May 2015.

In this time the council will undertake traffic counts and carry out a question and answer session with stakeholders.

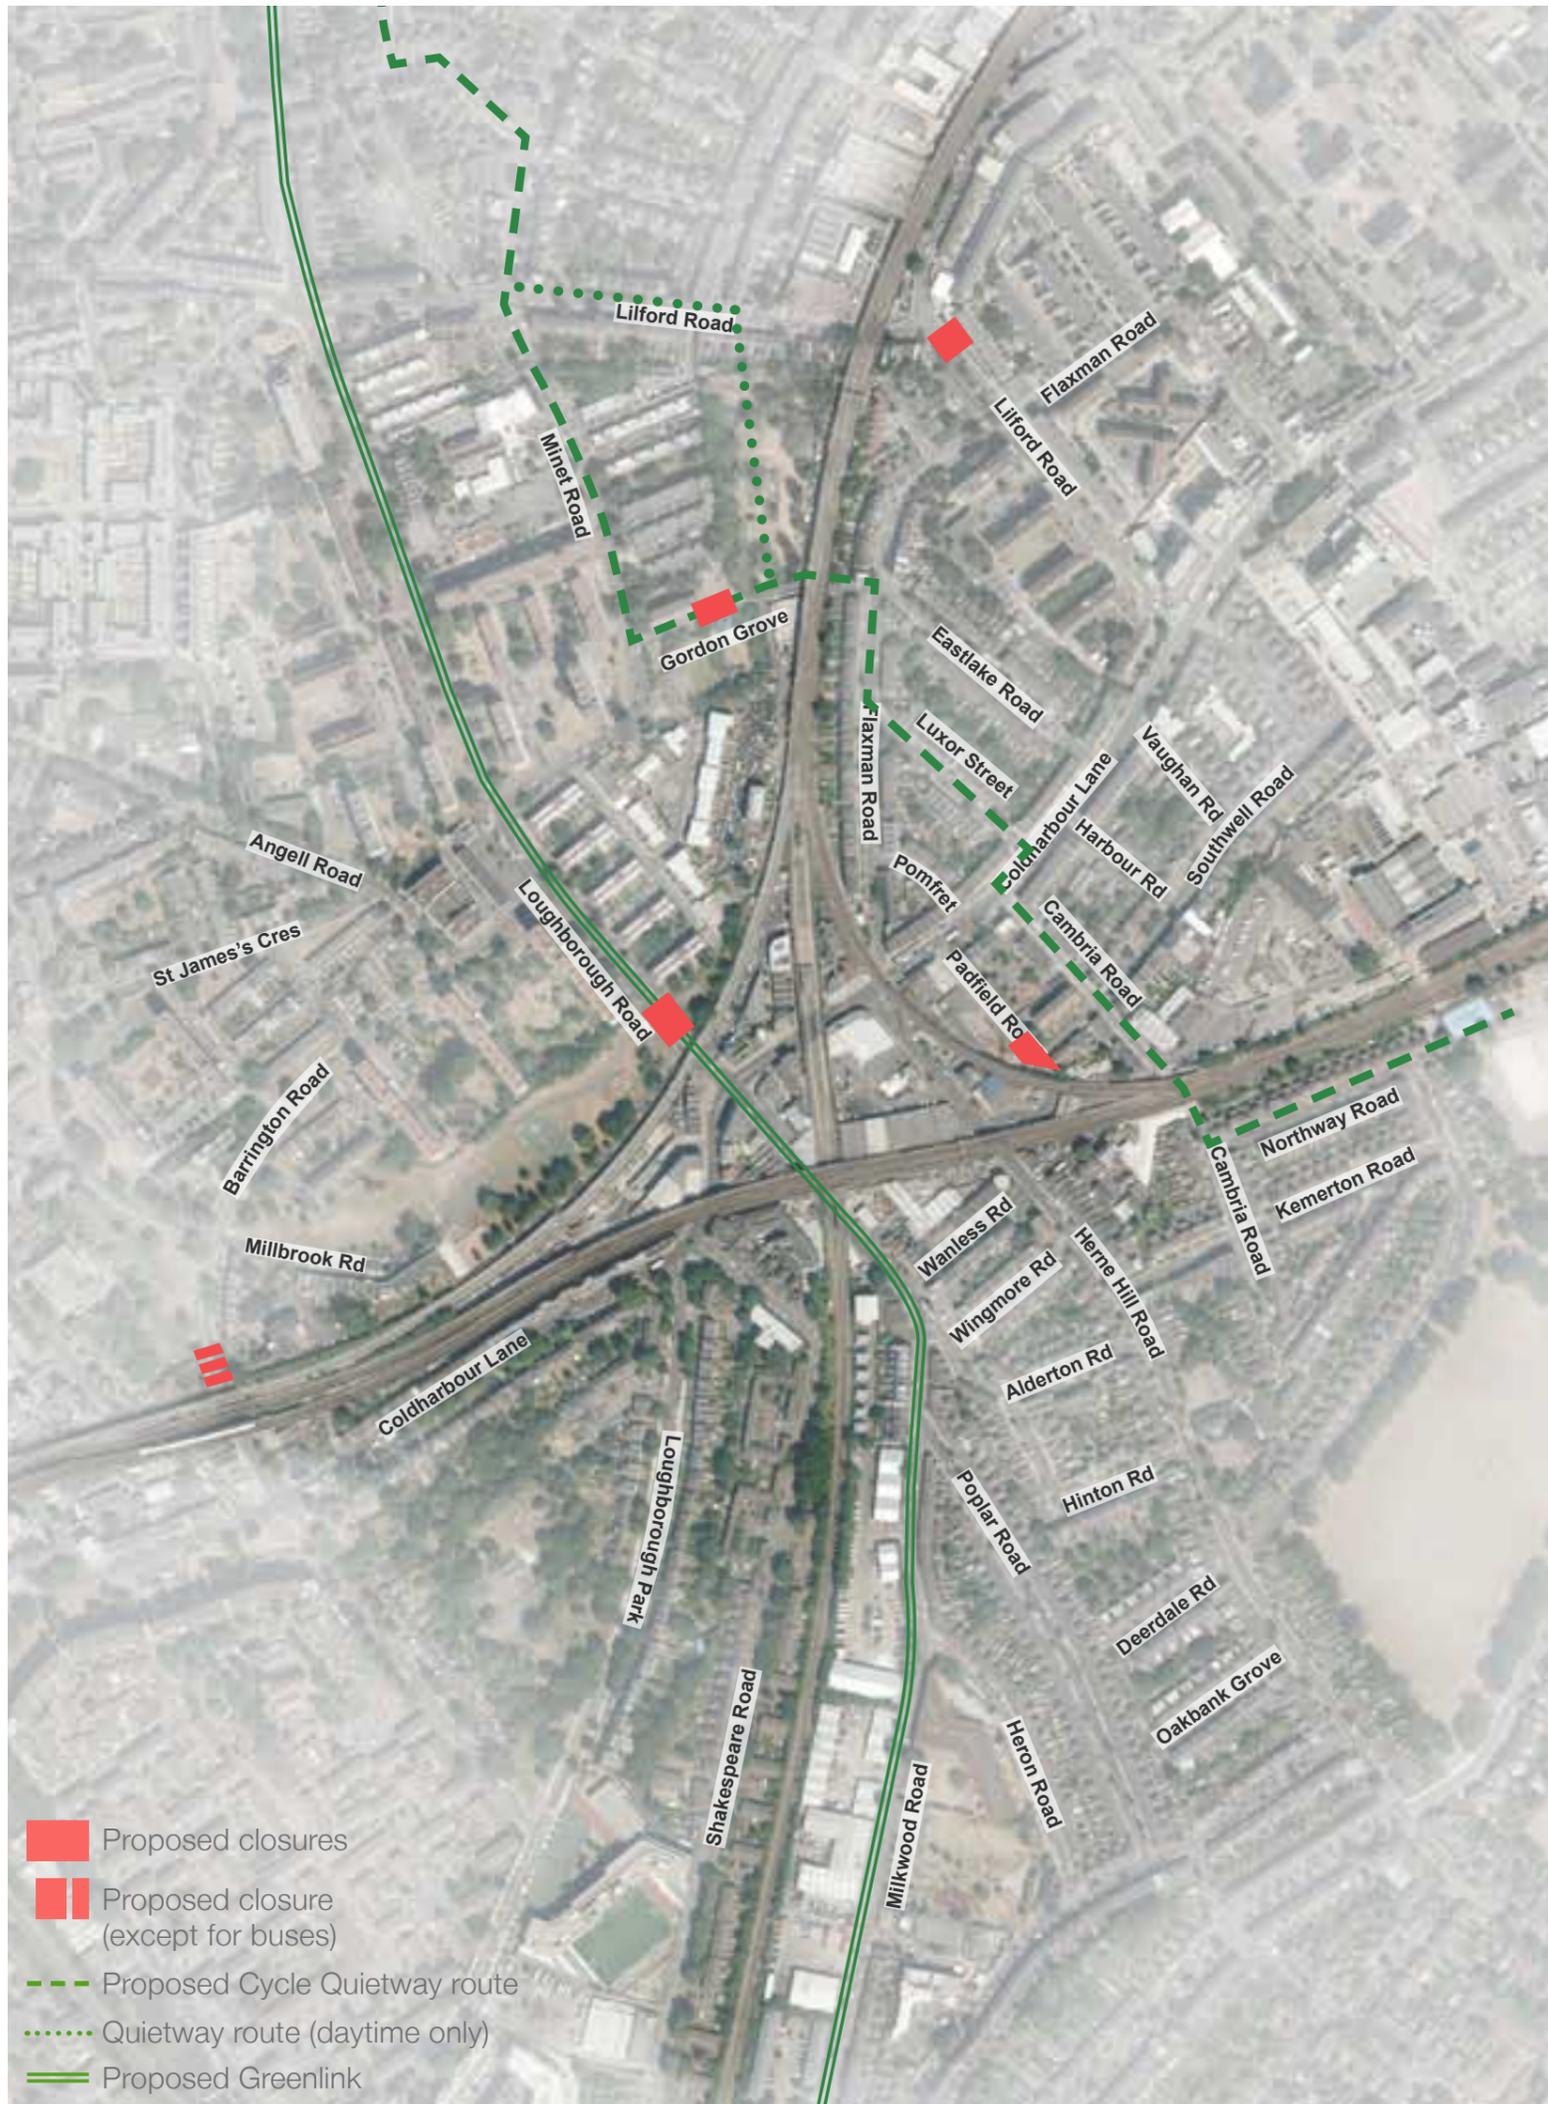

The masterplan team will be looking at options that work both with and without the road closures.

Artist impression of proposed changes to the public realm

*Date to be confirmed

Quietways will be a new network cycle routes through London. They will follow routes through parks, along waterways or tree-lined streets.

Recent planning applications

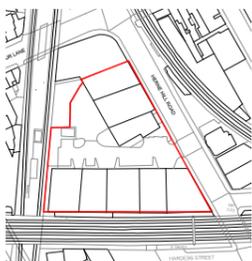

There are many changes happening in Loughborough Junction. The diagram below highlights some of the recently submitted and/or approved planning applications in the area.

- a. Higgs Triangle
1 - Mixed use redevelopment providing five new-build blocks
2 - Refurbishment of Sureway building & extension to create a 5-storey mixed use block
- b. Cut of the streets
Loughborough road and Coldharbour lane
- c. Proposed road closures
- d. 220 - 224 Coldharbour Lane, 4 storey mixed use development (2014)
- e. Belinda Road And Associated Industrial Units London
6-storey building comprising 84 residential units (2005)
- f. Loughborough Community Centre Angell Road London
Redevelopment of site involving the demolition of existing buildings and erection of a part two / part three / part four storey (2003)
- g. Barrington Lodge
Demolition of existing three storey building 104 residential units
- h. 63 Barrington Road
Erection of a 3 storey building attached to number 63
- i. 304 Barrington Road
Multi-use arts/cultural/sports centre, and nightclub. (2005)
- j. The Barrington Centre, 55-57 Barrington Road
Demolition of modern additions and free-standing buildings within the site of the centre
- k. 37 Hinton Road
Erection of a 3 storey building
- l. 24 Herne Hill Road
Four storey building
- m. 181-189 Coldharbour Lane
Permission to erect a new four bedroom dwelling.
- n. 54 Bengeworth Road
Erection of a two storey network operations building
- o. 50 Eastlake Road
Rebuilding of existing derelict structure to provide a three storey building
- p. 123 Flaxman Road
Demolition of the existing vacant public house and erection of a 5 storey building

- Current Applications
- Approved Applications
- Declined Applications

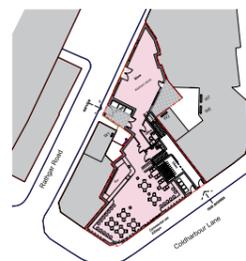

a Higgs Triangle and Sureway International Christian Ministries

Status: Active application
15/01062/FUL
Type of Development:
Demolition of existing buildings on site. Mixed use redevelopment providing five new-build blocks (between 5 and 8 storeys in height) comprising 3,633m² of class B1 and B2 floor space and 124 residential units (Class C3) (50 Affordable), with associated car/cycle parking, hard and soft landscaping.
Size: 124 homes
Height: up to 8 storeys
Developer: Parritt Leng
Architects: Parritt Leng

Status: Active application
15/01024/FUL
Type of Development:
Refurbishment of existing two storey Sureway International Christian Ministries building including the set back of the ground floor frontage on Coldharbour Lane. Extension of the existing building to create a block up to five storeys in height, providing a D1 use (with ancillary B1 floorspace) and five residential flats (use class C3).
Size: 5 homes
Height: up to 5 storeys
Developer: Parritt Leng
Architects: Parritt Leng

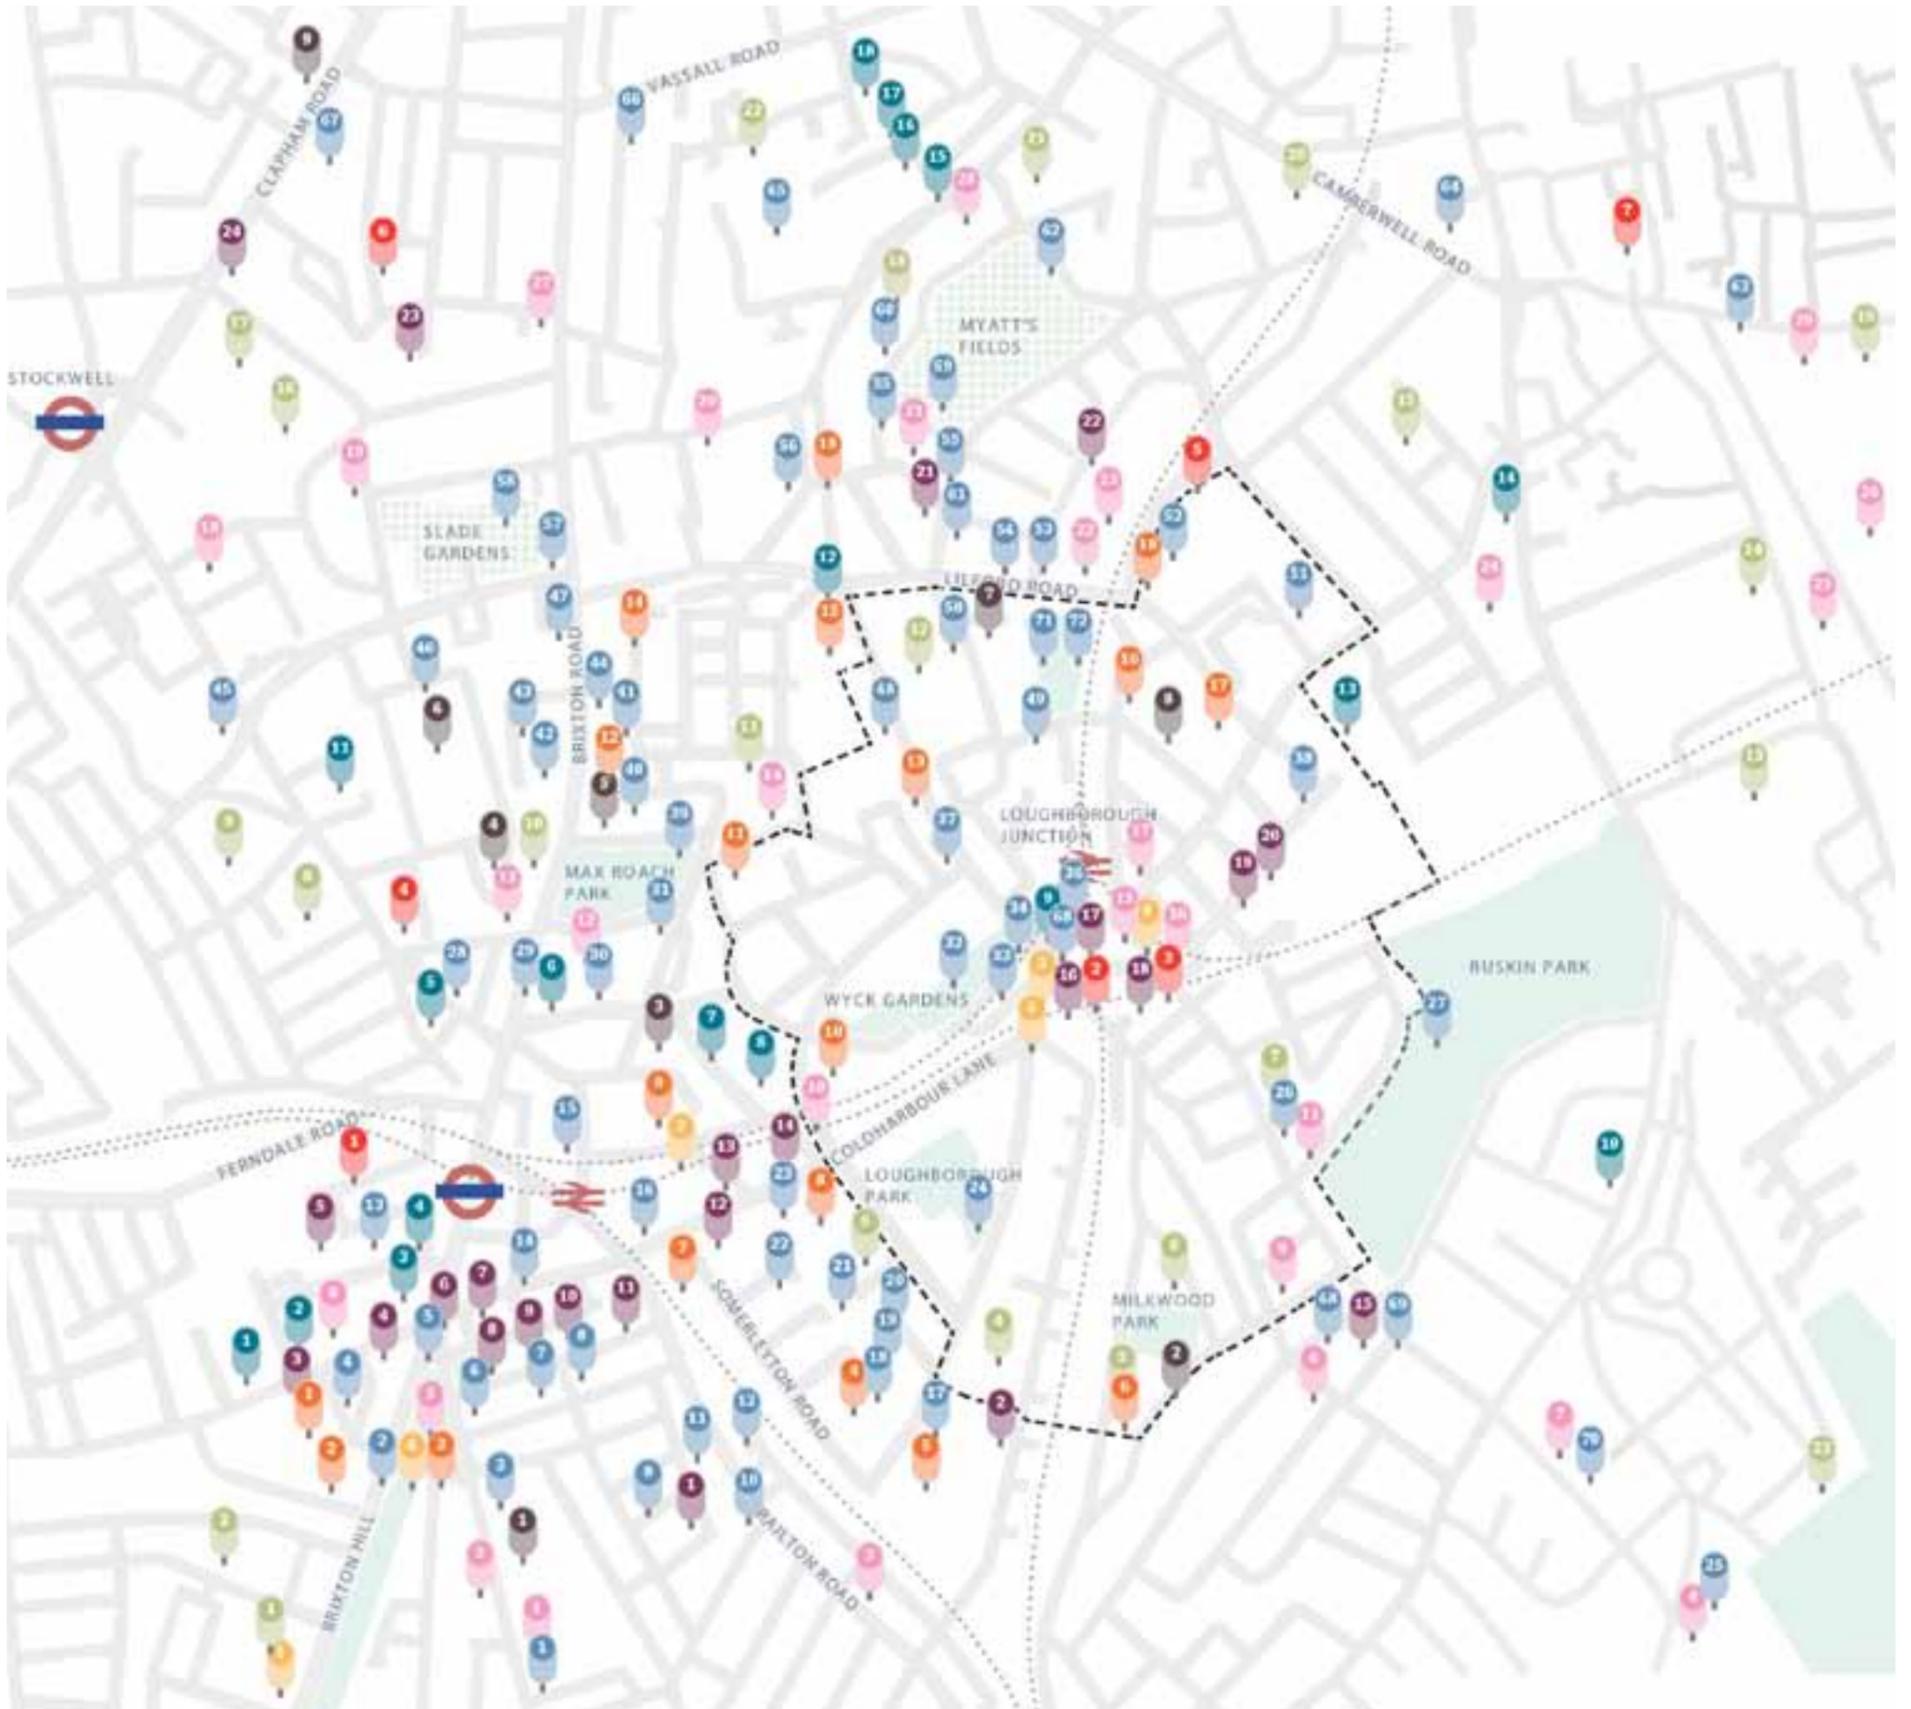

d 'Billboard Site' 220-224 Coldharbour Lane

Status: Application Permitted
Type of Development:
Mixed use development
Size: Ground floor commercial unit with 7 self contained flats above.
Height: 4 storeys
Applicant: South London Properties Ltd

Timeline for project

Loughborough Junction Masterplan indicative timeline

What we would like to find out from you

① ABOUT YOU

Your organisation, who you represent and how you'd like to be involved.

② THE AREA

Do you have or know of any local plans that we should be aware of?

③ KEY CONSIDERATIONS

For improvements to Loughborough Junction and the future of the wider area?
What are your views on the Loughborough Junction Plan, Public Realm Strategy and the Quietway?

④ COMMUNITY INVOLVEMENT

Is there anyone else we should be contacting?
Can you help circulate information to your networks?
Are there any local events coming up that we should tie in with?

⑤ COMMUNITY BENEFITS

The following community priorities have emerged, can you rate them from high-medium-low in terms of their importance and tell us a little more about what they mean to you specifically? Please identify your three 'high priority', three 'medium priority' and three 'low priority' from the list below.

H	M	L		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	IDENTITY	Pride in Loughborough Junction Recognition as a distinct place
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	SAFETY	Lighting Active uses on public routes Slow Traffic
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	QUALITY	Public realm & community spaces Cleanliness
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	GREEN SPACE	Enhanced open space and air quality Well maintained facilities
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	CONNECTIONS	Pedestrian prioritised routes & safe cycling routes Access to public transport
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	EMPLOYMENT	Opportunities for local employment & local prosperity

Who's involved

The team bring fresh design thinking along with specific knowledge of what makes cohesive communities and distinct places. We have assembled a team that already has a track record of working with the Council and the community to deliver regeneration in and around Loughborough Junction and Lambeth.

Lower Marsh Regeneration - Hawkins\Brown

Brixton Central Co-production - Fluid

Masterplanners and Architects:

Hawkins\Brown

will develop a masterplan for the area that considers the communities aspirations for the area alongside the physical and financial constraints and opportunities.

Planning consultants:

CMA Planning

CMA will advice on the most fruitful way emerging policy frameworks can encourage and safeguard Loughborough Junction's promising future

Community engagement and co-production process:

Fluid

will be working in coproduction and consultation with local people to help produce a masterplan that reflects their priorities for Loughborough Junction

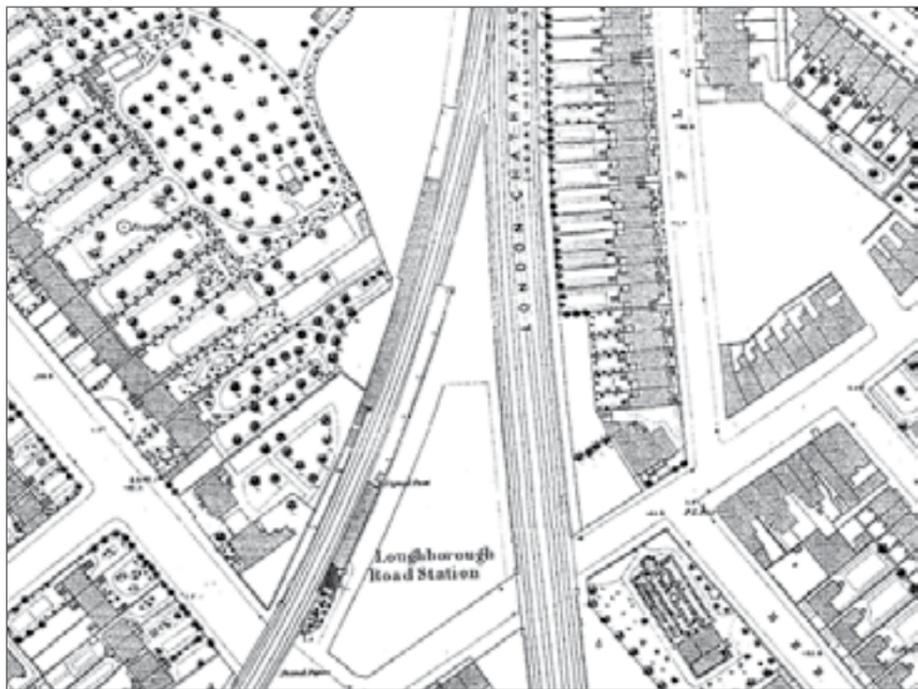

Value/Viability consultants:

DTZ

DTZ will ensure that the joint vision is viable and deliverable

Historic context

The historic development of Loughborough Junction has been defined by the construction of the railways. Growing from the original two platform station that opened in 1864 to three lines in 1898. The aerial image shows how the area has built up around the tracks.

1871

1898

1952

2014

c. 1900 A traffic-free scene from the turn of the century. Above the building to the right can be seen the name, 'David Greig', who opened his first shop in Atlantic Road in 1870. He went on to create one of the biggest grocery chains in the country.

c. 1905 Coldharbour Lane, looking west past the junction with Loughborough Road.

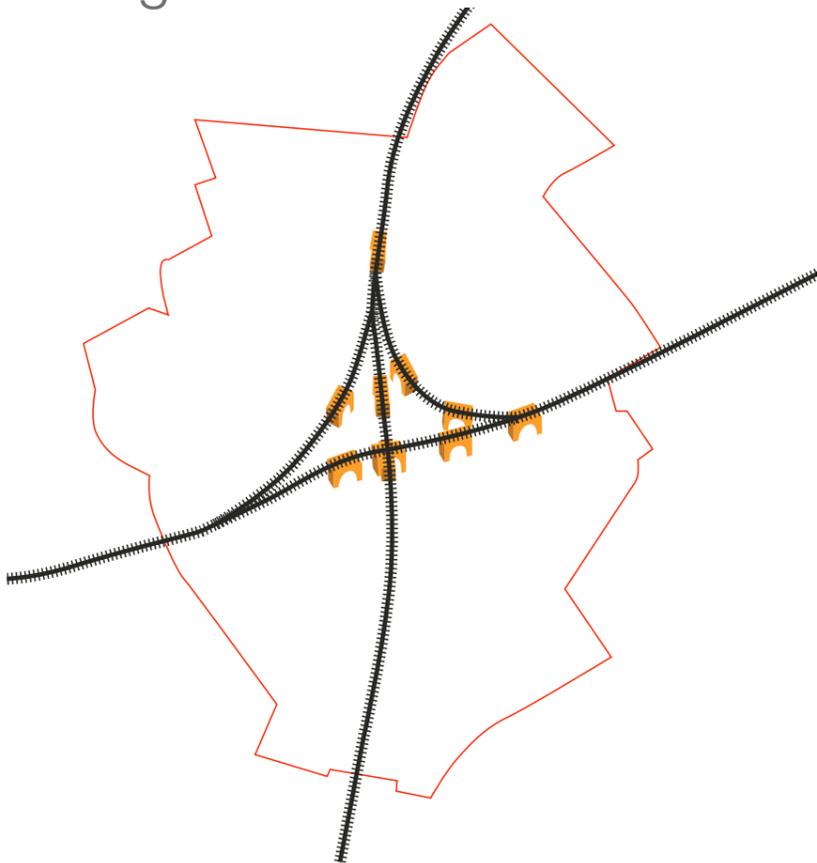

c. 1950 A number 34 tram trundles along Coldharbour Lane towards Loughborough Junction, ominously followed by a RT bus, which would replace the tram service later that year.

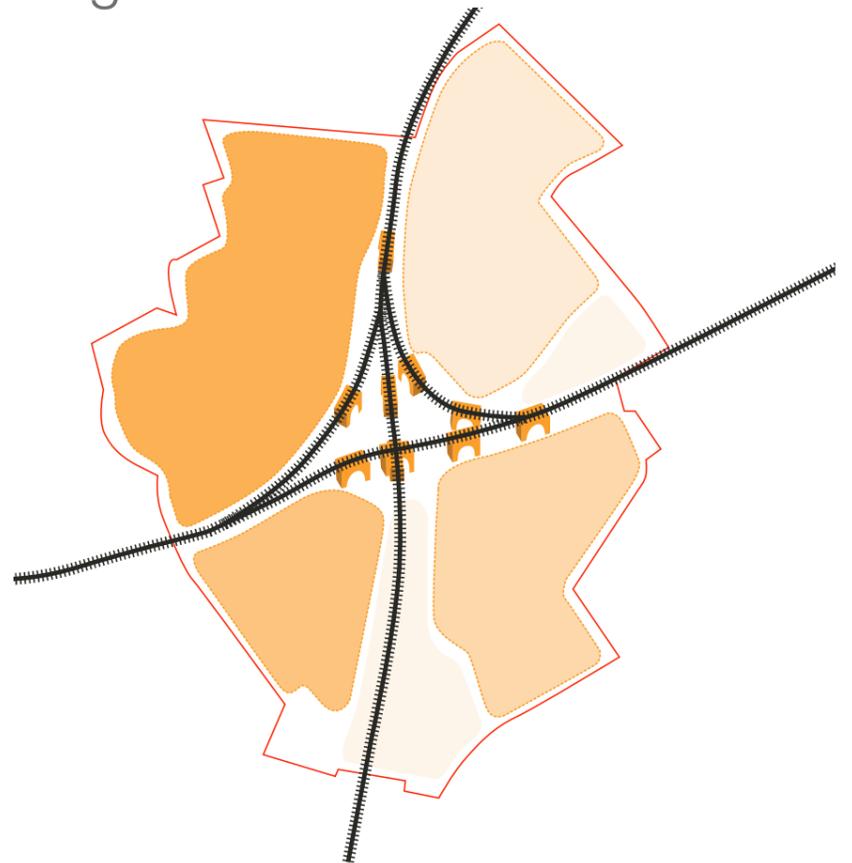

Site Today

In order to plan what could happen in Loughborough Junction it is essential to have a thorough knowledge of what is here currently. We have begun a number of studies identifying employment areas, land uses, land ownerships and community assets.

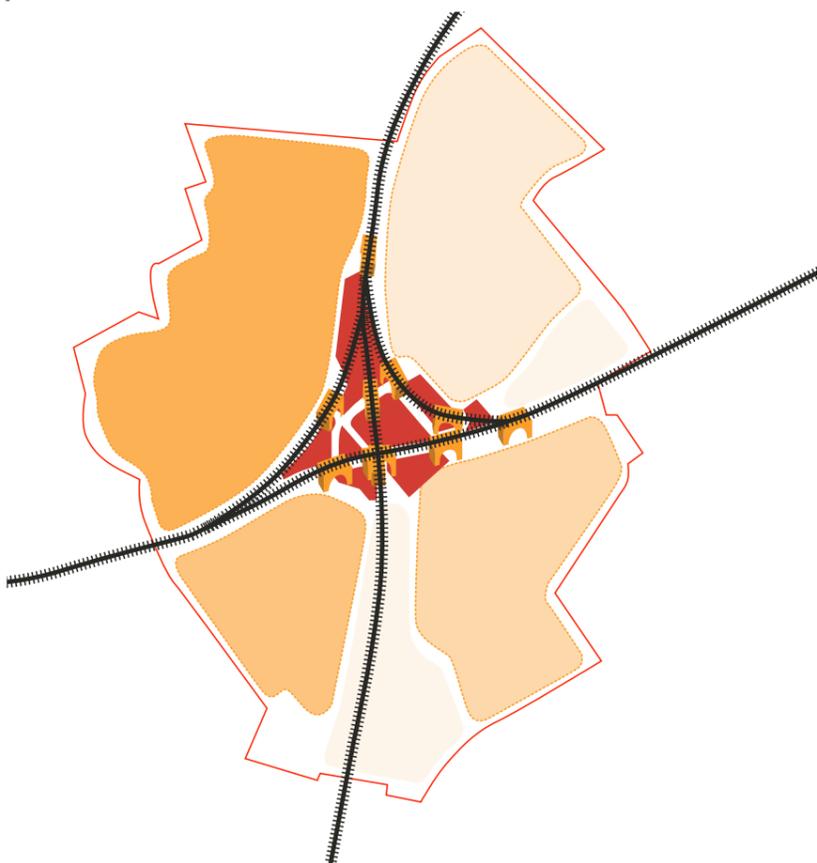

10 bridges

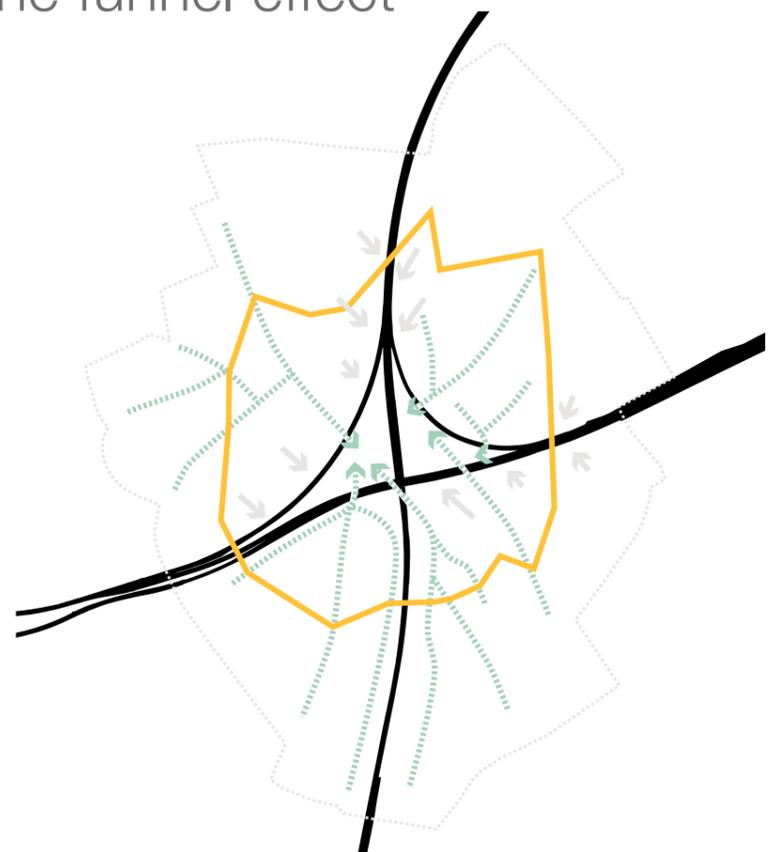

4 neighbourhoods

1 place

The funnel effect

While the railway tracks form a physical barrier to movement, they also channel people and activity towards the centre of Loughborough Junction, thus supporting a discernible node of hustle and bustle.

A place made by its people

There are a number of active community groups doing great work in Loughborough Junction.

A community food growing project in, Loughborough Farm uses growing spaces on pieces of land that are currently derelict or underused.

Loughborough Junction Big Lunch organised in conjunction with the Eden Project, Department of Communities and Local Government and LJAG.

Made in Loughborough Junction offered teenagers the opportunity to learn photography from a professional and created an exhibition of the many talented creatives in the areas.

The Creative Circle is Loughborough Women's Group craft project a sub-group of LJAG.

The House in the Junction on Shakespeare Road was a community project that aimed to boost spirits bring more of a sense of localness and identity to Loughborough Junction, by creating memorable, colourful and playful moments.

New Junction Writers group is a small writing group in Loughborough Junction which meet on the first and third Wednesdays of the month.

The 7 Bridges project is an arts led regeneration project focusing on improving the appearance of Loughborough Junction's many railway bridges through art installations, colour, light and community engagement.

Cycooldelic Revolution cycle hub on Brixton Road trains young people as cycle mechanics. The project offers the young people the chance to attend 4 x three hour sessions at Lambeth Accord, build their own bike and then take it home.

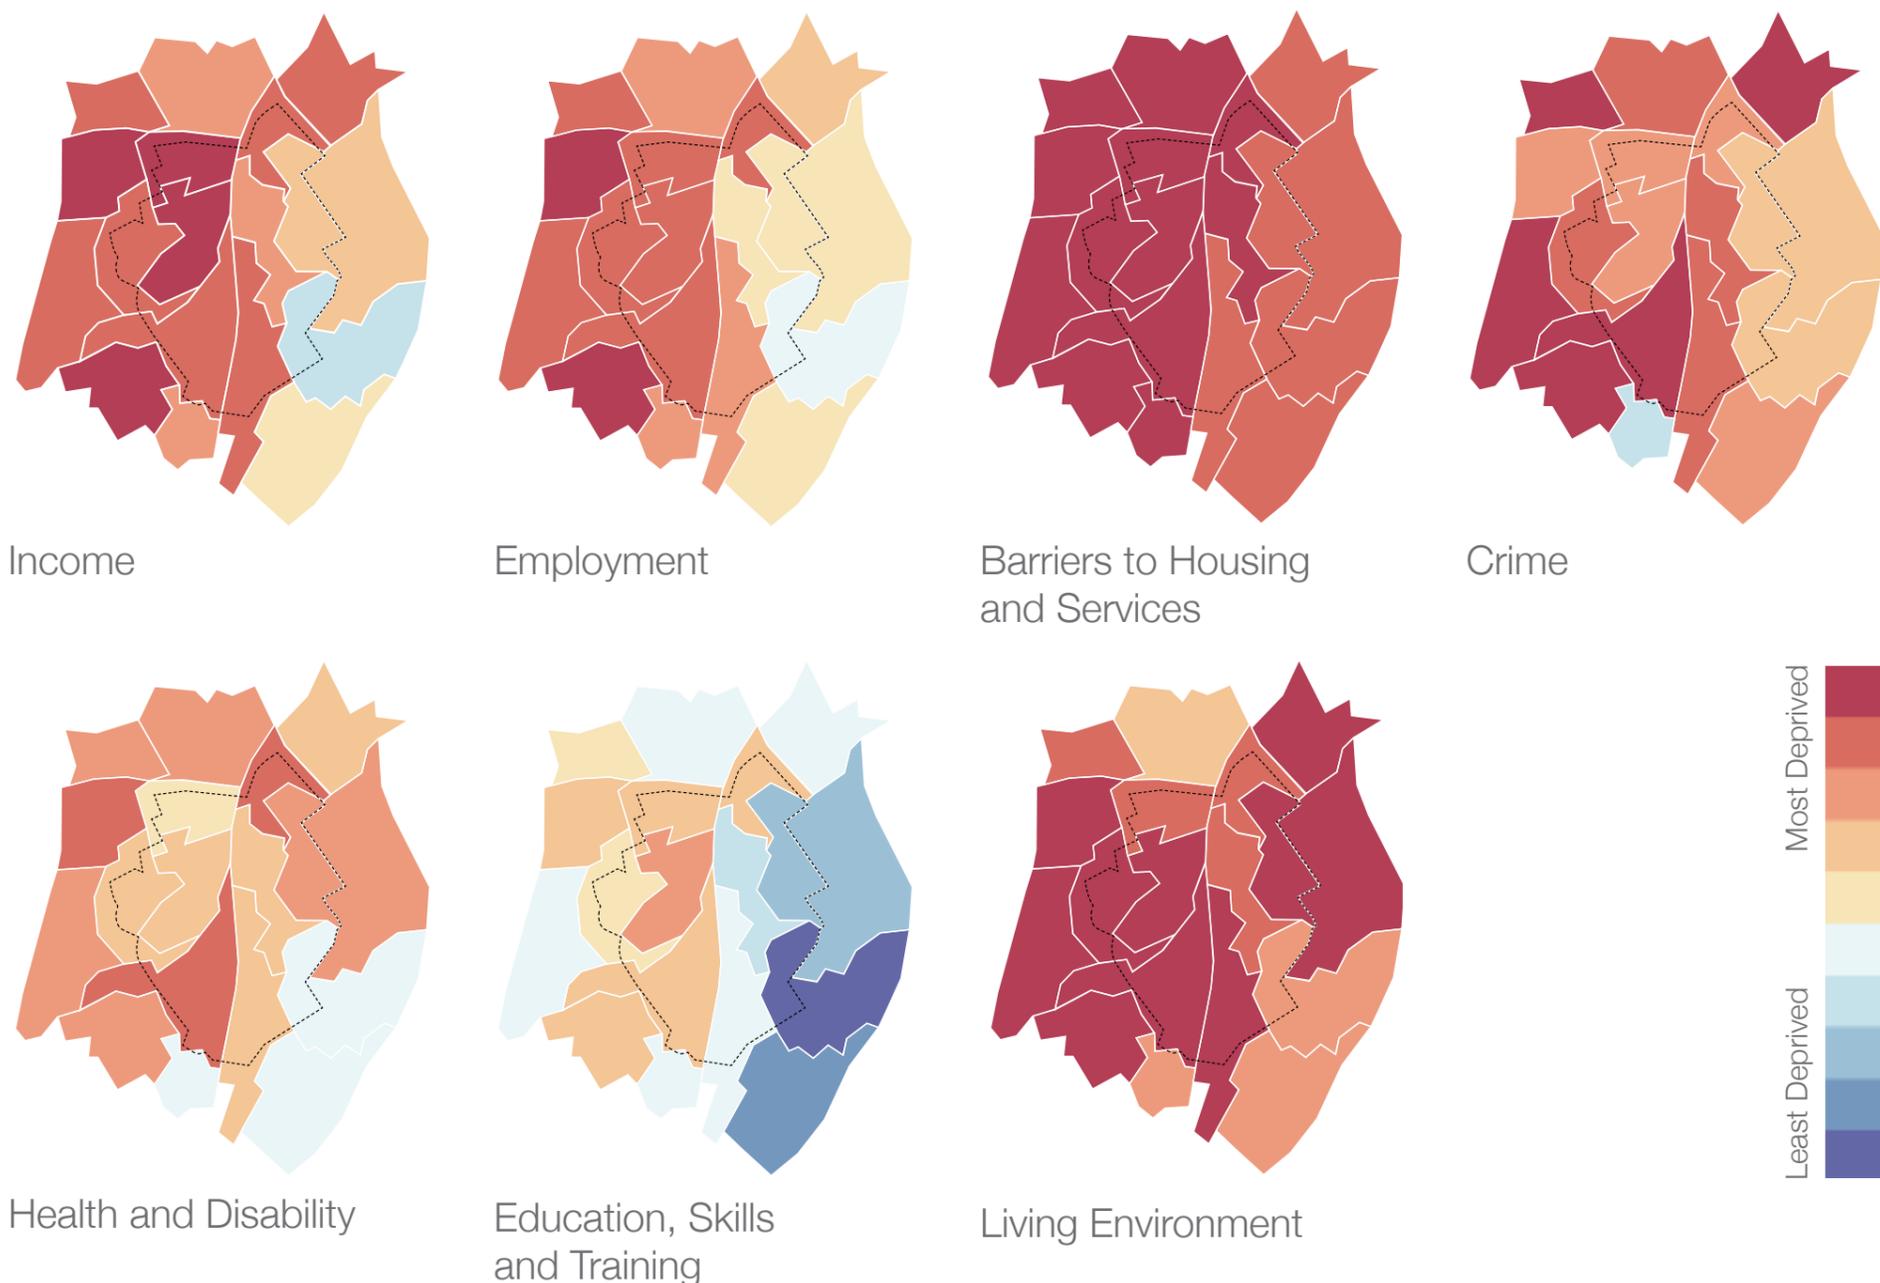

Local context - land use

This map identifies the different land uses in the area

- | | |
|---|---|
| Residential | Light Industry |
| Community facilities | Creative Industries |
| Offices | Electrical Facilities |
| Ground floor retail / residential | Green Space |

Local context - demographic data

- Just over 10% of Lambeth residents live in Loughborough junction - 31,981 of 310,000
- 28% of households are owned / shared ownership, 46% are social rented & 26% are private rented.
- Loughborough Junction sits between two wards, Coldharbour & Herne Hill.

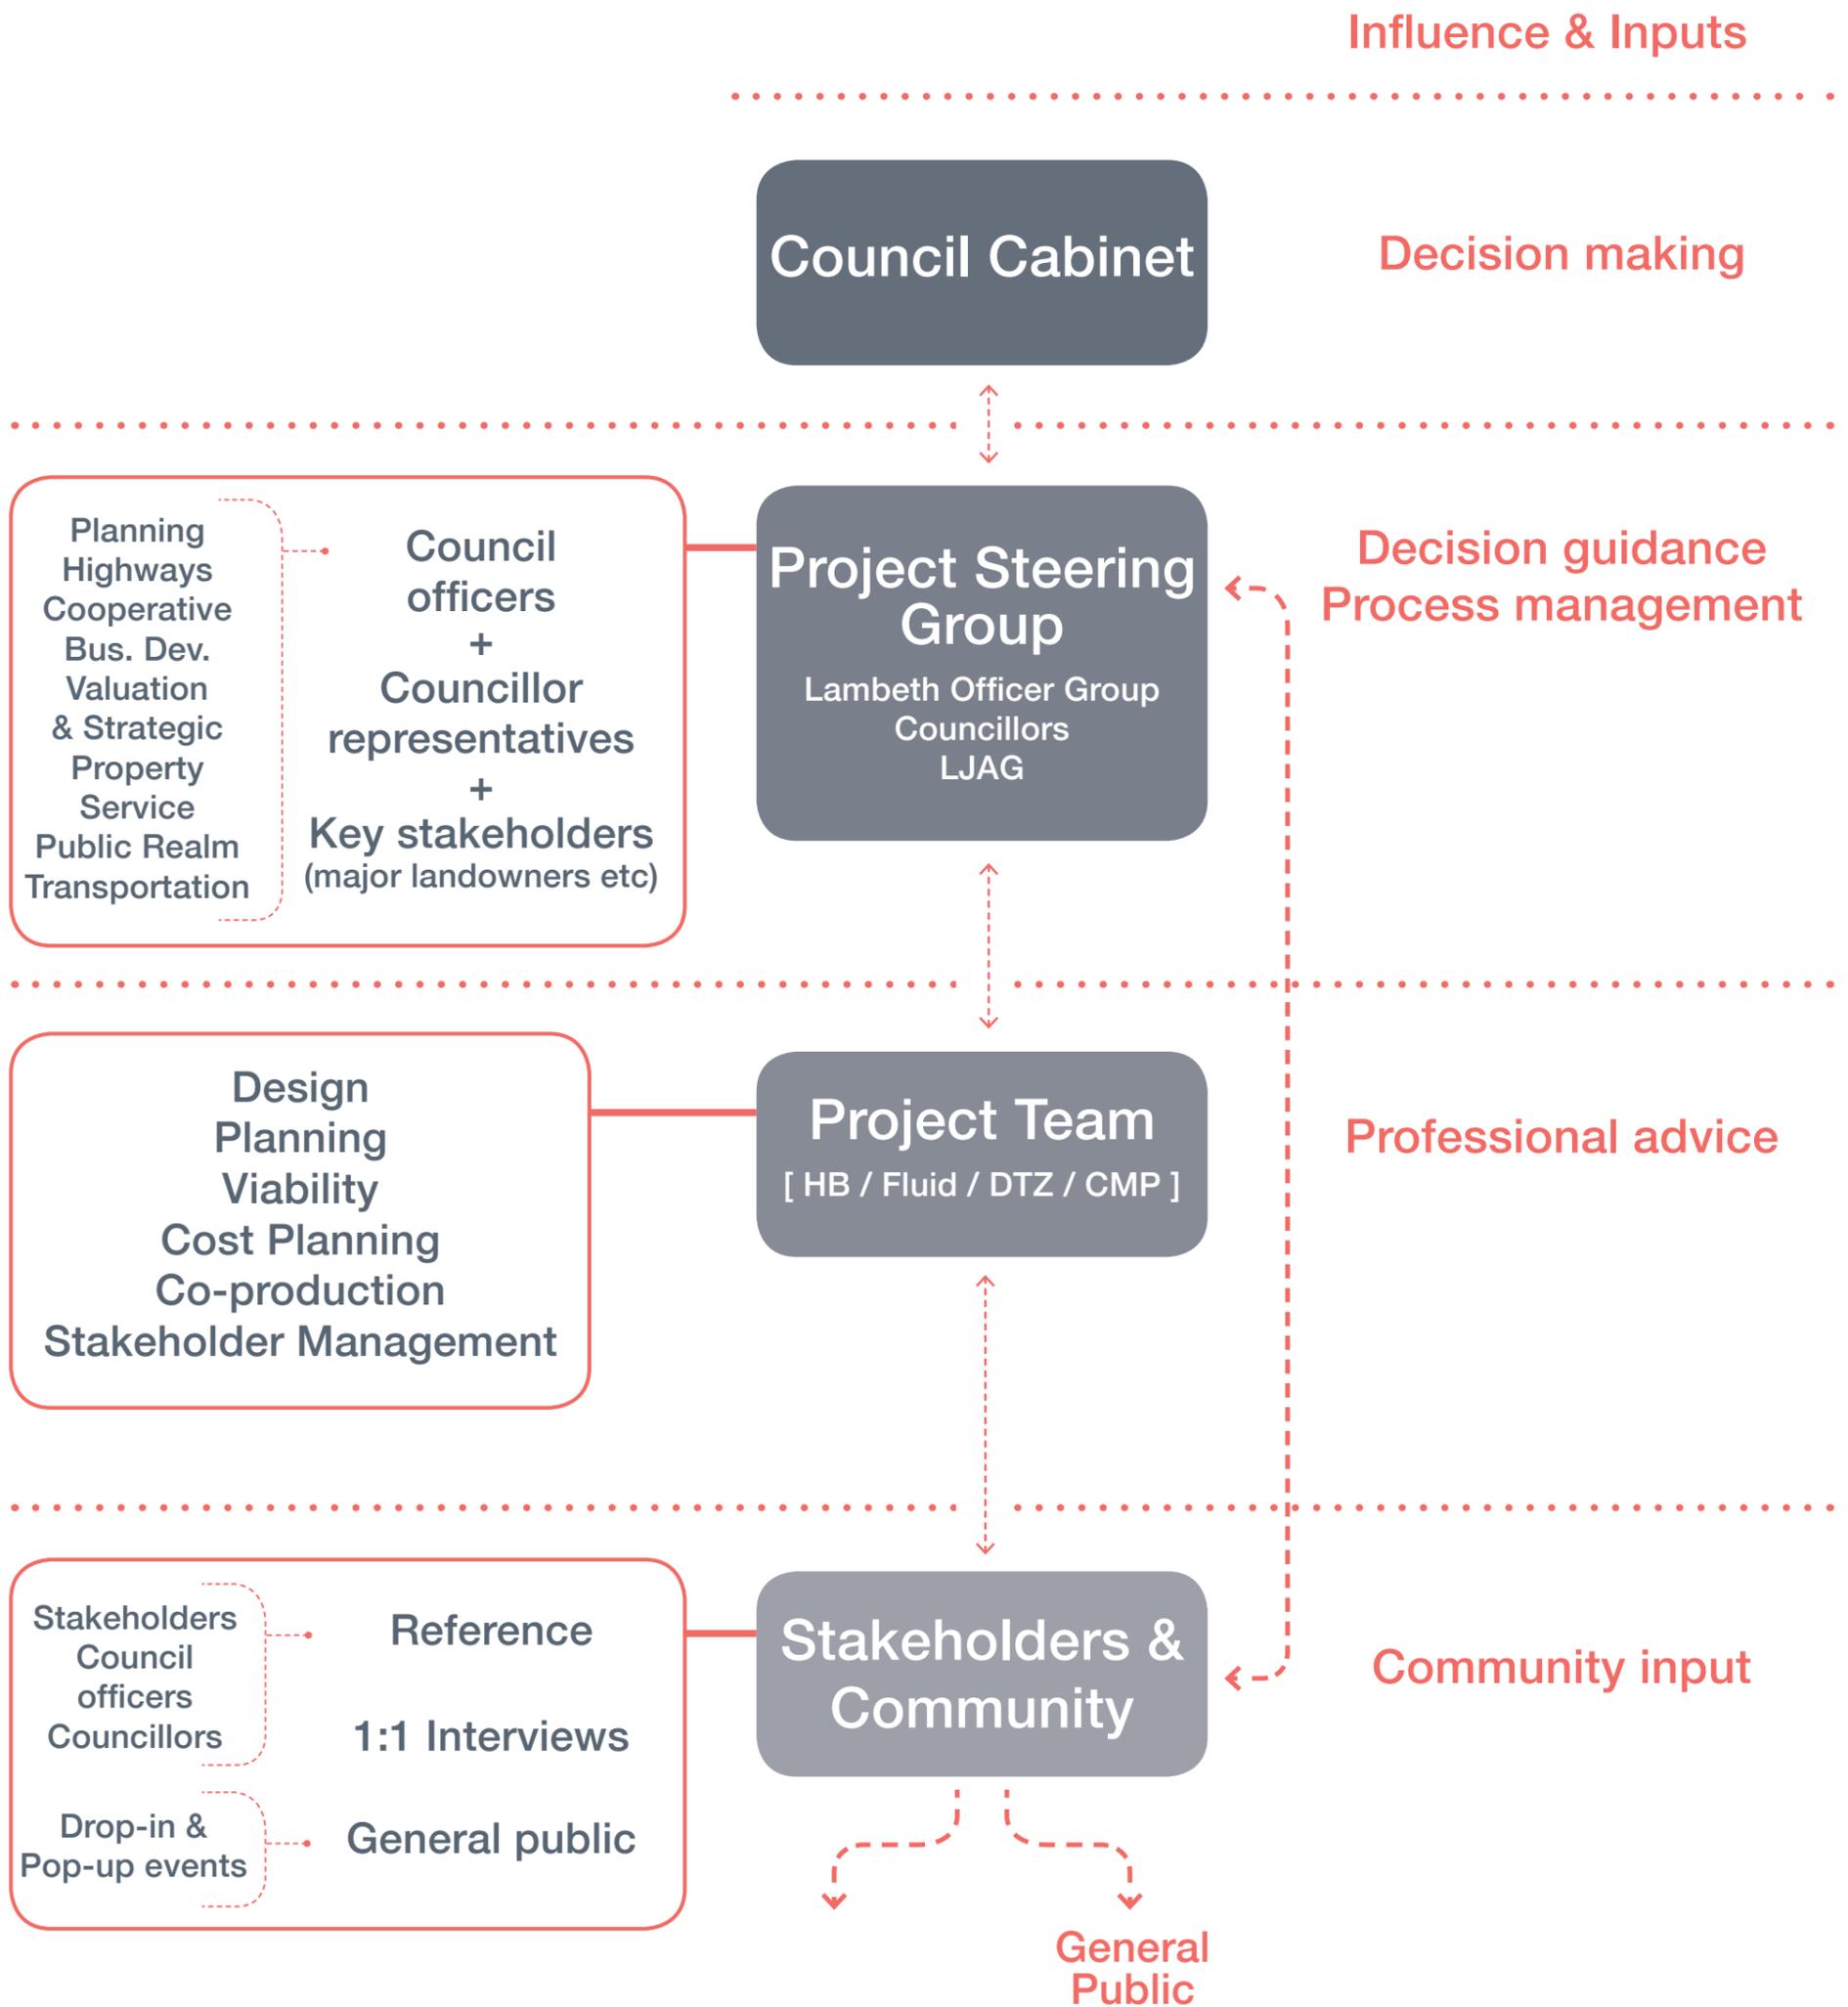

Coldharbour

- Has a young age profile and high unemployment
- Mean annual household income is 32,403 significantly lower than the London average of £46,549
- It has the highest proportion of Black Caribbean residents, and Black African residents in Lambeth. Less than a quarter of residents are White British below the London average of 43%.
- Lambeth has the second largest proportion of black Caribbean people in London (9.5%) after Lewisham (11%).
- 4.8% of residents speak an African language as their first language, 4% speak Portuguese.

Herne Hill

- Brockwell park, ensures this is the ward with the largest proportion of open space.
- There is a high number of jobs in the ward and employment per head is also high.
- Mean annual household income is £49,560
- There is a high proportion of residents with graduate level 4 qualifications.
- 12% of residents travel to work by bicycle, the highest in Lambeth.

Project Governance

Political Structure

MP for Dulwich and West Norwood

Tessa Jowell MP
Labour

The Mayor of Lambeth

Cllr Adedamola Aminu
Mayor of Lambeth

Cllr Donatus Anyanwu
Deputy Mayor

The Leader of the Council

Responsible for setting the overall political and strategic direction for the council. Manages external relations including with Government, the GLA and local and regional bodies.

Cllr Imogen Walker
Deputy Leader of the Council
(Policy)

Cllr Lib Peck
Leader of the Council

Cllr Paul McGlone
Deputy Leader of the Council
(Finance and investment)

The Cabinet

Responsible for executive decisions needed to implement the Policy Framework and budget approved by the Council.

Cabinet members communicate and advise on policy and oversee the planning committee.

Cllr Jackie Meldrum
Children and Adult
Social Care

Cllr Jenny Brathwaite
Environment and
Sustainability

Cllr Jane Pickard
