Title:	Early Years Deprivation – Sub Group feedback						
Date:	15 th Jan 2019						
Report to:	Jan-19 Schools Forum						
Report for:	Information X	Decision	х	Consultation	Action		
Author:	Kathryn Shaw / Raymoi	nd Smith					

1. Background to Item

- 1.1 The DfE published its Early Years National Funding Formula Guidance (EYNFF) in December 2016. The EYNFF determined the hourly rate to be paid to each setting for providing early years education.
- 1.2 The Lambeth Early Years Funding Formula (EYFF) has an hourly rate and two supplements: quality and deprivation. In the existing formula each child receives funding based on the Income Deprivation Affecting Child Index (IDACI) rating of the child's home address (deprivation).
- 1.3 Meeting the needs of deprived children is a key part of the Government's priority of narrowing the attainment gap between children from different socio-economic backgrounds and thus it is a mandatory requirement that there be a deprivation supplement included in the Early Years Funding Formula.
- 1.4 Within the National Funding Formula (NFF) for schools there is a deprivation element that can be distributed. The LA has the choice to use IDACI, Free School Meals (FSM) or FSM Ever 6. Lambeth currently use FSM Ever 6 in the schools block formula but are proposing to move towards the same methodology recommended for schools funding in IDACI to the EYNFF for Lambeth.
- 1.5 Every child within Lambeth EYFF generates an element of deprivation funding but moving forwards the proposal is to mirror the IDACI bands that are used in the National Funding Formula. This are set out in the table below:-

IDACI Score	IDACI band
x < 0.2	G
0.2 ≤x< 0.25	F
0.25 ≤x< 0.3	E
0.3 ≤x< 0.35	D
0.35 ≤x< 0.4	С
0.4 ≤x< 0.5	В
0.5 ≤x≤ 1	A

Note that only pupils with an IDACI score above 0.2 band G, can be assigned deprivation funding through this factor, meaning there are six bands which can be used to allocate deprivation funding.

2. Update on key points discussed by EY Sub Group

As requested by the Schools Forum the Early Years Sub Group met in December 2018 and discussed the three proposed models for future funding. In summary, these were:-

Model 1 – Removal of Band G – as per NFF:

• does not necessarily target the settings with the most deprived children in Lambeth

Model 2 – Band A-D 57% deprivation scores:

• Keeps the overall pot the same if there is an increased rate and targets 57% of the children in Lambeth.

Model 3 – Band A-C 43% deprivation scores:

• Keeps the overall pot the same if there is an increased rate and targets 43% of the children in Lambeth.

3. Recommendations / Agreement on model to follow for Deprivation 19-20

The Early Years Sub group made a unanimous decision to go with model 2:-

Model 2 - Band A-D 57% deprivation scores.

This would infer that:-

- In only targeting the top 4 deprived bands the deprivation rate could increase to £1.46 per hour from the current £1.10 per hour.
- The individual movement per provider is demonstrated in *appendix 1 Schools forum* paper REF (2)

4. Summary and Conclusion

The Early Years Sub Group recommend that Model 2 of the proposed 3 options presented is approved by the Schools Forum and applied to the 2019/2020 EYNFF.

Agenda Item 5

Title:	Dedicated Schools Grant Provisional Allocations for 2019/20						
Date:	15 th Jan 2019						
Report to:	Schools Forum						
Report for:	Information X	Decision X	Consultation	Action			
Author:	Tim Gibson						

1. Background to Item

The Dedicated Schools Grant (DSG) is a ring fenced grant of which the majority is used to fund individual school budgets. It also funds certain central services provided by the local authority as well as provision for Early Years (private and voluntary sector and maintained nurseries) and Special Educational Needs (SEN) including fees for out of borough pupils and at independent special schools.

The DSG is made up of 4 blocks:

- Schools Block (SB)
- Early Years Block (EYB)
- High Needs Block (HNB)
- Central School Services Block (CSSB)

<u>Schools Block</u> – is determined by the National Funding Formula that was introduced this year and is entirely distributed out to schools apart from a Falling Rolls Fund and Pupil Growth Fund that can be held back in agreement with the Schools Forum and also 0.5% which has been transferred to the High Needs Block (for one year only) also with the agreement of the Schools Forum. The allocation is calculated including academies and the academies share is then deducted via recoupment, with the academies then receiving their funding directly from the Education and Skills Funding Agency (ESFA).

<u>Early Years Block</u> – this block is calculated by the Early Years Funding Formula and includes funding for the free 15 hours of education for 3 and 4 year olds, Additional 15 hours for 3 and 4 year old children of working families, Free Early Education for eligible two year olds, the Early Years Pupil Premium, Maintained Nursery Schools Supplementary Funding and the Disability Access Fund (DAF). There is a requirement that 95% of the funding for 3 and 4 year olds must allocated to providers and thus only 5% of this funding can be used for other (i.e. centrally retained) purposes. The amount that is allocated via the EY's block is adjusted twice during the year as it can increase or decrease based on the actual numbers of pupils that are counted on the January census dates (the allocations that are given by the DfE are thus estimates), the second of these adjustments is only done some time after the end of the financial year.

<u>High Needs Block</u> – is now allocated by the new High Needs Block Funding Formula that was introduced this year, although a large proportion of the funding allocated via this formula is based on the amounts that were allocated previously. This funding is used to pay for education of Children with Special Educational Needs and Disabilities (SEND) and also for Alternative Provision and for services such as hospital education and for the PRU's. This is where the greatest cost pressures are, which have been caused largely by higher incidences of children with SEND, higher complexity (and thus cost) of these cases and also an increase in the age range for which LA's are responsible without a corresponding sufficient increase in the amount of funding.

2. Update on key points

2.1 The latest provisional allocations of DSG that were communicated to LA's in late December 2018 are shown below as well as a comparison of how these compare against the latest 2018 income allocations.

	July 2018 Update	Updated 2019/20 Allocations (December 2018)	Change (18/19 vs latest 19/20 allocation)	
Schools Block (Gross)	211,720,41	7 211,611,674	-108,743	-0.05%
Early Years Block (see below)	29,681,69	6 29,516,000	-165,696	-0.56%
High Needs Block	41,716,89	6 43,137,721	1,420,825	3.41%
CSSB	1,024,10	4 1,042,000	17,896	1.75%
	284,143,11	3 285,307,395	1,164,282	0.41%

- 2.2 The DfE has changed the way that the funding for growth is calculated in the funding formula and this has led to reduction of funding for Lambeth.
- 2.3 The DfE announced an additional £634k of funding for High Needs in December for 2019/20 and 2020/21, this is included in the funding allocations above.

3. Recommendations

3.1 The Schools Forum is asked to note the allocations above and also to note that the High Needs Block and Early Years will be subject to change later on in the year.

SEND High Needs Block reduction of overspend: Progress January 19. Briefing for Schools Forum January 15th 2019

Cathy Twist Director, Education and Learning.

Tim Gibson, Assistant Director, Finance

For 2018/19 SEN is projected to overspend by £4.5 million, a proposal for reduction of overspend has been developed.

Reasons for overspend:

Because of changes to the legislation under the Children and Families Act 2014 Lambeth, like other local authorities nationally, has an increasing number of children eligible for EHCPs: this will continue to lead to increased costs pressure on the high needs block. Numbers have increased by 25% since 2014. This is a result of a number of factors:

- Introduction of the extended age range (0-25) in the Children and Families Act 2014. This has led to a sharp rise in the number of EHCP request for 19-25 year olds.
- Increased expectation that an EHCP will remain in place until the age of 25
- The 2014 reforms have positively raised parental awareness and expectations making parents more proactive in pursuing an EHCP for their child
- The financial pressures faced by schools are meaning that they encourage parents or young people to apply for EHCPs more readily than previously.
- Reduction in early intervention services due to funding pressures mean that to receive support schools and families are keener to seek assessment.
- There has been an increase in the number of children and young people presenting with Autistic Spectrum Disorder (ASD) and Social, Emotional and Mental Health (SEMH0 needs in particular. This is a similar pattern as that across the county and are due in part to increasingly sophisticated neurodevelopmental diagnoses.
- Advances in paediatric care for babies and children with complex conditions means more children are presenting with needs.

	Savings Area	Saving for 19/20	Update	Issues / Risks
1.	Phase 2: Reshaping of Outreach Services (Sensory, ASD, Behaviour)	£315k	Business case being developed- in place April 19 This reconfigured outreach provision will be embedded in the LA SEN/ Inclusion team. This will ensure that the recommendations around provision are closely matched to resources available. A more coherent outreach structure will allow policy, practice and resources to be closely aligned. Other outreach services will also be configured to be part of the LA SEN outreach services. This will include behaviour and ASD outreach. The service will focus on training and supporting staff	Clear explanation to external stakeholders. Restructuring costs will need to be met by the High Needs Budget. Reducing established outreach services may mean that SEND children receive less support at an Early Stage meaning that additional more expensive support may be needed at a later date. EHCPs may become more costly for this cohort of children
2.	Line by line budget analysis reduction	£370k	Savings met. Work was undertaken identifying cases that were jointly funded but forecast as fully funded by SEND	
3.	SEN Management – Restructure of Service	£300k	Business case being developed: In place April 2019 Restructure within the SEN Team to manage the rising numbers of EHCPs and the growing 16-25 group of young people staying in education. Team will be reconfigured.	Restructuring costs
4.	Agree repurposing of SEN disproportionate EHC Plan budget with schools forum	£500k (+ possible a further £500k on reduction in EHCPs)	Consultation with schools is planned for early 2019. The proposal is that the current £1.5m from HNB and allocated to schools that have a 'disproportionate' number of children with EHCPs will be reconfigured as follows: -£500k for those schools with proportionately higher numbers of pupils with EHCPs -£500k savings -£500k 'inclusion' fund to encourage schools to either : 1. work collectively in their clusters to nominate lead Cluster SENCo working to a Borough SENCo that focus on agreeing criteria for SEN Support and having opportunity to bid for Inclusion Fund – time limited interventions	May be unpopular with schools that currently benefit from current system. May be creating another income stream for schools instead of replacing one. Actions may not reduce number of EHCPs in long term

	Savings Area	Saving for 19/20	Update	Issues / Risks
			 2. Allocate a share to each Cluster proportionately to focus on local SEND needs that will reduce need for EHCPs 3. keep the £500k in disproportionate fund Brief of Option 1 would be to ensure consistency in SEN Support across schools for parents and to have access to up to £900 for fixed term 'reasonable adjustments' for pupils to intervene early and avoid EHCPs 	
5.	Reduce number of out of borough placements by increasing capacity in borough and thus reduce costs by up to Elm Green SEMH RB PLT – SEMH RB Vanguard ASD free school	£500k	Elm Green SEMH RB is being built, they have already taken 3 young people. Will take 30 PLT – SEMH RB x 2– Young people have been identified for the base once open- will take 32 Vanguard is set to open in Jan 2020 – discussion re underway regarding the placement of young people- will cater for 78 These places will increase capacity which is needed, reduce need for long distance travel and therefore reduce costs on transport and will reduce costs per pupil by between £0-£25k approximately and dependent on individual need.	Resource Bases will only increase capacity over time. This budget reduction will therefore continue to be challenging to meet. Vanguard, sponsored by NAS is a 'free' school – so Lambeth does not control school charges and costs Possible delays to the Vanguard ASD Free school, due to open Jan 2020. 25% increase in pupils with EHC may mean that we are only supporting current need rather than increasing capacity.
6.	Post 16/19 reduction in costs	£500k	This is a very challenging area, with an increase in 25% on EHCPs for this age group managed by Lambeth. There can be no assumption that all EHCPs continue beyond 16 but families often expect them to. Further guidance will be forthcoming form DfE as this is a national concern. The Children and Families Act 2014 ensured that young people who needed them could be eligible for continuing support via their Education, Health and Care Plan until their 25 th birthday without increasing the funding available to LAs.	Increasing numbers of young people in post 16 and post 19 education settings requiring support. A full range of support and pathways are considered including alternative placements such as colleges, supported work placements, internships.

	Savings Area	Saving for 19/20	Update	Issues / Risks
			All pupils have a full review at age 16 and then again at age 18 to ensure that their needs are met in the most appropriate and cost effective way.	
7.	Reduce Early Years EHC Plans – with use of Early Years Inclusion fund	£250k	government and can be used by early years settings to support	Parents could still fight for the right for an assessment for an EHCP. This could result in an increased in Tribunal Costs
		·		
	Total	£2.735m (+ further £500k EHCPs costs)	Expected savings for 2019/20	

Savings Area	Saving for 19/20	Update	Issues / Risks
£4.5m overspend – £2.6m savings = £1.9m	£1.9 - <mark>0.634</mark> = £1,266m	Govt has given <u>an additional £634k for 2019/20</u> which will reduce overspend by a small amount	Currently we are looking to £1,266m overspend in 2020/21 - however, this is assuming demand does not continue to rise and that we can make the savings in 19/20 as planned.

Appendix 1: this illustrates what the impact would have been in 2018/19 if these was a lower amount of funding available in the Disproportionate SEN Funding budget and wih a threshold of 2 5% being angliad

of 3.5% being applied

Title:	Education Functions and De-Delegation for 2019/20				
Date:	15 th Jan 2019				
Report to:	Schools Forum				
Report for:	Information	Decision	Х	Consultation	Action
Author:	Tim Gibson				

1. Background to Item

- 1.1 There are currently three amounts that are deducted from schools budget shares in line with previous decisions that have been taken by the Schools Forum, these are:
 - Vulnerable Schools Fund
 - Trade Union Duties
 - Education Functions

The Schools Forum has agreed not to deduction for the Vulnerable Schools Fund in 2019/20.

The recommendations for Trade Union Duties and for Education Functions for 2019/20 are unchanged from that agreed to for 2018/19.

2. Details

- 2.1 <u>Trade Union Duties</u>: This is used to compensate those maintained schools that have trade union representatives in their staff in order to release these staff members for an agreed period of time in order to attend to trade union duties that they carry out on behalf of all maintained schools.
- 2.2 <u>Education Functions</u>: This is used to pay for certain specific functions that the local authority continues to undertake on behalf of maintained schools. The list of these functions is set out in the Schools Funding Operational Guidance that is published by the DfE and is included at appendix 1. The amount of funding that schools contribute to these functions does not cover the full cost of these activities and there is thus a level of inherent subsidy that is being provided by the LA. Prior to 2017/18 these functions were paid for by a grant from the DfE known as the Education Services Grant and since this grant ceased, the various elements that were covered by the grant are now subject to different funding arrangements with these functions that relate to maintained schools falling under this arrangement.

3. Recommendations

- 3.1 The Schools Forum (Maintained School Representatives only) is asked to agree to de-delegate £4.50 per pupil to cover the cost of trade union representatives.
- 3.2 The Schools Forum (Maintained School Representatives only) is asked to agree to continue to de-delegate £20.50 per pupil for Education Functions for maintained schools that were previously covered by the Education Services Grant.
- 3.3 Both of these proposals are identical to the arrangements that were in place in 2018/19.

Appendix 1

Education Functions - This pays for services that the LA is expected to provide for maintained schools only and includes services that were previously paid for directly by the DfE as part of the Education Services Grant. In 2017/18 the ESG ceased and those services that are for maintained schools now have to be paid for by this method. A full list of services that can be covered in this way is shown below (this has been extracted from *Schools Revenue funding 2018 to 2019 Operational Guide* which is published by the DfE). Where services have to be provided to both maintained schools and to academies different funding arrangements apply – a list of these services can also be found in the Guide.
